School Question.

(Special Dispatch to The Journal.) Ashland, Or., Feb. 3.-The committee appointed by the Ashland Commercial club to look into the matter of reviving the state normal school at this point has not reported, but the members are corresponding with up-state authorities and it is probable they will recommend action along the lines adopted by Monmouth.

The proposition to submit each school separately to the people and to stand or fall by their decision appeals to the majority of the people of Ashland.

SACKVILLE-WEST'S SON LOSES CONTEST

(United Press Leasod Wire.)

London, Feb. 3 .- Sir John Bigham, president of the probate court, yesterday practically threw out of court the fanous Sackville peerage case, in which Ernest Henry Sackville-West sought to acquire the title and estates left by his father, the late Lord Lionel Sack ville-West, formerly British ambassador Washington. The title and estates of the Backvilles are now held by Lionel Sackville-West, a nephew of the late ambassador, whose wife is Ernest's sis-

Ernest based his claim upon a marriage he declared had taken place be tween Lord Lionel and his mother, Josefa Duran, a Spanish dancer.

The court declared itself satis-fied that the dancer was the wife of Antonio De La Dova at the time she was reported to have been married to Lord Sackville, and that if the marriage was actually performed, it was illegal.

Letters written by the petitioner him-alf were introduced in the trial by the defense, One was addressed to his sister. It admitted his illegitimacy and that of the five other children of Josefa, and praised his father for the way in which he had treated their mother. The defense also produced letters written by Lord Lionel. These, the de-fense asserted, also made it plain that he had never married the dancer and that the children of their union were illegitimate.

landerine **Grows Hair** and we can **PROVE IT!**

ANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance. as follows: "When I began using Danderine my hair would not come to my shoulders and now it is sway below my hips."

Another from Newark, N. J. "I have been using Danderine regularly. When! first started to use it! had very lit-tic hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

NEW ORLEANS READY FOR SPRING CARNIVAL

New Orleans, Feb. 3 .- New Orleans is ionning gala attire in anticipation of the annual Mardi Gras festivities. The city is rapidly filling with visitors and from all indications the attendance will be as large if not larger than in any previous year. The program of festivities this year

will extend over a period of five days and will be replete with many new and interesting features. All of the time honored carnival features will be retained, including the arrival and parade of Rex and his gorgeous retinue, the parade and ball of Proteus and the pa-rade and ball of Momus, which will bring the carnival to a close.

The arrival of Rex, the king of the carniva', is always the big event of the week. It is customary to elect some representative citizen of New Orleans to fill this position, usually a promi-nent business man. For several weeks previous to the day set for the reception of Rex, fictitious wireless messages, supposed to be sent from the royal yacht, at sea, are received in the city and published in the newspapers.

When the king of the carnival ar-rives in the city the first of the week his reception will be attended with splendid ceremonies. His yacht will be escorted to the landing place by a naval pageant, and a military escort will be furnished to accompany him through the business section to the city hall. where the king of the carnival will formally receive the keys of the city from the mayor.

Editor and Promoter in Trouble. Chicago, Feb. 3 .- Sidney Flower, once

well known as an hypnotic expert and later as a promoter, whose financial schemes in the past brought him into conflict with the authorities in Chi-cago, Buffalo and other citles, is again in trouble. Today he was arraigned before United States Commissioner Foote to answer to an indictment re-cently found against him in Nevada, charging him with fraudulent use of the mails. Several years ago Flower attained notoriety as the editor and owner of the New Thought Magazine. Recently he has been publishing Goldfield Gossip, a weekly mining journal, and, was known in Goldfield as Parmeter Kent. The magazine was pub-lished, it is charged, for the purpose of exploiting gold mining schemes.
