ELLIS HOME TO FIGHT HARMON

Administration Sees Presidential Smoke Rising and Sends Handy Man.

(United Press Leased Wire.) Cincinnati, Ohio, Feb. 8.—Attention of Democrats throughout Ohio is being directed toward Governor Harmon for re-nomination by the party, following the action of the Taft administration in sending Wade H. Ellis into Ohio to allign the Republican forces.

It is apparent that the administration seeks the defeat of Harmon for reelection, as that reelection would mean that Harmon would become a strong candidate for the Democratic presidential nomination.

Republicans here believe Governor Harmon would make a better presidential race than any other Democrat now prominent in the party.

Ellis resigned his position as assistant United States attorney general yesterday to accept the chairmanship of the Ohio Republican executive committee. This fact alone is taken to indicate that the administration is intensely interested in the Ohio gubernatorial situation.

on the Panama canal prior to the passage of the employers' liability law. The president criticised the time limit of 90 days for the filing of death claims by survivors of employees. Great injustice, he said, has been done the families of Spanish employees, who were unable to file claims within the limit.

He recommended that the secretary of commerce and labor be authorized to decide upon all claims filed since the employers' liability law was enacted. He further urged that the president be given authority to settle all claims which arose before that law was passed.
