

PILOT SLIPS ON ICE AND NEARLY GOES OVERBOARD

Rail of Steamer Northland Saves Pilot Joe Allen From Plunge Into icy Waters of Columbia.

While bringing the steam schooner Northland up from Astoria last night, Pilot Joe Allen had a narrow escape from going overboard into the icy waters of the Columbia river, because the roughness of the Tillamook bar prevented her entering that harbor.

On the way up the river quite a lot of rain fell, and as soon as it stopped the temperature fell and ice formed on the vessel wherever the water was not able to run off.

Officers of the Northland report that she had fair weather on her trip up as far as Cape Blanco, where a southeaster struck her Monday afternoon, and had it not been for the fact that she was running ahead of it, she would have had a hard time making any progress, as they say that the wind blew at the rate of about 70 miles an hour, and every once in a while a large comb would break over her stern.

WILL TAKE FIR TO ORIENT.

Falls of Orchy on Way for Cargo of Lumber for China.

For full cargo of Oregon fir, the British bark Orchy is to be chartered to arrive here about Saturday, and will load for Shanghai. The tramp sailed from San Francisco last night for this port and she will probably go to the Eastern & Western Lumber company's mill, where she will take on about \$500,000 feet of fir for the orient. She is under charter to Comyn, Napkall & Co., successors to Bowring & Co. of San Francisco.

BELEN ON WAY UP.

Has 1000 Tons Coal for Pacific Coast Coal Company.

The French bark Belen is on her way up the river from Astoria in tow of the tug of Portland towboat Oklaonoma. She will come to the Pacific Coast coal bunkers, where she will discharge 1000 tons of coal, brought here from Newcastle.

LEGOURE LOSES MASTS.

French Bark on Way With Cement Meets Rough Weather.

A wireless message was received this morning by way of the United Wireless from the Associated Oil company's steamer Asson, which states that the French bark Ernest Legouere is off the Columbia river in tow of her main tug, and that her masts are still standing, but damaged.

ALONG THE WATERFRONT.

At 11 o'clock this morning the French bark Jean Bart finished loading a cargo of wheat at the North Bank dock. She is under charter to the Portland Flouring Mills company and will take out about 112,500 bushels of wheat to the United Kingdom.

The steamer Jessie Harkins has returned to her run on the river to Washington. She took the place of the Vancouver ferryboat which was in the water.

To finish her cargo of lumber, the British bark Gulf Stream was shifted from the Standard Box & Lumber company's mill to the Inman-Poulsen mill yesterday afternoon.

With passengers and freight, the steamer Crook Bay is due to sail tonight for Coos Bay.

The French bark Sully will be shifted today from the North Bank dock to the elevator dock.

The British bark Altair and the British ship Manx King will be shifted today from their present berths to the public levee at the foot of Jefferson street.

The steam schooner F. S. Loop has shifted from the Oak street dock to the Inman-Poulsen mills where she will load lumber for San Francisco.

For a cargo of lumber for California ports, the steam schooner Bowdoin arrived at the Eastern & Western mills last night.

F. C. Harper, collector of the port at Port Townsend, has been in the city for a day or two visiting friends. He will probably return home tonight or tomorrow.

Because of the bad weather lately the public levee at the foot of Jefferson street.

WHISKEY FOR LAME BACK

MARINE NOTES.

San Francisco, Jan. 19.—Arrived at 5 a. m., steamer Yosemite, from Columbia river. Sailed at 8 a. m., schooner Mabel Galt, for Columbia river.

Politics and Politicians

The three states to elect United States senators this winter are Mississippi, Maryland and Virginia.

The indications are that the South Carolina legislature now in session will vote to reject the income tax amendment.

The revision of the charter of Greater New York is to be the most important work before the New York state legislature this winter.

J. A. Buchanan, a wealthy ranch owner and politician of North Dakota, announces that he will be a candidate for the Republican nomination for governor this year.

The field of candidates for the seat of United States Senator Tallferro of Florida has been limited by the withdrawal of W. A. Blount of Pensacola from the race.

