WALLOWA COUNTY
BACKS O'BRIEN

Woolgrowers of That Section
Commend Chief of Grazers
of the Forest Service.

Wallowa's attitude in the fight being waged by the Baker-Union Woolgrowers' association against Howard K. O'Brien, chief of grazing of the national forest service, with headquarters at Portland, was clearly defined yesterday when C. S. Chapman, district forester of the national forest service, received a set of resolutions adopted by the members of the Wallowa County Woolgrowers' association commending Mr. O'Brien for his work done there.

At the meeting of the Baker-Union Woolgrowers' association last Saturday resolutions were adopted condemning the treatment accorded the Baker-Union people at the hands of Mr. O'Brien and the alleged favoritism which they claim was being shown the Wallowa people. The matter was taken under advisement by the officials of the forest service and will be threshed out later. The resolutions received by the forest service were as follows:

"The Wallowa County Woolgrowers' association of Wallowa county, Oregon, in session at Enterprise, Or., on the 5th day of February, A. D. 1910, do hereby resolve:

"That it is the sense of this association that the supervisor, rangers and all other officials of the Wallowa national forest reserve have distributed the range to the woolgrowers of Wallowa county with the utmost fairness to all concerned and with good business judgment, and that we as an association do hereby extend our thanks and express our hearty appreciation to the officials of the Wallowa national forest reserve for such fairness, their courteous treatment of the woolgrowers of Wallowa county and for their constant desire to manage the range of the reserve to the best interest of the department and woolgrowers.

"Be it further resolved, That we recommend that wool sales be held in Joseph, Enterprise and Wallowa, Or., on the 5th and 10th days of July, A. D. 1910.

SCHROEDERS GIVEN
\$1500 FOR PROPERTY

H. C. Schroeder and his wife were awarded \$1500 by a jury in Judge Gantenbein's department of the circuit court yesterday afternoon for 1.72 acres of land appropriated by the O. R. & N. railroad for right of way through their property. The verdict was reached after one hour of deliberation.

The Schroeders, who live on the St. Johns-Troutdale line, refused an offer of \$500 from the railroad and the company brought suit to condemn. Six witnesses on their side of the case estimated the damages to the Schroeders' property from \$5000 to \$6000. One witness suggested that the land might be subdivided into half acre tracts as suburban property, but others thought this a dreamy and remote contingency. Attorneys for the Schroeders, on the other hand, attempted to quiz the witnesses on the changed value of the land if motor cars were put on and suburban services maintained. Judge Gantenbein ruled out these questions because there was nothing in the pleadings to indicate an intention to maintain frequent passenger service. Many of the farmers on the line are under the impression that the new line is for freight only, but the railroad attorneys said this idea was wrong.

MANLEY THOMPSON
HAS RECOVERED

Man Shot by Holdup Men at
Seven Mile House Rapidly
Regains Health.

J. Manley Thompson.

Manley Thompson, who was dangerously shot by holdup men at the Seven Mile house on the night of January 25, is again able to walk the streets, though his head is still heavily bandaged to protect the ear, from which half of one of the bullets was extracted.

Thompson recovered from his wounds in remarkably quick time. He spent exactly two weeks in St. Vincent's hospital. At first he was believed to have only a fighting chance for life. He has escaped with only the loss of hearing in his left ear, unless some unforeseen trouble develops.

When the highwaymen, who had driven to the Seven Mile house in an automobile, were met by Thompson on the porch, and he was thrown in throwing up his hands, he was shot in the side of the head. He grappled and while struggling with his assailant the second holdup man shot him, the bullet entering the head and a half above the heart. The first bullet struck the jawbone and split, half of it lodging in the inner ear and the other half beneath the skin in the top of his head. The second bullet passed through the lower part of his chest and was taken out at the back.

BAND CONCERT AT
BUNGALOW TODAY

Entertainment for Benefit of
Rose Festival Today—75
to Participate.

