**The F. W. Gardam Bank Note company**, incorporated, 381 Macleay building, Portland, Or., needs young women and young men, or more strictly speaking, young ladies and young gentlemen, to place themselves under the care and instruction of the company's artist and engraver, Mr. F. W. Gardam, for a thorough course and training for a period extending anywhere from six months to two years. At the end of a prescribed course of vigorous instruction and training, then the company will award a beautifully engraved steel plate diploma certifying to that fact, and the company will gladly employ all graduates steadily all the year round, week in and week out, at a salary of from \$15 to \$40 per week. All applicants must write to the president of the company in person, as personal interviews will positively not be granted. Respectfully and cordially yours, F. W. Gardam, president.

**Low Chimneys a Nuisance**—If the owners of a building on the southeast corner of Pine and Sixth streets do not take immediate steps to mitigate a smoke nuisance caused by the low chimneys on their building, the city building inspector will call upon the city attorney to prosecute them under the nuisance ordinance. In a communication to the city council the building inspector calls attention to the annoyance suffered by inmates of the Commercial Club building adjoining the one with the low chimneys. Although he has repeatedly asked the present tenants of the structure on the corner behind the Commercial Club to elevate the chimneys so that their tops will be four feet above the Commercial Club building, the building inspector says they have not yet done so, and that he believes it will be necessary to ask the city attorney to invoke the law.

**Only Still Held**—Despite the fact that he was arrested in Portland more than two months ago, James Conly, who is wanted in Vancouver, B. C., where a charge of swindling rests against him, must be held in the Multnomah county jail until the signing of extradition papers by the secretary of state. The procedure may consume more than a month. Conly is accused of having bilked Lars Olsen, of Bellingham, Wash., out of \$1500 by means of a fake horse race scheme. He met Olsen on the streets of Vancouver during the race meet there, interested him in the betting and is then charged with having taken bets from him through a pretended race poolroom.

**Condemns Old Building**—In a communication to the city council filed yesterday, Building Inspector G. E. Dobson recommends that a building at the northeast corner of First and Jefferson streets be condemned by ordinance and ordered removed. The building is two stories in height and of frame construction. Its walls have decayed so badly that the structure leans up against the fire station adjoining it and water pours off and seeps through into the quarters of the firemen, making it extremely uncomfortable for them. The building inspector is also of the opinion that the building is dangerous on account of its liability to settle and weaken the walls of the fire station thereby.

**Auto Accident Causes Suit**—S. D. Briggs, whose buggy was hit by an automobile driven by Arthur Mitchell on the Lane line road last fall, the injury being occupied by Briggs and his wife and child, has begun suit for \$500 damages against the Lloyd Auto company in the circuit court. He alleges that the accident was avoidable and was due to negligence and excessive speed on the part of the driver of the driver. Briggs' horse was killed, and for this he wants \$300. He places his damages for personal injury at \$500.

**Scholarship Fund Benefit**—Table reservations for the scholarship fund benefit, which is to be given under the auspices of the federated women's clubs of the city, at the Masonic Temple Wednesday, January 26, at 2 p. m., may be made with Mrs. S. M. Blumauer, Main 3033; Mrs. A. R. Shannon, Main 4866, or Mrs. J. W. Tiff, Main 9000. An entertainment by professional literary and musical talent will be given on the balcony floor for those who do not play cards. Refreshments will be served at the close of the afternoon.

**Forum to Meet**—At the People's Forum this evening Dr. C. A. Chapman, the well known writer and public worker, will fire the first gun for the proposed state commission form of government, which the Progressive league expects to put on the ballot next November. There will be some hot shots in the doctor's locker. Admission is free. All questioners will be answered. The meeting will be held in the Alisky hall.

**Old Policeman to Poor Farm**—James Ennis, who has been earning a meager existence by trapping and fishing and who says he was one of the first policemen who walked the streets of Portland, went to the poor farm yesterday. He came to Portland in 1861. He gave his age as 72 years, although about one year ago he listed himself as 60 years old.

# "NO EXCUSE FOR ROTTEN SERVICE," SAYS REPORT

"There is absolutely no excuse for the rotten service on the Alberta street car line," is the statement made in a complaint submitted by William H. Banes to the special council committee on trolley transportation. The complainant says the people served by the Alberta carline want four more cars put on for the cityward run between the hours of 7 and 7:30 o'clock in the morning.

Mr. Banes criticizes the management of the Portland Railway, Light & Power company for what he regards its near-sighted policy.

"You should refer the manager of the railway company to Mr. Lewis, of Los Angeles," reads the complaint, "and he would show that official how to make money by spending money to get service the traveling public wants."

In the last fiscal year the patent office received approximately 62,000 applications, an increase of 4000 over the year before, and granted about 35,000 patents.
