Another season greets you with an outpouring of charming, tasteful new fashions at prices that have never been equaled in the great West. These for Economy day only-200 new Spring Suits, picked up by our buyers, who are now in New York, and expressed to us early for a February trade stimulant. We own them at a mere trifle of their real worth, as the factories from whom we buy thousands of suits feel duty bound to give us a few hundred at our own price in order to hold our trade, and to assist us in giving our customers something out of the ordinary at the opening of the season. The jackets are semi or tight-fitting, with various styles of plaited skirts. The collars are the new shawl effect, with cuffs trimmed to match, in Persian trimmings. Others are trimmed in moire silk. Coats are 2 and 3-button styles. All the new Spring colors are shown in many qualities of cloth. It would be a pleasure to you to see these actual values up \$18.75

These Suits will be found just as represented. Remember we are building a beautiful new store (finest in the Northwest) on a foundation of honorable dealing. Therefore we cannot afford to exaggerate in our advertisements. See our Fifth - Street Windows.
