Ung Soo, Cabinboy on Portland & Asiatic Liner Hercules, Steals 135 Yen From Captain to Play Game.

Fantian and Chinese dominoes proved to be too strong a lure for Ung Soo, the cabin boy on the Portland & Asiatic liner Hercules...

Money Attracted Attention. Soon after the steamer got out to sea the steward noticed that Ung Soo seemed to have quite a large amount of money...

While the Hercules is in port Ung Soo, who was taken to the county jail, will be lodged in the county jail, Captain Bjerk having made arrangements to keep him there during that time.

Returned to the Hercules last night at 11:30 o'clock, having come up from San Francisco, where she delivered a cargo of coal from Moji...

Some very rough weather was encountered by the Hercules on her passage over to San Francisco from Moji, and when about 10 days from the former port she shipped a huge sea which carried away one of the anchors...

About 300 miles off the coast the Hercules spoke a Chilean bark, and the latter signaled "All Well." Her letters were H C D T, and the officers of the steamer think that she was bound for one of the west coast ports.

The Hercules will commence work on a set of lumber for Chinese and Japanese ports and will probably take it all aboard at the Alaska dock...

SIGNALS FOR FERRYBOATS. Will Be Installed on Craft on San Francisco Bay.

While on his way from Seattle to San Francisco, where he will install submarine signals on the ferryboats, P. A. Richards, installing engineer of the Submarine Signal company...

Upon his arrival in San Francisco Mr. Richards will commence work on equipping the Southern Pacific ferryboats with receiving apparatus and the pilots with bells.

All of the American-Hawaiian company's steamers are equipped with the submarine signal apparatus, an exception being the steamer Falcon, which is only chartered by that company.

EIMORE TO BURN OIL. Steamer Will Have Plant Installed While in Port.

While she is in port this trip, the steamer Sue H. Eimore, Captain Schrader, will have an oil burning plant installed to take the place of her present plant, which burns coal.

CATANIA SAILS FOR PORT COSTA. Having been delayed somewhat in the discharging of her cargo...

According to A. D. Parker, local representative of the company, February will be a banner month for them and up to the present the steamers belonging to the Associated Oil company have brought to the Columbia river 150,000 barrels of oil.

shipped fully 250,000 barrels to the tanks at Linnton. Of the steamers operated by the company...

THE STRANGER WITHIN OUR GATES

Frank Hart, Hagerman, Idaho—Friends and admirers of the late ex-Governor Steunberger are considering plans whereby the old cabin where the ex-governor used to make his home may be preserved.

Samuel Dwyer, Curtis, Wash.—Land values are rapidly increasing in our section of the state. A big farm adjoining mine was sold last week for \$65 per acre. I have 300 acres, which I could sell for the same figure tomorrow if I so desired, but we are just finding out what a good thing a Chehalis farm is.

Amos A. Calkins, Buffalo, N. Y.—It's back to the farm for us, all right. I have disposed of all my interests in Buffalo and have purchased 60 acres of beautiful land a few miles from the city. I am a firm believer in life on a farm, as the ideal existence, as well as a solution of the high cost of living problem.

SCHUMANN-HEINK SALE OPENS FEB. 19

Schumann-Heink's voice is of great range, volume and beauty, covering the entire compass, so that it may be called, in truth, both a contralto and a mezzo. It has almost as much color as an orchestra, now flute like, now giving the rich, mellow notes of a cello.

TWIN CITIES FOR LEWISTON RUN

Open River Transportation Company Puts in Ways at Celilo.

Preparations have been made by the Open River Transportation company to put in temporary ways at Celilo. As soon as they are completed the steamer Twin Cities will be pulled out and put in shape to go on the Lewiston run.

The management announced this morning that the first of March the Inland Empire will be placed on the run between Celilo, Kennewick, Pasco and as far up the Columbia river as Priest Rapids.

Going After Business. "We shall keep the steamer on that run as long as business justifies," said Captain Buchanan, superintendent of the Open River Transportation company, this morning.

Will Help Portland. Captain Buchanan explained that as the Open River transportation company is for the benefit of Portland merchants and shippers of the inland empire, the experiment of sending the steamer to Priest Rapids would be tried out, as the company believes that such a thing will be of great benefit to both merchants and shippers.

THE FATNESS OF HEALTH

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh forming food.

Samose is not a drug or a stimulant; it is a scientific flesh forming food that restores thin people to a normal condition of good healthy flesh.

These statements are confirmed by Woodard, Clarke & Co. Portland drugists offer to refund the money to anyone buying and using Samose who does not gain in weight as promised.

Readers of The Journal can obtain Samose from Woodard, Clarke & Co.

Scott's Emulsion will last a year-old baby nearly a month, and four bottles over three months. Given in small doses four times a day.

health is believed to have caused the act. Michaels was formerly chief train dispatcher of the Spokane Falls and Northern railroad, and has been prominent in local politics.

Pointexter Stays in Toga Race. (United Press Leased Wire.) Washington, Feb. 16.—Representative Pointexter of Spokane declared yesterday that the story that he had withdrawn from the senatorial race in Washington was "made out of whole cloth."

"I shall not withdraw under any circumstances," he said to the United Press. "I am in the race to stay and I expect to win. The situation is getting better every day. The circulation of the story that I have withdrawn is a favorable sign, because it shows they know my strength. It was made out of whole cloth, but it was sprung too early in the fight to have any effect."