That the Bungalow theatre will be filled this afternoon for the band concert to be given by the Musicians' Mutual association was indicated yesterday by the advance sale of tickets.

The attraction will be perhaps the best ever presented here in its line. About 75 of the best performers in the city have volunteered to participate. The concert which is being given for the purpose of raising a fund with which to encourage street decorations during the Rose Festival week.

Three well known directors will conduct. Ralph W. Hoyt, president of the Rose Festival committee, will lead the opening number, a stirring march. W. H. Boyer and Charles Dierke will be the other directors.

Program of Concert.
The concert begins at 2:30 o'clock and following is the program:
Military March No. 1—Pomp and Circumstance—Edward Elgar
Conductor R. W. Hoyt.
Overture—"Rienzi"—F. Wagner
Conductor Charles Dierke.
"Dance of the Hours"—A. Ponchielli
Conductor Charles Dierke.
Cornet solo—"Sautons", from "Ste Cecile"—Charles Gounod
Ben Driscoll
Conductor, W. H. Boyer.
Grand Fantasia from "Aida"—Verdi
Three Dances, "Nell Gwynn"
Conductor, Edward German
(a) Country Dance.
(b) Pastoral Dance.
(c) Merry-makers Dance.
Conductor, Charles Dierke.
Serenade
Duet for Flute and French Horn.
H. C. Knight and Charles Walrath.
Selection—"Red Mill"—Victor Herbert
Conductor, W. H. Boyer.
March—"Sinner's Fate"—Sousa
Conductor, W. H. Boyer.

The New England states again last year led the rest of the country in the number of balloon ascensions for sport, there being 81 flights from Massachusetts and six from Vermont.

JONES INVITES
INQUIRY INTO
GRAFT CHARGES

School Board Architect Calls
Upon Directors to Hold Special
Meeting for Purpose of
Investigating.

T. J. Jones has asked the school board to investigate charges made against him by Alex McLeod. As architect to the school board Jones is accused by McLeod of employing him for private work which was paid for out of the public fund.

"I have called upon members of the school board to hold a special meeting, when I will demand rigid investigation," declared Jones yesterday. "I was given the assurance that the meeting will be called during this week. If not I will proceed on my own account not later than Tuesday. My physician has told me I must not leave the house before that time or my illness will become worse."

"There is something wrong about this business," said Jones. "It doesn't seem to me that McLeod would make charges to serve any personal end. I take the position that I did at first that it is all spite work. But now I believe that the spite work is being done with McLeod as a cover. It looks as though someone was trying to give me the worst of it. I have done my work for the school board as well as I knew how for many years. Now I am myself worthy of as full a hearing as is given anyone else."

Makes Dark Hints.
Jones intimated that he has discovered a sentiment unfriendly to him among certain members of the school board. He declares that he will not be ousted from the position he has held more than a decade without a vigorous battle. At the same time he makes no direct charges of collusion against him on the part of any members of the board.

"I simply want to see this matter thrashed out," asserted the architect. "It has come to a point where nothing less will be sufficient. Had I been able I would have appeared before the Friday meeting of the board. But I think this matter now of sufficient importance to call a special meeting of the board."

"An investigation of charges made by McLeod and others against Director Beach of the school board will be made at the same time. Director Beach expressed it as his desire some time ago that he and Architect Jones should together meet the charges with counter-vening proof."

Director Beach said yesterday that he had secured affidavits from Hansen and McDonald that controvert affidavits which were taken before Attorney John Jeffrey in the interest of McLeod and others.

McLeod Questions Jones.
"Architect Jones has dealt with deceit. Why is he afraid to face results?" questioned Alex McLeod last evening. "He told us that he gave me a recommendation similar to that published in The Journal yesterday afternoon. When he and Director Beach thought I was going to leave town they met one day in Mr. Beach's office. Mr. Beach dictated and Jones signed the recommendation. I was not present. Neither knew whether I was especially good at inside finishing or not, for I had not handled tools for 20 years. All this time I had been superintendent of construction. When I worked for Jones I was known as a draughtsman, because I drew many of the plans for school work to which his name was signed."

