Twohy Brothers Complete Important Contract on Eastern Oregon Line; Sixteen Sidings Put In.

(Special Dispatch to The Journal.) La Grande, Or., Jan. 17.—What has really been a stupendous task in the way of railroad improvement will be completed this week when Twohy Brothers pull off their forces now cen-tered at North Powder, where the sixteenth and last long siding is being completed. These sidings are scattered along a section of the Oregon Railroad & Navigation line between a point just didly acted by a superb company. Matieast of Pendleton and a point just east of Baker City.

Every siding is on the right of way of the main line going westward. Offi-cials claim it is to facilitate passing of trains and to expedite transportation, but it is common gossip that the sidings, being of more than ordinary length, the nucleus for another main line track, a double track. This has been freely rumored as a coming move by the

MILLION DOLLAR BRIDE GETS DIVORCE AT RENO

(United Press Leased Wire.) Reno, Nev., Jan. 18.—From a "million dollar dinner bride" to a money-straitened divorces who today is happy in spite of her troubles, is the jump made by Mrs. Evelyn Hunter Donaldson, niece of Charles Whitney Payne and cousin of Mrs. Hart McKee, formerly Mrs.

LABOR CONVENTION BOOSTS FOR SUFFRAGE

(United Press Leased Wire.)
Monterey, Cal., Jan. 18.—Organized
labor's friendly attitude toward woman suffrage was demonstrated when Maud Younger, treasurer of the waltresses' union of San Francisco, offered a resolution at the opening session of the annual convention of the state building trades council indorsing the ballot for women. In an address to the conven-tion, Miss Younger appealed for the ballot for women on the ground that it is an economic necessity, declaring that equal suffrage is an issue in which class is aligned against class, not sex against sex. The approval of the delegates was manifested by the enthusiastic demonstration which followed the reading of the resolution. P. H. McCarthy, mayor of San Fran-

cisco and president of the state council, in his speech to the delegates was warmly enthusiastic over assurances that have been given by organized bodies of working women that in the event they were given the franchise, their votes would be cast with those of the forces of organized labor. Max Licht, international president of

the retail clerks' union, advocated the organization of women workers.

SLADE SAYS MACHINISTS WILL NOT GO ON STRIKE

(Enited Press Leased Wire.)
Minneapolis, Jan. 18.—Third Vice
President Slade of the Northern Pacific today completed a poll of the machinists in the employ of the company, and announced that 90 per cent of them would refuse to strike in sympathy with the switchmen, even if ordered out by their national organization.

President Van Lear of the northwest district of the machinists' organization puts little faith in the attitude of the men as shown by Slade's poll. He declared today that an order to strike would be heeded immediately.

(Special Dispatch to The Journal.)
La Grande, Jan. 18.—The professional baseball germ is abroad in eastern Oregon, Idaho and Washington, Jack O'Brien, who organized a league here two years ago, carrying on his payroll many men who are now well up in baseball, including Fournier, Lodell and others well known in Oregon, is at Walla Walla trying to perfect the organization of a league to comprise Walla Walla, Pendleton, La Grande, Baker City, Nampa, Boise and probably Caldwell. He is having a hard time of it to get things started.

Walla Walla is trying for a place in the northwest league and is reticent in dabbling with lesser ball. La Grande does not like class C ball as it comes high to a small city, while O'Brien is anxious to have that grade established. Class D is what the ordinary fan and

ardent supporter here is craving for. That there will be organized baseball in eastern Oregon is a cinch for the fans are thoroughly disgusted with the results of a Fourth of July amateur organization last year. Within a month the league will be completed and as La Grande is the pivot, geographically, of any organization of its kind, this place will undoubtedly be represented.

Seattle Judge Holds If Couple Purchases Controlling Interest in Night and Day Institution on the Quiet.

> York, Jan. 18.-It is learned New today that Mrs. E. H. Harriman, the widow of the late railroad wisard has acquired a controlling interest in the Night and Day bank here and that she will interest herself in the conduct of its affairs. She is probably the first woman in this city to own a financial institution.

When Harriman died he left her s oig share of the bank's stock. Without exciting the market Mrs. Harriman sucreeded in purchasing enough additional shares to give her the controlling interest. It is not known where she secured the stock, but it is believed she bought it at private sales, as the market quotation has remained practically sta-

ionary around 225. It is said that the stories of Mrs. Harriman's laborious supervision of the details of the tremendous business left her by Harriman have been exaggerated. Her friends declare she does not spend one-half as much time in her office as has been reported.

A Piano Proposition THAT MEANS MONEY TO YOU

Owing to the fact that a large number could not take advantage of our special inducement last week and have expressed a desire to do so, and in order to give others one more chance, we have concluded to continue our proposition this week, which means an actual saving of \$50 to \$100, according to style and make, besides our extra special inducement. Mrs. Appleton, of Deer Island, who came to the city last week to purchase a piano, and who, by the way, is quite a musician, said she visited all the plano stores and found nothing that would compare with ours for the money, and bought of us. Others said and did the same. We believed we were doing better than anyone else and said so, and naturally were gratified when customers, after investigating other places, came back and bought of us. If you need a plano bring in the following coupon this week, and if you do not find conditions as represented you are under no obligation whatever to buy. Our absolute guarantee goes with every plane.
