State Board of Health Will Meet in Salem Tomorrow to Take Definite Steps to Milk.

Plans for administering the tuberoulin test to Oregon dairy cows will be put in definite form when the state wound of health begins its annual session in Salem tomorrow.

Using data prepared by Dr. Robert Yenney, state health officer, the ward will determine how many it will e necessary to ask the government to mrnish for the tests. It is practically assured, however, that all the \$10,000 repriation of federal money, which S. W. McClure, head of the dairy partment of the bureau of animal inthe vicinity of Portland will be asked for. Dr. E. A. Pierce, Dr. An-frew C. Smith and Dr. Yenney, local members of the state health board, have in the power of the board to ford the sale of milk from cows diseased the tuberculosis. They consider it teir duty to protect the health of the tople and to rule now and district the first tople and to cople and to rule now and finally mainst the use or sale of tubercular lik. Dr. iPerce and his associates conider milk from animals thus diseased no better than poison.

No Milk From Diseased Cows. ordingly, a ruling has been preared and its passage anticipated forng from the time of the announced ion of the tuberculin test, or July 1, 1910, the sale or use of milk from consumption. At the same It is understood that most of the re ready to use their influence as in-lyiduals and as an organization to oblegislation which will prevent unhardship being imposed upon the ser of stock, while at the same time oviding for the best possible means eradicating disease. An additional g anticipated on the part of the state board of health is in regard to substary dairy barns and dairy equip-This ruling will be strictly in sony with the big posters which came recently from the state printer and which Dr. Yenney is having dis-tributed among the dairymen of the

Want Dirt Free Barns. health board has no jurisdiction the cleanliness of the dairies oththan is expressed in recommendations. These recommendations they have made in large number, believing that it will not be possible to have herds free from disease in barns t are not free of dirt, and that, furrmore, it will not be possible ce milk the purity of which the ard can certify to unless the dairy appear is clean, modern, and kept

"Farmers' Hall of Fame" -Others Honored.

Urbana, Ill., Dec. 15 .- The memory of the agricultural industry in all civilized lands, was honored at the University of Illinois today in the unveiling of a portrait of the inventor in the new memorial hall of the college of agriculture. The partrait is the first of a number that are to be placed in the so-called "dail of Fame," which is de-Prohibit Sale of Diseased signed to perpetuate the names of men famous in the world of agriculture. Four names have been chosen for this honor, but only the ploture of Mr. Mc-Cornick was hung at the dedicatory exercises today. The other names are those of James N. Brown, the first president of the Illinois state board of agriculture; Isaao Funk, one of the most successful of the pioneer farmers, and Professor Jonathan B. Turner, the originator of the idea of a national sysem of land grant colleges to include the then new subjects of agriculture and mechanic arts. Address by Governor Densen.

Interesting exercises attended the unveiling of the McCormick portrait. Governor Deneen was one of the principal participants and among the others who delivered addresses were Lawrence W. Noyes, president of the Illinois Manpromised for the making of F. Mills, former secretary of the Illinois state board of agriculture; Pro-fessor Eugene Davenport, dean of the college of agriculture, and Edmund J. James, president of the University of Illinois. The portrait was unveiled by

> The time for placing the McCormick portrait in the "Hall of Fame" was appropriately chosen, as the present ear marks the centennial of the birth of the celebrated inventor. The life of Cyrus Hall McCormick was a career of plucky energy and of signal success. He was the son of a Virginia farmer who had himself spent & large part of an active life in his endeavors to make a

machine to do the work of the sickle and the cradle, but he had failed. The son took the task as an inheritance. succeeded not only in perfecting unbers of the board are heartly in the reaper, but in arrangement for the vor of the state recompensing the construction and sale of the machines. wher of a cow which is killed because His capacity for business was not in-ound affected with tuberculosis, and ferior to his inventive faculty. He built up at Chicago one of the greatest manufacturing establishments of the

> Fahrenheit, or less, if possible, until delivered to the customer.' Standard For Certificate.

