

No. 18 THE JOURNAL'S PHOTOGRAVURE COUPON Feb. 24 1910

Seven consecutively numbered coupons, WHEN PRESENTED AT THE JOURNAL OFFICE, WITH 5c. will be good for one of the series of four Fine Art Photogravures offered by The Journal.

To secure the other pictures of the set, follow the same instructions. These coupons will appear daily for several weeks.

If pictures are to be sent by mail, 15 cents should be remitted to cover postage and packing.

Name

Address

IMPORTANT NOTICE REGARDING JOURNAL PICTURES

Another large shipment of Journal Photogravures is en route from the East by fast freight. The demand for pictures has been so great that the first consignment is entirely exhausted.

The coupons will continue to appear every day and Journal readers are requested to cut them out as heretofore. Don't, however, bring them to the office until The Journal announces the receipt of the shipment now on the road.

Out-of-town readers who are intending to have their pictures sent by mail CAN SEND THEIR ORDERS IN AT ANY TIME and they will be filled as soon as the next shipment reaches Portland.

Thousands of people presented their coupons at The Journal office this past week and took their choice of the beautiful photogravures. The demand was much larger than The Journal expected it would be for the first week.

BROUGHT CRIMINAL RECORD WITH HIM

William Dean, Much in Trouble, Succeeds in Breaking Into Prison Once More.

William Dean, with a long criminal career, with records in American and English prisons, and at one time paroled by the local circuit court, was arrested last night, accused of robbing the home of J. V. Finch, 411 Fourteenth street. Dean was released from the state prison January 6, 1908, after serving a sentence for burglary.

On the night of January 23, 1910, the Finch home was entered, and goods valued at \$800 stolen. Among the goods was a pistol, and this was found yesterday evening in the possession of Dean. Several letters of an incriminating nature were also found. Detective Coleman and Snow have been working on the case since the burglary and have had Dean under surveillance. A woman who gave her name as Olive Cook was found with Dean. Lyle Hallett, who said he was the woman's brother, was also arrested.

Three days after Dean was paroled last year he and Harry Richmond were arrested for holding up F. Tillotson, a mining broker with offices in the Falling building. He was stopped by the two men in the shadow of the White Temple. Police Sergeant Goltz arrested Dean and Richmond the same evening. They were given six months each on the rockpile, as the case was not sufficiently strong to warrant a prison term. Soon after getting off the rockpile, Dean was accused of another robbery, but was released. The records in the detective bureau further show he served time in London, England, prisons.

Dean, the woman and her brother, are held at the city jail. They were arrested in rooms in which they had been living at Twenty-sixth and Thurman streets.

Amendments permitting the state to conduct a hall and tornado insurance, providing a 1-15 mill tax for reforestation and permitting the legislature to exempt timber lands from taxation are among six proposed changes in the state constitution to be voted upon next November by the voters of Minnesota.

The Mexican state of Chihuahua will establish a reform school for youthful criminals and vagrants, who will be taught scientific agricultural methods.

SOCIAL and PERSONAL

(Social news is a daily feature of The Journal. Any one wishing to insert such news should send it to the society editor or telephone it before 10 o'clock in the morning.)

Mrs. Samuel C. Kerr entertained informally at bridge yesterday afternoon, complimentary to Mrs. Harriet B. Greer of Illinois, who is the house guest of Mrs. Guy W. Talbot. The prize, a beautiful basket of tulips, was won by the guest of honor. Asked to meet Mrs. Greer were Mrs. Guy W. Talbot, Mrs. C. J. Reed, Mrs. William McManter, Mrs. Marion F. Dolph, Mrs. Frank Freeman, Mrs. John E. Cronin, Miss Hazel Crocker, Mrs. Louis H. Tarpley, Mrs. E. C. Shevlin, Mrs. Morton Insley, Mrs. W. H. Skene and Mrs. Fred H. Strong.

James A. Cranston gave a luncheon at the Arlington club Monday in honor of C. M. Clark. Mr. Clark is a member of the firm of A. W. Clark of Philadelphia, the owners of the Portland Railway, Light & Power company. Asked to meet the guest of honor were W. D. Wheelwright, Dr. Adamson, B. S. Josselyn, Thomas Scott Brooke, Rodrick Macleay, Oskar Huber, John C. Almsworth and John M. Geatin.

