

BOY HAS LAUGH
OF ANGRY WOMAN
Splashes Dirty Water on Her
Dress When She Demands
Return of Dollar.

Frank Harper, who said he was 10 years old and lived with his parents in East Yamhill street, and a dog, which has the same address, were playing in a puddle of water in front of the new Hotel Seward, Tenth and Alder streets, yesterday morning. Frank was seeing how high he could splash water with a stick, and the dog was jumping in the spray.

When the boy gave the stick an extra strong swoop, something black and dirty looking and about as big as a dollar flew up in the air. The dog thought it was a bone, and caught it in his mouth, as Frank has trained him to do.

Splashes Woman.
But he found it was not a bone, so he trotted up to the boy and laid it on the pavement. Frank picked it up, looked it over and thrust it in his pocket.
A woman who was hurrying up Tenth street swinging a suitcase saw him do it. "Little boy," she said, "give me that dollar."

"Ain't got your dollar," said Frank, haughtily.
"I know you have," insisted the woman, "and you give it right back to me."
"Ain't," said Frank.
"Don't you story to me, little boy," came back the woman, furiously. She made a threatening move toward Frank. Frank deliberately raised his stick and brought it down with a mighty swoop and covered the woman's dress with dirty water and mud. Then he ran. Several men who had gathered to listen to the wrangle chased and caught him a block away. They took Frank back to the woman.

Doesn't Want Dollars.
"I almost ran down this street a few minutes ago," she explained, "to catch a car for Linton. When I got to Washington street I heard a coin drop from the pavement. When I investigated I found my purse had been leaking money. I lost several dollars.
"I hurried back, looking about for my money, when I saw this boy pick up a dollar and put it in his pocket. When I asked him to give it to me he refused."

Frank was questioned. He said he "didn't find no dollar." His pockets were turned inside out, disclosing a bundle of string, several nails and the remains of a cigar. In another pocket was a beer bottle top.
"That's what I just picked up here," said Frank, indicating the beer bottle top.

The woman, who said she was Miss Ernestine Meyers, but whose pocketbook had the initials "E. H. R.," on it, picked up her suitcase, took a long look at her ruined dress and hurried down the street. Frank and the dog and the stick went back to the puddle.
"Good," said Frank, after one mighty swoop, "that was some splash."

PAY TAXES BEFORE
MARCH 15 AND GET
3 PER CENT REBATE

Taxes of 1909 are now due, and may be paid any day at the tax collection department of the sheriff's office in the courthouse. A still more convenient way, of sending a check to the collector, is to send to the tax department for a statement of taxes due, giving full description of all real property on which it is desired to pay. As soon as the statement is received a check may be sent in payment. Those who pay the full amount on or before March 15 are entitled to a rebate of 3 per cent, and this should be deducted from the amount of the check. Those who prefer to pay only half the tax at any time before April 1, but no rebate is allowed on half payments. The second half becomes due in September. FLAT BUILDING GOES
TO FARMER FOR \$36,500

W. B. Streeter and George F. Russell have sold to W. B. Walker a four-story flat building on a 40 by 100 foot lot, located on the east side of Tenth street, between Morrison and Yamhill, the consideration involved being \$36,500. The sale was negotiated by L. E. Carter, vice president of the Western Oregon Trust company. Mr. Walker is a Beaverton farmer, who has made a number of investments in this class of holdings in the past two years.

Two lots on the west side of Fourteenth street, between Alder and Washington streets, in Vancouver, bought by Alexander Kerr, the total consideration involved being \$72,000. The parcel was in two separate pieces, 75 by 100 feet being sold to Mr. Kerr by F. S. Myers for \$45,000, and the adjoining 25x100 feet, formerly belonged to Mrs. Harriet Mansfield, and was sold for \$27,000. The property is improved with flats and dwellings, all substantial frame structures, which yield a fair return on the investment.

FELL THROUGH WELL
AND SUES FOR \$7500

Because he fell backward through a well hole while attempting to pull a load of cement through a window on the third story of the Union Meat company's packing house on Vancouver street, E. Bloomfield has begun suit against the company for \$7500 damages. He had been at work only two hours on October 19 last when the accident took place.
Bloomfield says the grabhook gave way while he was trying to draw three sacks of cement through the window, the cement having been hoisted by a derrick. He lost his balance and fell through the hole in the platform on which he stood. This hole was unguarded by a railing or trap door, he says, and he blames the company for negligence. Bloomfield says his left arm was broken, his back and side painfully hurt, and he suffered a severe shock.

and the quality of men these schools are turning out, will be made. Consideration will be given to the formation of a national bureau of health.
Dr. Josephi is staff physician at Good Samaritan hospital and a member of the state university faculty.

