O'CONNELL BEATS NIPPON GRAPPLER

Throws Matsuda Once and Latter Refuses to Continue Wrestling Match.

Eddie O'Connell laid one more aspiring grappler low last night in the person of Matsuda, the Jap, who was beaten in one fall in 18:46 and refused to come back for more wrestling, forfeiting the match and his \$250 side bet. It was the roughest match the fans have yet witnessed, and while it lasted was just about the fastest.

The hold that threw the Jap was a body scissors and head lock. O'Connell worked Matsuda into a vicious grip and was punishing him considerably. After holding off as long as he could, he suddenly relaxed, and Referee Cavill decided that his shoulders had touched the mat. To some it appeared that the Jap was not clear down, although they admitted that he could never have escaped the fall.

Matsuda left the mat without a protest, but once in his dressing room, which was crowded with gesticulating fellow countrymen, the Jap faced his had not been given a square deal. He wanted to change referees, but when this was denied he stalked in his tent.

Matsuda Is Stubborn.

Matsuda gave an exhibition of oriental stubbornness that neither his trainer nor his manager, Jimmy Cassell, could break through. He refused to go back on the mat. After waiting five minutes over the customary ten for him, and warning him that he would forfeit the match if Matsuda did not show up in a minute, Cavill gave the decision to O'Connell. Just as O'Connell was making his way to his dressing room the Jap came out. His friends told him of Matsuda's return and he went back to his corner. He threw off his bathrobe and invited Matsuda to finish the match despite the fact that he was already the winner by the referee's decision. But Matsuda refused, and the jig was off.

Both men were under weight. O'Connell weighed first and tipped the beams at 140½ pounds. Matsuda weighed an even 140 pounds.

O'Connell outwrestled Matsuda at all angles of the game. He was faster, knew more and could stand the roughing better. However, after the first five minutes he tired perceptibly, while just before that he was going like a cyclone. This should be evidence enough that O'Connell has no business reducing to 140 pounds for a match. Had the Jap continued he might have worn O'Connell out in an hour's going.

Jap Good on Defensive.

Matsuda wrestled well on the defensive, but displayed a lack of knowing just what to do when he got on top. He is a beautifully built fellow, and looked stronger than O'Connell, who was drawn, Matsuda had about as much

MAT CROWD SMITH OFF THIRD CORNER

Los Angeles Crab Will Probably Be Only Familiar Face on Cushion.

(United Press Leased Wire.) San Francisco, Feb. 11.—Third base, that difficult old bag, will be guarded by a corps of new faces this year. Jud Smith is the only one of the old guard who stands a chance of being seen at third, and he will have to fight for his job. Los Angeles has signed a young infielder by the name of Roth, who batted .300 last year. He is said to be a lively rooster. It will be an interesting combat between Smith and Roth, and may be the best man win. Jud is a steady old clock and it will take some player to beat him. Smith has hit harder than he did last year, but still can't negotiate the bases and field too. There were few players who could beat him around the bags last season, but Jud is not worrying a heap about his job. He is a full fledged dentist, and a good one, and should Roth beat him out he can make a fine thing with his forepaw. The veteran has threatened to retire for the past two seasons, and but for his friendship for Dillon might have done so ere now.

Zelder going away leaves third base on the San Francisco club an open port. Zelder played dandy ball last year when he was in the game, and Mohler will probably give him first whack. There will be a big bunch rooting for him to capture the position, for Mundorff is a popular kid, but he must fight just the same. Manager Long is bringing out Burrell, who has played third and is highly recommended. It will be between Mundorff and Burrell.

Wolverton to Oakland.

Wolverton will take charge of third for Oakland. That settles that. Hogan, whose playing was gilt edge last year, will most likely go to the outfield, where he will back up him to go. It is understood that Hogan will go with the Athletics in 1911, and Mack intends to make an outfielder of him. He will see how well Hogan does chasing flies this year. With his natural ability and speed why should he stand out a cracking outfielder?

McCredie has two new names signed to scrap for Olo Johnson's shoes. Cleveland turned him over a third sacker by the name of Nitzel, and he also secured another from the Western association by the name of Smith. It is up to him to fight out.

