## The action of the committee was taken in response to a request from the city health board for the money. President of the Council George L. The Fifth Member of the Pianola Family

Following the Weber, Another of America's Illustrious Piano-Making Firms Acknowledges Pianola Supremacy

Steinway Pianola Pianos Now on Sale at Eilers Piano House

THE LATEST OF WEBER PIANOLA PIANOS, STECK PIANOLA PIANOS, AS WELL AS STEINWAY PIANOLA PIANOS, AND THE MODELS KNOWN AS WHEELOCK AND STUYVESANT, THE ONLY FIVE MAKES CON-TAINING THE GENUINE PIANOLA MECHANISM, NOW DIS-PLAYED AT EILERS PIANO HOUSE, THE AUTHORIZED OFFICIAL REPRESENTATIVES OF GENUINE PIANOLA INSTRUMENTS.

A Wonderful New Weber Pianola Piano, Containing a Very Effective Electric Motor Device, Doing Away With All Physical Exertion-the First to Be Shown in the West—Also Included in Present Display at Eilers Piano House, 353 Washington Street—Informal Demonstrations of All Types of Pianola Pianos Now Being Held Every Afternoon.

As announced by us several weeks ago, another of New York's great planos, the Steinway, is now offered for sale at Ellers Piano House equipped with the genuine Pianola mechanism.

It is a fact of extraordinary significance that the makers of New York's large of the Weber Pianola II was larged that the makers of New York's larged that the make

cance that the makers of New York's two greatest planos—the Weber and the Steinway—should both decide that the Pianola is the only plano-playing ective makes, lough they are bitter competitors

in their determination to rank supremo and undisputed as the foremost Ameri-can plane of highest artistic merit, the decision of both Weber and Steinway as

years ago, the decision of the Steinway, based as it had to be solely upon the question of merit, had to come in favor of the Pianola, in spite of often re-As the Weber house, so also the Steinway house could not afford to associate and unite its product with anything, but the best, hence the Steinway Pianola now displayed at Ellers Piano House.

PLAYER MECHANISM ALL IMPOR-TANT.

In a Player-Piano the player mechan-ism is fundamental. It is a serious mis-take to select an instrument of this type solely on the reputation of the plane alone. No matter how high the Henry Cameron, of Columbus, Wash, has a tame coyote, which he says will answer to its name and is trained like a dog. In a letter to City Auditor Barbur he offers to sell the animal to the park board, or if the board has no use for it. This is because the player represents to any one else who wants a coyote.

If you solely on the reputation of the plano, no matter how high the standing of a plano, no matter how excellent its tone, the moment it becomes the player does not differ from the ordinary upright plano and planola Planos are sold on the Ellers liberal payment as a whole is depreciated, are fully as effective as the separate instruments, while being more convenient and economical of space. Ever

has been positively phenomenal. It was instantly accorded recognition in the highest musical and social circles. It has been said that the Weber plano plant was the only one of the great American plano factories which did not experience any decline in orders and in justice during the many control during the control during the many control during the control during t output during the many months of c pression from which the country h only recently emerged so splendidly.

ENORMOUS SALE OF WEBERS.

The enormous demand for the Planola lane brought about very naturally the ombination of the Pianola with New ork's other great and illustrious plano, he assinway. The Steinway Pianola lano will of Piano will, of course, be sold by Eilers Piano House, which is the only place in the Pacific west where the genuine Pianola Pianos are sold.

The Planola Piano is always available for hand playing without being able for hand playing withrout being limited to it. It has a keyboard like any plane. But when mahual dexterity can go on farther, or when the fingers tire or more especially when there is no one in the home who can play at all —it is only necessary to slide back a panel for the insertion of the perforated music rolls, and step immediately into the field of all the music there is.

highest artistic reproductions are absolutely impossible.

SOLD ONLY AT EILERS.

In every section of this country and abroad an authorized exclusive wholerouths of decountry has splendidly.

WEBERS.

or the Plancia

or the Plancia The House of Ellers will continue, as a the past, to be the only authorized actory representative of all genuine Pianola instruments.

At every Ellers establishment throughout the west, and at no other estable lishment, can be found the Weber and the Steck and the Steinway and the the Steck and the Steinway and the other genuine Pianola Pianos.

Filers Piano House now offers a Pianola Piano for \$500, and at intermediate prices up to \$1875 for the most supreme Pianola Piano achievement, the Weber Grand Pianola Piano, admprising a Weber Piano with the interior Pianola. In securing an installment of Pianola. In securing an instrument from Ellers Plano House every buyer has the sasar-ance that his purchase embodies the very latest—the last word, as it were in the development or musical instru

Heavy Expense.

Attention was called to the poor construction of the deck of the Union avenue bridge yesterday afternoon by the city engineer when he was called before judiciary committee of the city council to explain why a bill for re-pairing the structure had been presented to the city by the contractors.

The Union avenue bridge was built

two years ago when D. W. Taylor was city engineer. Jesse Hannam, who was assistant engineer under Mr. Taylor,

Hannam's dismissal was one of the
