

OFFERS REALTY BOARD NEW HOME

The Portland realty board will take quarters in the Railway Exchange building, which will be erected by H. O. Stikney and associates, is the belief of the officers and many members of the board. George Schalk, representing the realty board, drew a proposition

from Mr. Stikney to give the board rent free a 12 by 22 foot room on the third floor of the new building, with the proviso that the board members would take offices on this floor, by means of which it is proposed to make the third floor of the new structure a headquarters for realty men. Mr. Stikney's proposition was read to the board yesterday at its regular monthly meeting and was favorably received. Secretary Rountree was instructed to thank Mr. Stikney for the generous offer, and a committee was named to take up the matter and discuss it more fully with him. Members of the realty board almost without exception express themselves as being in favor of locating the realty

exchange in the new Stikney building. Its central location and the fact that fully 80 per cent of the real estate operators have offices within two blocks of the site of the proposed structure make it an ideal place where the brokers may meet. The proposition of Mr. Stikney provides for furnishing free light, heat and janitor service for the exchange. In addition he agrees to put up a large blackboard in the room for the use of realty board members in listing their properties. Steel vaults will be installed in the quarters and the necessary furniture furnished. At the monthly board meeting yesterday the following realty operators were elected members of the institution:

The Northwestern Trust company, F. J. Getreil and the Oregon Land Information Bureau and O. P. Walcott. The next meeting of the board will be held about February 15, when it is probable that definite action will be taken on Mr. Stikney's proposition of free quarters for the realty exchange. A large gray wolf, with headquarters about 20 miles up Crooked river, has been destroying yearlings to such an extent lately that the stockmen have become desperate, says the Prineville Review. A subscription paper has been circulated and now carries a combined purse of \$90 for the huntman who is lucky enough to kill the nuisance. Some stockmen put as much as \$10 to the fund.