Charley Graham will start off by playing Shinan at third and should be a fair short boardman will have a chance. Happy Hogan really can't say just who his candidates will be. He is dickering with Cockman, who played with St. Paul, and Ketchel, who belongs to Pittsburgh. It will be a new face, whoever it is.

DR. ROLLER IS WINNER

OF WRESTLING ON FOUL

Seattle, Feb. 11.—Followers of the wrestling game will witness the contest between Dr. Roller of Seattle and Henry Ordeman of Minneapolis last night are today much divided in their opinions as to which of the wrestlers is the best man. Although Roller was awarded the match on a foul by Referee Hermann after he had secured a fall from Ordeman, many of the spectators expressed their displeasure at Ordeman's disqualification, declaring that the Minneapolis Swede did not use the strangle hold as claimed by the referee.

The match was fiercely contested, and it was not until one hour and six minutes of the roughest sort of work that Roller pinned Ordeman's shoulders to the mat for the first fall. The second bout went 27 minutes and 37 seconds and was stopped by the referee, who awarded the match to Roller.

Several previous decisions of Hermann had aroused the ire of many of the spectators, and when Ordeman was disqualified for clapping a head scissor on the physical there were yells of disapproval from all over the crowded house.

Hermann declared the hold was of the strangle variety and Roller is sure of it. He admits he was all in when the referee clawed the big Minneapolisian off him.

Langford and Flynn will be rematched.

Grandstand will catch sun's rays.

Those fans who used to sit and shiver in the grandstand when the sun played hide and seek with flitting clouds will have a chance to warm up between spells, according to Manager McCredie, who says the new addition to the grandstand will be built down along the third base line.

Of course this will allow the sun's rays to trickle through the wire netting, but in the early season it will prove a more popular place than the portion on the south side of the field. It gets extremely cold in the shaded section of the grandstand during parts of April and May.

According to the latest reports from the managerial quarters, the local players will leave for the south near the end of the month, probably on the 14th. Mac aims to have all the players at Santa Maria by March 4. He has 14 games arranged with various clubs before playing begins.

Third Team Is Winner.

The third basket ball team of the Jewish Young Men's club defeated the Nationals by a score of 28 to 7 in a fast and well played game at the former's club. The lineup of the winning team was as follows: F. Semler and W. Weiser, forwards; M. Weinstein, center; J. Gilbert and M. Hermann, guards. The third team averages 115 points to the man. Any team wishing games may call up Main 6325 between 5:30 and 6:30 and ask for Manuel Weiser.

Connecticut Republicans have been stirred by the announcement that Charles A. Goodwin, a member of the Hartford, will enter the contest for the Republican gubernatorial nomination.

MULTNOMAH CLUB AND Y. M. C. A. ATHLETES WILL TEST THEIR STRENGTH IN WATER.

Swimmers of the Multnomah Athletic Club and the local Y. M. C. A. will have their innings on the night of February 25, when they meet for the first aquatic struggle of the year in the big tanks at the association.

Since they have moved into their new home the Y. M. C. A. swimmers have been extremely busy and some regular water dogs are being turned out. The tank is probably the best on the Pacific coast and that adds to the interest the association men are taking in the meet.

Recently the Y. M. C. A. won the association championship of the northwest in a local aquatic meet.

Swimming at the Multnomah club has made great progress under Professor Arthur Cavill and he has developed some fast youngsters, including Phil Patterson, the champion 440 yard man of the Pacific coast. He has some shorter distance men who are also capable of high speed in the water.

The meet promises much in an athletic way and it will doubtless be followed by others during the year.

Swimming is a great supporter of outdoor swimming and will work for a meet in the river with the Y. M. C. A. when the water gets warmer.

HONEYMAN WILL PLAY ALL-STARS TOMORROW

The fast Honeyman Hardware company's indoor baseball team will play an exhibition game against a team of stars from the indoor league in the Multnomah gymnasium tomorrow night. The game promises to be one of the most interesting played this winter, owing to the number of stars who will make up the picked team.

Elmer Davis has had charge of the selection of the All-Star team, and he says that his men will be right on the job when it comes to punching out binges and showing over runs.