In Wisconsin there are four aspirants for the gubernatorial nomination on the La Follette slate and all efforts to induce any of them to withdraw from the race have so far proved futile.

Many close political observers in Washington are of the opinion that if William Gaynor makes good as mayor of New York he is certain to become a strong possibility for the Democratic presidential nomination in 1912.

William Pallister Hubbard, Republican representative in congress from the first West Virginia district, has officially announced his candidacy for the seat of Nathan B. Scott in the United States senate. Senator Scott's term will expire in March, 1911.

A special election is to be held in the Sixth Missouri district this month to fill the vacancy caused by the death of Congressman De Armond. C. C. Dickinson, a member of the Missouri senate, is the Democratic candidate and the Republican nominee will be Philip S. E. Griffith, a young newspaper editor of Greenfield.

M. R. Preston, who was the Socialist candidate for president of the United States in 1908 and who at the time was confined in a Nevada jail under sentence of 30 years for murder, has sent to the state board of pardons of Nevada an application for a pardon. Preston was convicted of murder at Goldfield in 1907.

Striking contrasts are now being made between the Democratic status of Chairman William J. Conners of the Democratic state committee of New York and Charles F. Murphy, the leader of Tammany Hall. Conners won his Buffalo city ticket by the election of a mayor, Josiah A. Slosser, and Murphy shared the same fate in New York City. In both cases the Republicans or anti-Conners men and anti-Murphy men are in control.

In Oklahoma the woman suffragists are waging an active campaign for a constitutional amendment giving them the right to vote. Petitions are being circulated throughout the state, asking an initiative election, and 60,000 signatures have already been secured. Among the signers are said to be many state officials and prominent business and professional men, together with a number of leaders of both the Democratic and Republican parties.

John W. Kern, Democratic candidate for vice president in 1908, has accepted an invitation to speak at the Democratic banquet in Grand Rapids, Mich., on January 8.

When the Republicans of Kansas choose their state ticket next summer there probably will be no opposition to the renomination of Governor Walter R. Stubbs.

Colonel James Gordon, the new member from Mississippi, takes rank among the oldest members of the United States senate in point of years. He has just turned his seventy-sixth year.

Harry M. Daugherty, who for many years has been a prominent figure in Ohio politics, has announced himself a

candidate for United States senator to succeed Senator Dick.

Roger M. Andrews, editor of the Memphian Herald-Leader, is out for the Republican nomination for congress in the Twelfth Michigan district, which is now represented by H. Olin Young.

Owing to the large number of votes cast in the last state election the next Democratic state convention in Indiana will be the largest ever held by that party. It will consist of no less than 1700 delegates.

Democrats of California are to hold a big rally and banquet in San Francisco on January 8. While the ostensible purpose of the gathering is to celebrate "Jackson day," it is expected that the conference will make great progress toward the selection of the next gubernatorial nominee.

William R. Hearst's friends are circulating a report announcing that in the congress elections in Greater New York next fall he is to nominate independent candidates against the Democratic representatives in congress who voted to sustain Speaker Cannon last winter.

The annual meeting of the Ohio State league of Republican clubs, which will be held in Dayton on Lincoln's birthday, will be made the occasion for a big "harmony conference," in which the party leaders of every shade of opinion will be asked to take part.

S.S.S. DRIVES OUT RHEUMATISM

When the blood becomes overcharged with uric acid it continually grows weaker, more acid, and poorer in nourishing qualities. The nerves, muscles and joints, instead of receiving their necessary nutriment from the circulation are gradually filled with the sharp uratic impurity which the circulation is loaded, and the pains and aches of Rheumatism are the natural result. No amount of rubbing, or the application of external medicines can have any direct and curative effect on the blood; the most to be expected from such treatment is temporary relief from the pains and aches. There is but one way to cure Rheumatism, and that is to cleanse the blood of the uric acid impurity. S.S.S. is the proper treatment, because it goes down and attacks the disease at its head, and by filtering out every particle of the uratic matter and strengthening and enriching the blood, cures Rheumatism in every form. S.S.S. changes the sour, acid-burdened blood to a rich, healthy stream, which quiets the pain-racked nerves, muscles and joints, cools the feverish flesh, gently removes the cause and drives Rheumatism from the system. S.S.S. reaches inherited cases as well as those which have been acquired, and good results are always experienced from its use. A special book on Rheumatism containing many valuable suggestions for rheumatic sufferers and any medical advice free to all who write.

