Our records of owners of E-M-F "30" Cars are not complete-we lack names and addresses of several hundred owners, and in many cases where cars have changed hands we haven't the address of the new owner.

As long as there is an E-M-F nameplate on the car we consider it ours and our duty to extend every courtesy and attention to its owner.

We guarantee every car, no matter by whom sold, and always stand back of the guarantee.

During the past few weeks, for well-known reasons, some owners, we are informed, have not received prompt service. We want to hear from all such.

Also we would like to hear from every one of the 10,000 owners of E-M-F Cars, if only to be sure we have your correct name, address and number of your car for our files.

Olmsted Park

It's "genuine view" property. It's the "Portland Heights" of the East Side.

It's 260 feet above the city. Its view is grandly magnificent. Every lot in the tract is sightly. Wide boulevards and beautiful parking strips form the uniform setting for a class of homes as beautiful as money can build.

Olmsted's lots are low in price -lower than surrounding property.

Solomon Wins Great Game.

Playing brilliantly all through his match with Ingram, Henry Solomon won the three cushion billiard exhibition last night. Only once before in his long career has Solly played bet-ter. The score was 59 to 32, although Solomon in completing a run of five really made 52 to Ingram's 32 in the 69 innings. Ingram played splendidly and received high praise from the winner. Solly made a run of five and two of four, while Ingram made four runs of three.

Phil Cooney Ensnared.

According to Manager Walter Mc-Credie of the Portland team, Phil Coo-ney, who escaped him, has accepted terms with Cleveland, which virtually means that Cooney will come back to Portland. This was an adroit move on McCredie's part. He will send Cooney to the Northwestern league.

TREAT MEN No class of human aliments is so little un derstood among the profession today as the

ailments peculiar to men. As a result, the methods commonly employed in treating them are but relics of earlier periods in medical science. I have departed from every form of treatment that my own experience and research have proven ineffective and unscientific. I have replaced them with original and thoroughly modern methods that have proven supremely effective. Every detail of my procedure in each individual case is based upon accurate knowledge as to conditions and requirements, and my cures are duplicated by no other physician or specialist.