The game will be called at 8:30 o'clock, and it is expected that a large crowd will be present to witness the last game of the year for the indoor leaguers.

Diamond Belt Thrown In.

Los Angeles, Feb. 11.—Monte Attell and Frankie Conley were matched yesterday for a 45 round contest for the bantam championship of the world. The match was made by Fight Promoter Tom McCarey. The scrap is scheduled for February 22 at Vernon. The diamond belt which was won by Webster when he won the title, and which later was lost by the local lad will go to the winner. According to the agreement the fighters are to weigh 116 pounds ringside. It is expected that the bantams will arrive here and go into active training within a few days.

THREE FINGERED ONE WOULD SOAR ON HIGH

(United Press Leased Wire.) Chicago, Feb. 11.—Three Fingers Brown, aviator. "That is the way baseball fans will read it if the dream of the star pitcher of the Chicago Cubs come true.

Incidentally the desire to sit in the hall of fame beside Wright brothers, Curtiss, Bleriot and Paulhan is the real reason why Brown has not yet signed a contract with the Chicago Cubs for next season, according to private advices from Brown's Indiana home.

Brown has struck for a big raise. He expects to get it, but he also objects strenuously to the new major league contracts and has given out that he will not attach his signature to one. If President Murphy of the Cubs does not agree to Brown's terms the three fingered twirler expects to go into the aeroplane business right away.

"It's about time I was getting into some kind of business," said Brown, "and the air game looks good to me. I think there is a great future in the sport and that, later on, it will become more than a pastime."

Tommy Ryan will open a physical culture school in Memphis.

FANS SHOWING MUCH INTEREST IN MATCH

(United Press Leased Wire.) San Francisco, Feb. 11.—After consultation with the managers of the Pacific department of the Southern Pacific and Santa Fe railroads and the Oakland Traction company, Promoter Ed Hester announced this afternoon that all arrangements for transporting to Point Richmond the crowd that will witness the Nelson-Woigast fight February 22 have been completed.

Work on the arena started yesterday, and Hester expects to have the big structure completed long before the day of the fight. Jack Robinson, Nelson's manager, went to Point Richmond this afternoon to look over the work that has been done.

Woigast and Nelson are entertaining large crowds at their training camps. More interest is being displayed in the coming fight, according to the fight fans, than in any match that has been pulled off in or near San Francisco since the battler lifted the light weight title from Joe Gans.

All the ring seats for the final English association football cup tie at the Crystal Palace, London, on April 22, have been sold, and the only seats left are for the 6-shillings stand.

S.S.S. NATURE'S CURE FOR RHEUMATISM

In a disease so painful as Rheumatism, medicines containing opiates and nerve-curing drugs are often used. Such treatment is dangerous not only because it frequently causes the sufferer to become addicted to the drug habit, but medicines of this nature are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pains, aches, soreness, and hot, feverish flesh of Rheumatism will continue. The one safe and sure cure for Rheumatism is S.S.S. It is nature's remedy for this disease, made entirely of the healing, cleansing juices and extracts of roots, herbs and barks from the natural forests. S.S.S. does not contain anything that is in the slightest way injurious to the system. It is absolutely and purely vegetable, and free from opiates or sedatives of any kind. S.S.S. cures Rheumatism by removing the uric acid from the circulation, it makes the blood pure, rich and healthy so that instead of depositing sharp, uratic impurities in the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. Book on Rheumatism and any medical advice free to all who write and request it.

THOROUGH CURES FOR MEN

Many doctors call a suppression of symptoms a cure. Some dose for drug effects and then claim that nothing more can be done. But the real ailment remains, and will bring the symptoms back again, perhaps the same as before, or perhaps modified in some manner. My treatment is effectual in completely removing the ailment, because it goes to the very source of the cause. It searches out every root and fiber of the ailment and thus effects a REAL CURE—one that is permanent. The thoroughness of my methods in treating men's ailments has brought cures where others fail, has enabled me to promise much with certainty of fulfilling every promise and has rewarded me with preeminence in the medical field and with the largest practice of its kind in the west.