The peerless Schumann-Heink charmed the music lovers of society last night at the Armory, when she made her appearance under the patronage of the Lois Steers-Wynn Coman management. It was a very brilliant and smart audience that greeted the singer, and one that filled the big Armory. Many dinner parties and supper parties preceded and followed the concert. Madame Schumann-Heink received an ovation on each of her appearances, and was looking distinguished in an exquisite gown of silvery blue satin, elaborated with triangular insets of iridescent cloth of silver. On her left shoulder, and adding

a brilliant touch to the costume, was the elaborate decoration with which Kaiser Wilhelm recently honored her for her singing of Meyerbeer's "Le Prophete" in Germany. An innovation was provided last night in the adoption of the custom prevailing in the larger cities of stationing all the carriages and automobiles at the Eleventh street entrance, thus avoiding the usual crush and confusion of the miscellaneous exit.

Mr. and Mrs. George W. Brown are at the New Porter in the City of Mexico. They are enjoying an extended trip through California and Mexico.

In honor of Miss Vivian Marshall, who will leave March 10 for Europe, Mrs. Gustave Hoffman entertained at 509 yesterday afternoon at her home on Savier street. The house was decorated with pussy willows and greens. Mrs. Hoffman received her guests in a lavender silk mill, while Miss Marshall wore an embroidered pongee with blue trimmings. Assisting in entertaining was Mrs. Hoffman's sister, Mrs. E. Sorenson. The prizes were won by Miss Frances Jeffrey and Mrs. William McAtee. The guest list included Miss Vivian Marshall, Mrs. Dwight Edwards, Mrs. John Burgard, Mrs. D. McLaughlin, Mrs. Charles Lucas, Mrs. William McAtee, Mrs. George Kaddery, Mrs. Harry Thompson, Mrs. Charles Crocker, Mrs. Claude Seranous, Mrs. Bartholomew, Miss Nina Lawler, Mrs. Frances Jeffrey, Miss Pearl Sargent, Miss Grace O'Neill and Miss Dagmar Korell.

Mrs. William J. Kanders entertained yesterday afternoon at cards for her sister, Mrs. Edward Jacobson of St. Paul, who is here to spend a few weeks. Mr. Jacobson has business interests in the west and is touring the state while his wife remains here. The Washington's birthday idea was carried over into Wednesday and the parlors were draped with flags, and red, white and blue flowers were used on the mantles and tables. Military whist was played, with each table representing a country. The Japanese table won and the honors were given to Mrs. Ward Franklin, Mrs. Henry Thomas, Mrs. D. L. Johnson and Mrs. T. K. Gordon. The prizes were pins showing the union seal. Re-

freshments were served at the card tables by girls frocked in white with red and blue sashes. The patriotic color scheme was sustained in the paper napkins and the refreshments. Tiny silk flags were the favors. The girls assisting in serving were Miss Tillie Kunder, Miss Rosalie Thomas, Miss Frances Dawson and Miss Helen Williams. The guests of the afternoon were Mrs. William H. George, Mrs. Howard L. Cotton, Mrs. H. G. Worden, Mrs. Louisa Ford, Mrs. Ronald P. Smith, Mrs. Katharine A. Hedger, Mrs. Harry Dayton, Mrs. Harvey Sutton, Mrs. William O. Dale, Mrs. Sydney Merton, Mrs. T. L. McAllister, Mrs. J. V. Rawlinson, Mrs. H. K. McCollum, Mrs. Herdy Wilkins, Mrs. Peter Perkins, Mrs. Verne Siddons, Mrs. Wally Hardin, Mrs. Frank Porter, Mrs. Edgar T. Smith, Mrs. Ell G. Rusk, Mrs. Sarah Stewart, Mrs. Wilbur H. Percy, Mrs. Ulysses Grant Walker, Mrs. Sherman H. Primer and Mrs. Charles L. Porroy.

Mrs. Celeste Moore has arrived from Seaside and is the house guest of Mrs. T. T. Strain on Portland Heights.

Mrs. W. F. Shine will entertain informally tomorrow afternoon in her Thirty-first street home.

Mrs. Francis H. Alliston entertained her bridge club yesterday afternoon at

her home on Twelfth street. There were two tables of bridge.

Mr. and Mrs. Oliver King Jeffery returned early in the week from Seattle, where Mrs. Jeffery has been visiting for a couple of weeks.

Mrs. N. B. Taylor and Mrs. Frank Bennett will be joint hostesses at five hundred Friday afternoon.

TUNNEL CAVE BLOCKS S. P. IN CALIFORNIA

(United Press Landed Wire.) San Luis Obispo, Cal., Feb. 24.—Passenger and freight traffic on the Southern Pacific coast line is suspended today on account of a caved in tunnel near this city. All trains are being diverted over the San Joaquin Valley tracks. It will probably be a week before the tunnel is cleared and the tracks repaired.