Milk reaching the standard thus given is capable of certification by the state board of health. Many local dairymen are making such radical improvements in their dairies that it is expected a number of them will, upon examination, make the grade of 85 points out of a possible 100, which is necessary for the certificate and the business prestige which attaches to it. Dr. Yenney stated this morning that local members of the state board of health will leave for Salem tomorrow morning. An adjourned meeting will be held at once in Portland, this in accordance with the usual custom. Dr. S. W. McClure of of the Medford Mail-Tribune, wherein the control of the Medford Mail-Tribune.

careful about colds and coughs that affect their children. It is not only dangerous but absolutely cruel to experiment on little ones with unsafe and untried remedies. The baby as well as the older brother and

sister should be given a safe and reliable remedy. Dr. Bull's Cough Syrup is such. A record of cures prove it. There is no danger to the child from its use.

danger to the child from its use.
Simply give it as directed and
it will afford, first, quick relief; second, speedy
riddance of the cold and cough. Children like it because so pleasant to the taste, and mothers praise it because so prompt and effective. Homes that have this remedy handy, suffer no terrors.

Health and Happiness shared by Child and Flother.

Chicago, Ill.—Mrs. J. H. Brenstein, 188 N. Marshfield Ava., writes: "I use Ir. Bull's Cough Syrup mainly for the baby's cough and cold. He had several colds this winter and the syrup cured him each time. I have also used it for myself for a core threat, cough, and cold in the head, and found relief. I came to know Dr. Bull's Cough. Syrup with I was small, and mother used it for our colds and coughe; so you see I must be satisfied with it.

MOTHERS, if you or one of the children have a cold or cough, bearseness, bronchitis, croup, whooping-cough, grippe, etc., first test that trust-worthy remedy, Dr. Bull's Cough Syrup, before

you spend any of your money.

We want you to have alsolute confidence in it before you buy a bottle. Write today for the FREE TRIAL BOTTLE

Inventor of the Reaper in E. F. Lawrence, Local Archi- Court Holds Devlin Inno- Portland Business Houses tect, Will Help to Make It.

E. F. Lawrence, architect from the Cyrus Hall McCormick, whose invention firm of MacNaughton, Raymond & Law-of the resping machine revolutionized rence, is the fifteenth member of the executive committee of the Portland Civic Improvement league, Every archiectural firm in Portland was repreented at the meeting of the Architects' club last night, when Mr, Lawrence's appointment was made. Fifty meni-bers were present and the enthusiasm of the session was typical of the manner in which city practical plans of the civic league were approved.

Dr. J. R. Wetherbee and Park Superintendent Mische were the speakers of the evening. They talked city improvement according to system. Dr. Wether-bee dilated on the practical advantages of the city beautiful; Superintendent Mische on the beauty of the city prac-

It was the sense of the meeting, representing as it did all the architectural interests of the city, that the employ-ment of Burnham & Bennett, Chicago nunicipal architects, is exceedingly fit ting and proper. The assumance that local firms will be utilized in the work whenever possible, was also received with favor. It was presented before the architectural club that Burnham & Bennett will be the agents for the sup-ply of a large plan to make Portland the city practical and the city beautiful of the west. This plan, which will deal with the location of parks, boulevards, civic center, traffic arteries, city drainage, and, not least, harbor improvement, will be published and used as a guide in all future improvements. A long time will be required for the work. In fact it will probably never until the city's growth stops. granddaughter of John D. Rockefeller. Meantime, nothing unnecessary will be done, and an improvement once made

will be permanent and adequate to the needs of the city's largest expansion. Members of the Architects' club, in confirming Mr. Lawrence's appointment as a member of the executive committee of the civic league, expressly stipu-lated that Mr. Lewrence should receive his instruction, acting in the capacity named, only from the Architects' club as a whole, so that any suggestion of a governorship over his actions exercised by any one firm, might be pre-