"Architect Jones says I was discharged for loafing. The truth of the matter is that Architect Jones compelled all who had business with him, including those who worked for him, to come to the Log Cabin saloon to meet him. That was Jones' headquarters and he was not often to be found elsewhere until H. C. Campbell, whose office was in the Mohawk building just across the street, became a school director. Then the word went around

Uric Acid Gravel

Is Caused by the Kidneys Being Unable to Carry the Poisonous Waste Matters Out of the Blood.

The urine of persons suffering from uric acid or gravel is generally scanty and after it has stood a while, a reddish sediment like brick dust forms in it. In advanced stages the uric acid sometimes appears as fine sand, or large crystals.

Those who pass gravel in any considerable quantity are usually troubled with inflammation of the kidneys, bladder and urinary organs, sour stomach, indigestion, heartburn, gout and rheumatism.

MAKE THIS TEST.

Put some morning urine in a vessel, let it stand 24 hours. If there is a reddish sediment in the bottom of the glass, or if the urine is cloudy or milky, or if you see particles or germs floating about in it, your kidneys are diseased and you should get a bottle of Warner's Safe Cure at once.

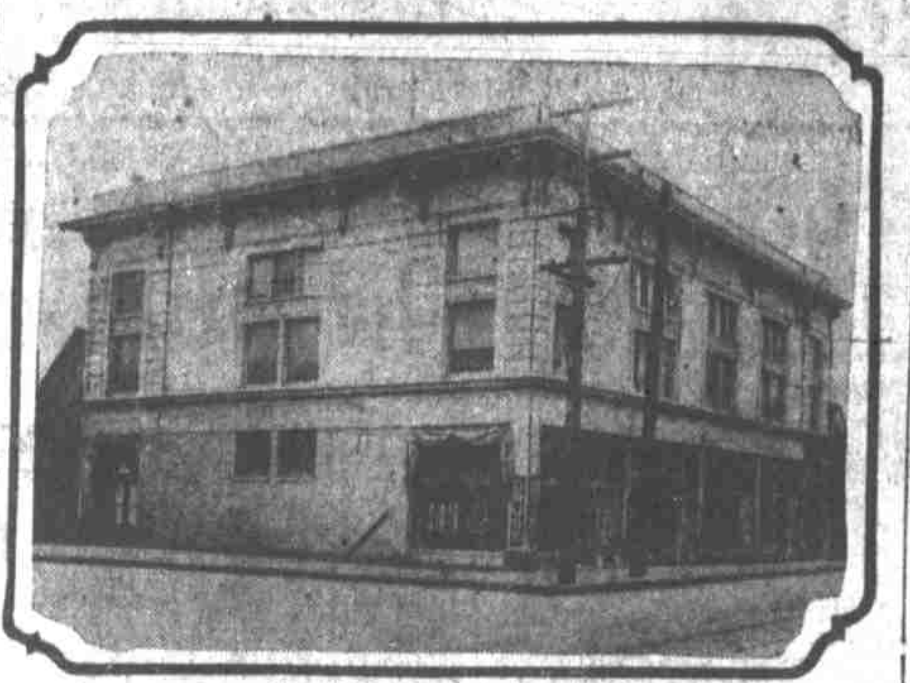

When the kidneys are diseased the uric acid is not carried off and this causes Rheumatism, Backache, Gout, Diabetes and Bright's Disease. Warner's Safe Cure drives out the uric acid and prevents and cures all forms of kidney disease.

Warner's Safe Cure is made from the fresh juices of plants and medicinal roots, gathered at the proper season in various quarters of the globe. Men skilled in botany and chemistry compound it. It is pleasant to the taste and agreeable to the most sensitive stomach. It is put up in 50c and \$1.00 sizes and sold by druggists everywhere.

