

Semi-Annual Sale of Second-Hand Watches

ACCUMULATION OF YEARS

THE WATCHES ARE ONLY SOLD DURING THESE SALES AS AT ALL OTHER TIMES WE WILL NOT SELL A SECOND-HAND WATCH

Last year I repaired over 8000 watches and over 250 of them have been left with me for one-cause or another. After I have a watch with me, uncalled for, for two or three years, I put it in this sale and realize all I can out of it. Then once in a while for accommodation's sake, I take in second hand watches on new watches. These, together with watches left with me, are in this sale and I will defy you to find better bargains anywhere at any time. I simply must sell these watches at very low prices to dispose of them. All of these watches have been carefully gone over by my corps of watchmakers and are guaranteed for one year and any of them can be exchanged for amount paid for them for anything in my stock.