The final act of the club was to adopt a motion recommending the competitive scheme for the submission of plans for the new Jefferson High chool. The motion included the wish of the architects that completion of the plans for the new West Side High school be delayed until the city practical plans have been completed, thus making the school one of the first institutions to fit into the preparations and practical construction work Greater Portland.

best box of Yellow Newtown Pippin apples from Jackson county, Oregon; \$25 for the best box of Spitzenberg apples from Jackson county, Oregon. Cash prizes were offered because it

was thought they would be more ac-ceptable to some people than silver cups, but so far as I know, no entries were made from Jackson county, for either of these prizes or for any of the others that were open for general competition, except that the Burrell Orchard company entered a box of Comice pears, which happened to be in Portland, and won a handsome silver cup, although the pears were scarcely up to the orehard run in quality; nevertheless, they attracted considerable attention, as many people had never before seen a Comice

Instead of finding fault with the Instead of finding fault with the Oregon State Horticultural society, the fruit growers of the Rogue river valley; should bestir themselves and appoint some one, or a committee, to secure fruit for the annual exhibitions of this society at Portland, also places on the program' for the speakers from said valley, as the meetings of the society offer a legitimate and excellent means for advertising Medford and the country tributary to it.

try tributary to it.

Portland is the ensist field to work in, to secure people and money for Medford and vicinity, as it is close by and the advantage should be taken of every opportunity that occurs there, or elsewhere, to advartise the wonderful productiveness of the Rogue river value.

Yours truly Yours truly, W. F. BURRELL.

TO RAISE FUNDS FOR PANAMA-PACIFIC FAIR

San Francisco, Dec. 15.—With the appointment of a committee of 150 citiens to serve as an executive body, the preliminary organization to secure funds for the Panama-Pacific exposition, proposed for San Francisco in 1915, is completed. At a meeting of the promoters of the exposition last svening the names of the men who will be asked to serve as a committee of be asked to serve as a committee of ways and means were proposed and the actual work of planning for the

the actual work of planning for the big fair will begin immediately. It is believed that one of the first steps the committee will take will be a campaign for a guarantee fund, to be ambacribed by social merchants, upon which their future work may be bessed. A communication received from Congressman Julius Kahn stated that a request for a generous congressional appropriation had already been made, and that Californians now at Wahington had alguithed their willingness to give financial assistance to the project.

cent of Any Wrongdoing.

The suit of the Bank of Drain against Thomas C. Deviln personally nd as receiver of the Oregon Trust & Savings bank for \$759 damages sustained in the search for \$9800 worth of Tacoma Home Telephone bands and \$4900 worth of stock reported by Devlin as lost or stolen, was thrown out of the circuit court yesterday, when a demurrer to the complaint was sus-

tained by Presiding Judge Bronaugh.
The bonds and stock had been deposited with the Oregon Trust & Savings Bank by the Bank of Drain and could not be found when called for. The Drain people started a warm trail and the missing securities were finally discovered where they were said to have been mislaid. Judge Bronnugh held that Devlin was not liable personally and as receiver he was a gratuitous ballee, liable only for gross negligence, which was not charged in the com-

SKULL IS CRUSHED; LIVES TO TESTIFY

Baker City, Or., Dec. 15.—J. J. Burns of Copperfield was yesterday placed on of Copperfield was yesterday placed on trial in the circuit court for assault. So sovere was the beating he gave his victim. Page Hawley, that for several days Hawley's life was despaired of. Hawley rode into Copperfield and after becoming intoxicated sold his horse to a gambler, who in turn sold it to Burns, who ran the livery stable. The next morning Hawley, who had no recollection of selling his horse, secured his

animal and started home. Burns at his partner, Charles Spratt, gave chas and soon overtook Hawley. It is all leged that they beat him over the head with the butt of revolvers, fracturing the skull near the base of the brain and the skull near the base of the brain and over the right temple. They also broke his jaw bone, it is said, and placed his hands on rocks and mashed them with their guns. They brought Hawley back with his feet tied under the horse, his hands tied to the rear of the saddle and a rope fastened from his, neck to the horn of the saddle.

Hawley was brought to this city and