DESPONDENT WEAK AND MEN DISCOURAGED WORN OUT MEN

Let Me Offer You the Relief and Comfort I Am Giving Other Men Daily

The past century has witnessed wonderful progress in the science of medicine and surgery. Discoveries for the amelioration of pain and the cure of afflicted men, undreamed of a few years ago, are now in use by the specialist who has kept himself abreast with the rapid advancement of the medical profession. This applies only to the specialist who was well prepared by advantages of study and experience to take the most of the medicine. It is unfortunate that all specialists who go by the name are not competent to do the work entrusted to them, hence the many failures that are made. By my own

Original Methods

I cure Nervous Ailments and the effects of dissipation and early wrong doings that have resulted in weakness and derangement. My success in my treatment, called forth competition, but my competitors have utterly failed to give "something just as good as a substitute for my treatment, and substitution is always a poor makeshift, anyway. In the low prices I make there is no sentimentality. The great number of people I treat makes it possible and this plain fact proposition is being found out every day by dozens of patients. Patients who have been treated by me for

NOT A DOLLAR NEED BE PAID UNLESS CURED.

Blood Poison and Skin Diseases

Will vouch for the fact that I cured them, never to return, after being disappointed and deceived so long by others that they thought there was no cure for them. No man on earth has my methods of treating

Varicose or Knotted Veins

The simplicity and freedom from danger of which is the marvel of all physicians who have been privileged to witness it. There is no knife used, no chloroform, no pain, no subcutaneous ligation, no going to bed and not a single week's delay from business. Every case of Varicose Veins treated by me is a willing recommendation to any man who will inquire. No business address or street number on our envelopes or packages. Complete attention and advice free. If you cannot call at office, write for self addressed blank-man cases cured at home. Medicines \$1.50 to \$5.00 per course.

WOUGHT TO SUFFER FROM ASTHMA

Wisconsin Man Makes Extraordinary Statement to Sceptical Asthmatic. So enthusiastic is Mr. C. Musseman, a prosperous farmer of Jeffersonville, Wis., over his complete recovery from asthma through the use of the new specific, ascatoc, that he says: "Those troubled with asthma who cannot give ascatoc a trial ought to suffer, for it will certainly cure."

Mr. Musseman suffered from asthma for twelve years, and sometimes had to sit in a chair for a month at a time. His complete cure, he says, was accomplished in 1905 by using only half a bottle of ascatoc, and now, five years later, he reports that he has had no return of the asthma.

Nearly one million former asthmatics testify likewise, relating the most extraordinary cures after as many as fifty years of suffering. All at present afflicted with asthma may easily avail themselves of ascatoc's benefits as a preliminary treatment, for trial, will be mailed free of charge to anyone who will write to the Austrian Laboratory, 32 West 25th street, New York. Those who wish the complete treatment may now procure the genuine ascatoc, in both the 50 cent and \$2 boxes, at the Skidmore Drug Co., Woodward, Clarke & Co., and other leading drug stores.

MEN THAT ARE WEAK, NERVOUS AND RUN DOWN

Come to Me and be Cured Pay When I Cure You

or pay me as you get the benefit of my treatment. FREE FOR A CURE is lower than any specialist in the city, half that others charge you, and no exorbitant charges for medicines. I am an expert specialist, have had 30 years' practice in the treatment of diseases of men. My offices are the best equipped in Portland. My methods are modern and up to date. My cures are quick and positive. I do not treat symptoms and patch up. I thoroughly examine each case, find the cause, remove it and thus cure the disease.

I CURE Varicose Veins, Contracted diseases, Piles and Specific Blood Poison and all F-cases of Men.