Warner's Safe Pills, purely vegetable, absolutely free from injurious substances, a perfect laxative, cure indigestion, biliousness, torpid liver and constipation. They do not grip or leave any bad after effects. 25 cents a box.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will cure them, a sample bottle and a sample box of Warner's Safe Pills, will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in The Journal.

The genuineness of this offer is fully guaranteed by the publisher.

CELEBRATION OF MASONS
ON WASHINGTON'S BIRTHDAY

East Side Masonic Temple.

Following a custom inaugurated in the early history of Masonry in Portland, the east side bodies will join in a monster celebration on Washington's birthday. All members of these bodies and their families may attend this meeting. The bodies participating will be Washington lodge, Washington chapter of Royal Arch Masons, Washington council and Washington chapter Order of the Eastern Star. Invitations have been extended to attend the gathering to grand master of the Masonic lodge of Oregon, Dr. Morris R. Cox, to the grand high priest of the Grand chapter of Royal Arch Masons of Oregon, Edward E. Kiddle, to Phillip S. Malcolm, head of the Scottish Rite Masons in Oregon; W. H. Galvani, potentate of the Shrine; to grand eminent commander, Thomas C. Taylor, of the Grand commandery of Knights Templar in Oregon; to three illustrious master, S. S. Spencer, of the Grand council of Oregon; to the council of Portland chapter of Royal Arch Masons; to the eminent commander, Henry L. Bancroft, Oregon commandery, Knights Templar, and to other distinguished Masons of Oregon.

The chairman of the committee of arrangements of this event is Thomas M. Hurlburt. Next Tuesday will witness one of the most representative

gatherings of Masons at the east side Masonic temple, East Eighth and East Burnside streets, ever held in Oregon. The program arranged will be a most interesting one. The addresses of the occasion will be delivered by some of the best speakers of these bodies. H. G. Norton, master of Washington lodge, will preside.

The musical part of the program will be in charge of Professor W. M. Wilder. Wilder's famous quartet will be heard on this occasion.

Following the program the women will serve refreshments in the banquet hall. As the entire building will be thrown open for this event, no trouble is anticipated by the committee in handling the hundreds of Masons and their families who will join in this celebration.

The National Consumers' league is greatly interested in the question of the wages of women compared with the cost of living of wage-earning women. An exhaustive investigation is being made into this question in different cities throughout the country. The local branch of the organization has just decided to undertake the compiling of statistics regarding the wages paid women in different industries in Portland compared with the cost of living.

The visiting committee reported a scarcity of seats for saleswomen in some of the department stores. Several violations of the ten-hour labor law for women were reported by the legislative committee.

At the regular monthly meeting of the executive committee of the Consumers' league delegates were elected for the national convention of the league

to be held in Milwaukee, Wis., March 1 and 2. Miss Mary Montgomery and Mrs. Millie R. Trumbull are the delegates who will represent Oregon.

CLEETON BECOMES
JUDGE MARCH 1

Governor Appointed Him Judge
Webster's Successor in Hurry
Avoiding Annoyance.

Thomas J. Cleeton will become judge of the Multnomah county court on March 1, succeeding Lionel R. Webster, whose resignation, effective on that date, was forwarded to Governor Benson yesterday. The governor at once appointed Cleeton, thus heading off the rush of those who would have made his life burdensome in urging the claims of contending candidates had the announcement of the appointment been delayed.

The choice of Cleeton has been expected by those on the inside ever since it became known that Judge Webster intended to retire. He was the choice of Judge Webster, and he won out in spite of pressure brought to bear by friends of John C. Shillcock and Frank S. Grant.

Mr. Cleeton's advent promises no changes among county employees or deviation from the progressive policy pursued by Judge Webster in the conduct of county institutions and the building of good roads. In his administrative duties he will act with County Commissioners W. L. Lightner and Frank C. Barnes, who have served with Judge Webster for over three years.

Judge Cleeton's term will run until January, 1911, and his successor will be elected next November. He has never held office, but has practiced law in Portland for many years, and was once in line for United States district attorney, but was crowded out by a sudden turn of the political wheel.

