

MRS. WANDERBROW A SPIRITUALIST

Mother of Novelist Discovers Powers as Medium—Talks With Dead Husband.

(United Press Leased Wire.) Oakland, Cal., Jan. 25.—Friends of Mrs. Flora London, mother of Jack London, the novelist, are endeavoring to persuade her to accept before psychologists to demonstrate her powers of spiritual mediumship, which she asserts she possesses. Mrs. London, who is elderly, declares that she learned accidentally that she had psychic power and that now she is a thorough believer in spiritualism.

WORK OF GRAND JURY

(Continued from Page One.) and the last prosecution of the "meat trust" the government has had a corps of secret service operatives employed in the corporations about to be investigated. Men who have been working in the business offices, in the stock yards and the packing houses of the corporations, while drawing small salaries from the packing houses have been quietly gathering evidence for two years to aid in the present prosecution.

FARMER WILSON SAYS IT'S BIG AND LITTLE TRUSTS

(United Press Leased Wire.) Washington, Jan. 25.—The trusts and the miserable little combinations in every town and city in the United States are what keep the price of food so high.

COST OF LIVING KEEPS CHILDREN FROM SCHOOL

(United Press Leased Wire.) St. Louis, Jan. 25.—A inquiry reveals the fact that many children of laboring men are being forced from the school room to the factories on account of the high prices of meats and other foodstuffs.

CALIFORNIA BREEDERS MAY FAVOR BOYCOTT

San Francisco, Jan. 25.—Delegates to the annual conference of the California Livestock Breeders' association in session in this city predicted that the conference will go on record as supporting the meat boycott that is spreading across the country.

The Best Cough Syrup Is Easily Made at Home.

You can make a full pint of cough syrup in five minutes by this recipe. It is good for a family all the way through the winter. It is not only cheap, but better than the cough medicines you buy. The taste is pleasant—children like it. It stops obstinate coughs in a hurry, and is splendid for other throat troubles.

TECHNICALITY CAN DEFEAT PLAN

(Continued from Page One.)

The garbage that can not be destroyed by the present incinerating plant. Councilman Baker and Councilman Rushlight, who have always advocated placing the responsibility of selecting and building a crematory upon the health board, have declared that they will stand by their announced policy and support the board tomorrow. Other councilmen who will not doubt vote the same way are Wallace, Ellis, Belding, Menefee and Conchobun.

The seven councilmen from whom opposition is expected are Callara, Lombard, Kubli, Annand, Driscoll, Dunning and Watkins. The attitude of the last named councilman is not known at this time. He is said to have talked freely with Lombard and the other obstructionists, but whether he will or not remains to be seen. In the event that he does the council will be evenly divided, seven against seven, and the mayor can not cast the deciding vote on ordinances involving the appropriation of public funds.

Councilman Baker and Councilman Rushlight held a conference with Mayor Simon last night, when the situation was thoroughly reviewed. The councilmen assured the mayor that they would support him and the health board and would make a strong effort to win over one of the opposition.

As one of the reasons for their stand, the Lombard forces will say that the health board has acted unwisely and that the cost of the crematory recommended is excessive. This contention would on the surface seem to have some weight from the fact that the Public Works Construction company yesterday submitted a proposition by which they agree to build a plant of the same type as that offered by the Willamette Iron & Steel company for \$10,000 less than the bid of that company. An evidence of their sincerity, the Public Works company tendered a certified check for \$5000 with its proposition.

RIVAL COMPANY CAN NOT BUILD INCINERATOR FOR THREE REASONS

"The Public Works company cannot build an incinerator after the plans of the Willamette Iron & Steel Works, for three reasons," said E. W. Corbett, president of the latter company today.

The nature of the building has been made the subject of comment. The building will be the best we can erect. It will be of reinforced concrete, much better than we have promised, because we have recently included some ideas which did not at first present themselves. It will be a fine structure. It will be built in accord with the crematory, and the crematory will be the finest and the most serviceable in the United States.

Similar entertainments will be given by club women in other cities throughout Oregon. The character of the activity is so exalted that it is a

YOU CAN CURE DYSPEPSIA

But to Do So You Must Duplicate Nature's Process of Digestion in Some Way.

Indigestion and Dyspepsia are often simple little matters at first, but if neglected, will soon cause much pain and distress. Pretty nearly every disease that afflicts humanity is largely due to indigestion; at least, indigestion is the beginning of the trouble. The only way to restore health is to remove indigestion with Kodol. Every tablespoonful digests 3 1/2 pounds of food. Every one knows that people must eat to live, and if they would eat plain food in moderation, there would be little need for doctors and drug stores; but all of us occasionally, and many of us constantly, eat not only too much, but swallow rich food that the stomach cannot digest.

The food ferments, gas fills the stomach, and undigested lumps of food harden, and the lining of the stomach becomes inflamed. That's where chronic and nervous dyspepsia comes in. Now, what is to be done? Simply this—give the stomach rest; help it to do its work. The only sure way is Kodol. This is true because Kodol is the only preparation that supplies the same digestive juices that are found in a healthy, vigorous stomach. Just as soon as Kodol goes down to the undigested food, it starts proper digestion at once—and away go the distress and pain. Our guarantee: Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 3 1/2 times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.