ATTRACTIVE PROGRAM
BY EMINENT PIANISTE

The program to be given by Myrtle Elyva, the eminent American pianist, Friday night at the Bungalow, is most attractive and one which will be interesting particularly as there is much that is new to the Portland concert program. There are few more interesting

artistic personalities than Miss Elyva before the public today. Her success has been most decided in the east this season. This beautiful American should be an inspiration to the students of piano.

Health and Beauty Aids
BY MRS. MAE MARTIN.

Mrs. Ruth O. There can be no possible excuse for a woman of your age neglecting her complexion. It is a duty you owe yourself to look as youthful and charming as possible. I would not encourage you to use face powder; it rubs off too readily, shows too readily and does no permanent good. The use of a good lotion made by dissolving four ounces of spruam in half a pint of hot water and adding two teaspoonfuls of glycerine will take away that coarse, yellow, oily look to your skin and make it soft, pink and youthful. This lotion is an excellent beautifier and whitener and will last longer than powder. It is splendid for cold sores, freckles, pimples and preventing chapping in the winds.

M. L. T.: Your case is by no means a hopeless one. Many people like yourself are troubled with dandruff, itching scalp and falling hair. This is a germ disease of the scalp. This can easily be corrected by using a quinine hair tonic made from one ounce quinine dissolved in one-half pint alcohol. This tonic is an excellent beautifier and whitener and will last longer than powder. It is splendid for cold sores, freckles, pimples and preventing chapping in the winds.

Jennie W.: To hold your own in society or business, you must feel right as well as look right. If you get rid of the languor and "always tired out" feeling you complain of, you are almost certain at the same time to be freed from the pimples, blotches and sallow complexion. A clear, smooth and soft skin is impossible when the blood is impure or deficient, the digestion faulty or the liver inactive. A good general system tonic is made as follows: Get from your druggist one ounce of karene and one-half pint of alcohol. Dissolve the karene and a half teaspoonful of sugar in the alcohol and add one cup of water to make a full quart. Take a tablespoonful before each meal and on retiring. This tonic acts beneficially upon the stomach and liver, helps to stimulate your food and throw off impurities in the system, thus striking at the very roots of a sickly, pimply complexion.

Constance: Right now is the best time of the year to get rid of those facial blemishes, such as freckles, tan, skin pimples, etc., which come to us during the summer time. But you should not use soap on the face very often, as it makes the skin dry and hard. I recommend the use of a good strengthening cream, which can be made by dissolving one ounce of almond oil (get it at any druggist's) in one-half pint cold water. Stir and let stand an hour or so. It is inexpensive and you will find its regular use very strengthening to tired, weak and inflamed eyes and will make your eyes clear and sparkling. It is fine for granulated eyelids and does not smart the eyes. You will find it very soothing.

Mrs. E. S.: You will not need to wear your glasses constantly if you will treat your eyes with a good strengthening eye tonic. Dissolve an ounce of erythrol in a pint of water and drop one or two drops in each eye daily. This tonic is very strengthening to tired, weak and inflamed eyes and will make your eyes clear and sparkling. It is fine for granulated eyelids and does not smart the eyes. You will find it very soothing.

Mrs. P. B. E.: It is very easy to be seen that you are entirely slow for your height, and your superfluous flesh must be a great worry to you. Even though you have tried so many flesh-reducing remedies that did no good, I want you to try this formula. It has helped a great many and is harmless. Buy at any drug store four ounces paracetamol and dissolve it in a pint of hot water. Take a tablespoonful before each meal for a few weeks, and I am sure you will be pleased with the results.

A. F. L.: Soap should never be used on the hair. It does more harm than good. It causes light streaks in the hair, brittleness, and leaves the scalp itching and raw. If you wish to have your hair look bright and healthy, let soap and inferior ready-prepared shampoos alone. A good shampoo costs no more than a poor one. The most reliable shampoo I have ever used is made by dissolving a teaspoonful of cantrox in a cup of water. This shampoo cleanses the hair and scalp thoroughly, and leaves the scalp fresh, elastic and free from any irritation. It makes the hair soft and lustrous. Cantrox makes a particularly fine shampoo during the winter months, as it dries quickly. You can buy cantrox from your druggist or get a cantrox shampoo at almost any first-class hairdresser's.

STOMACH GAS, INDIGESTION,
HEARTBURN AND HEADACHE GO.

A little Diapepsin regulates bad Stomachs in five minutes.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pope's Diapepsin and take a

little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pope's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of Dyspepsia, Indigestion or any other Stomach trouble.