Judge Webster refuses to take up his new work as general manager of the Oregon Good Roads association. He will establish an office in the Beck building, and will personally direct the organization of the county good roads units throughout the state. He will also take up the practice of law.

STUDEBAKER GARFORD
WINS RUN THROUGH MUD

In last Sunday's endurance run down at San Francisco bay, which the San Francisco Chronicle calls "The Annual Mud Plug," on account of the horrible condition of the road at this time of the year, the Studebaker Garford 40 car driven by J. H. Eagal of the Studebaker San Francisco house, finished with a perfect score. The entire run was made without engine trouble of any kind, not one mechanical adjustment was made, and not even a puncture occurred during the whole drive. This last victory of the Studebaker Garford makes the eighth perfect score made by a Studebaker in eight endurance runs held at San Francisco and vicinity.

The Studebaker Garford car left San Francisco at 6:15 a. m., arriving at San Jose at 8:35 a. m., going up the east side of the bay, arriving at Oakland at 11:15 a. m. On the return trip the car left Oakland at 12:15 p. m., arriving at San Jose at 1:30 p. m., arriving in San Francisco, going up the west side of the bay, at 5:15 p. m. The distance for the round trip is approximately 106 miles, over roads that are indescribably bad at this time of the year.

Endowments having furnished a financial nucleus, the municipal authorities of Frankfurt-on-the-Main, Germany, will aid in the foundation of a first class university for that city.

HOSPITALS TO BE
BUILT IN NORTH-
WEST BY SYNOD

This Conclusion Reached at
Meeting of Columbia Con-
ference of Augustana Synod
—One for Portland.

Hospitals will be established in Portland, Spokane, Seattle and Tacoma under the supervision of the Columbia conference of the Augustana Synod. This conclusion was arrived at yesterday afternoon when the proposition to build a hospital in Portland was brought up by Rev. C. J. Renhard, pastor of the Swedish Lutheran Immanuel church, before the annual meeting of the conference.

Rev. Renhard announced that so far as Portland was concerned the hospital matter had been investigated quite extensively and that a piece of ground had been purchased for a site, at the corner of Stanton and Commercial streets, with a view of soon having a suitable building erected thereon. This ground, it was stated, had been obtained by a voluntary committee consisting of 12 members, confident that the conference would take the matter under its wings.

The committee, composed of Rev. C. J. Renhard, Rev. B. S. Nystrom, A. L. Moreland, A. J. Staffanson, Rev. J. E. Nordling, J. W. Hawkins, S. Peterson, F. O. Carlson, A. Hendrickson, C. J. Larson, N. P. Hult and H. E. Sundquist, was appointed to continue the work and report to the next meeting of the conference. Similar action was taken in regard to the project to be taken up at Spokane, Seattle and Tacoma. The institutions will be known as Immanuel hospitals.

Having disposed of the hospital question, the conference completed routine work and adjourned to meet at Seattle on the second Tuesday in February of next year.

Last evening the thirtieth anniversary of the congregation in this city was celebrated at the church. Eighteenth and Irving streets, with a program consisting of vocal and instrumental music and addresses by Rev. J. E. Nordling, Dr. G. A. Anderson, Rev. M. L. Larson and Rev. C. E. Frisk. At today's services visiting pastors will preach.

\$150 for River Victim's Body.

Special Dispatch to The Journal. Shanks, Or., Jan. 19. Upon advice from relatives in South Dakota, the authorities here are offering a reward of \$150 for the recovery of the body of William O'Neill, who was drowned in the Deschutes river late Wednesday afternoon. O'Neill was a well known station man with McDonald & Nelson, sub-contractors on the railway construction work along the Deschutes river. The rowboat in which O'Neill and another person were attempting to cross the river capsized.

Endowments having furnished a financial nucleus, the municipal authorities of Frankfurt-on-the-Main, Germany, will aid in the foundation of a first class university for that city.