Fifty feet of tunnel No. 10 on the Coasta grade collapsed shortly after midnight. Workmen were rushed to the scene, but owing to conditions there the repair work must proceed slowly.

The cave is attributed to a weakening of the tunnel supports during the process of replacing wooden pillars and joints with concrete and steel construction work.

There is Only One "Bromo Quinine" That is Laxative Bromo Quinine

MINERS MEET TO ORGANIZE

Oregon Branch Will Have Nine Members on the Board of Directors.

The Oregon branch of the American mining congress held a meeting yesterday afternoon, at which further and more definite steps were taken toward carrying out the plan of the recent organization. The board of directors was increased to nine members, and I. N. Muncy, representative from Curry county, was elected to a place on the board.

In increasing the directorate, it was the intention to have four men from sections of the state outside of Portland, and the three other places yet remaining to be filled will undoubtedly be provided for at the next meeting of the congress, which is to be held on Wednesday next.

C. F. Beebe and Alex. Nibley, representing the cement and lime trade, have joined with the congress in its movement. The organization of the Oregon branch of the national congress is in line with the policy of the latter organization. It is desired to organize the mining interests of the country for legislative and other protection.

The local organization desires to secure the creation of a state mining bureau and state inspector of mines, just as the national organization is working for the creation of a federal bureau of mines. A state geological survey is also wanted.

It is contended by the mining interests that the present conservation policy works against the mining men by giving preference to timber men and the creation of forest reserves before the claims of mining men on miner lands. The state mining congress will attempt to secure such legislation as will aid in the development of the mining interests of the state, following the lead of the national congress, which is laboring for similar federal legislation.

Napoleon B. Broward, former governor of Florida, will be a candidate for the seat of J. P. Tallaferra in the United States senate. Senator Tallaferra's term will expire a year hence.

Riper Hedebeck is the peerless plug chewing tobacco. Champagne flavor. Sold everywhere. Try it.

Amendments permitting the state to conduct a hall and tornado insurance, providing a 1-15 mill tax for reforestation and permitting the legislature to exempt timber lands from taxation are among six proposed changes in the state constitution to be voted upon next November by the voters of Minnesota.

The Mexican state of Chihuahua will establish a reform school for youthful criminals and vagrants, who will be taught scientific agricultural methods.

TALKS on TEETH

BY THE REX DENTAL CO.

Wisdom Teeth at Sixty

Most people, before they reach the age of 60, are seriously interested in the tooth question.

From one cause or another, nature's great gift has either partially or wholly failed, and a state of hardship and in some instances an impossibility.

We are then driven to seek relief through dististry. A few years ago Dr. E. Rex made a discovery which revolutionized the practice of dististry, as much as the self-binder accomplished in supplanting the cradle in harvesting grain.

It does away with the plate process and its inconveniences, or with bridge work and its failures.

The Alveolar method surely "meets a long felt want." A prominent banker of this city says: "Like many others, I was a coward about my teeth. I kept putting off to see the dentist until it grew to be a necessity. For two years I had been investigating the Alveolar system. It attracted me from the first, and the fact that other dentists did not approve of it was no discouragement to me."

"I finally had the work done. I got through without finding the pain which I had dreaded and was looking for. This was a surprise as well as a relief to me. My front teeth were badly broken or entirely gone, with only two of the jaw teeth that came together, and they were wearing badly. I now have a full set of solid uppers and lowers, and can bite and chew as well as I ever could."

"I consider I was wise in getting the Alveolar system of teeth, and therefore say I have my wisdom teeth at 60."

The process we use is entirely different and a wonderful improvement over anything in use before, and like the inventors of the self-binders, we have patented our inventions and discoveries in six countries.

All we ask is that there be two or more teeth in either jaw—tight or loose ones. If they are loose we will tighten them—another process known only to us. We cure the dreaded disease pyorrhea (Riggs' disease).

We have hundreds of patrons scattered over the country who have the supreme satisfaction of good teeth supplied by our method. Write us and we will, if you wish, give you names of patrons as references and a letter introducing you to the manager of our nearest office. We have large offices in several cities.

Dr. Rex's book, entitled "Alveolar Dististry," tells of this work and goes deep into the teeth subject. We send it free.

It is the next best thing to a personal visit to our office. A consultation and careful examination are absolutely free to those who come in. No obligation goes with it.

The Rex Dental Co., dentists, 311 to 314 Abington bldg., 104 1/2 3d st. Sundays, 10 to 12. Terms to reliable people.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble.

Special Bed Offer

This \$12.00 Vernis Martin Bed, Only **\$6.95**

This undoubtedly is the best Bed bargain offered this season. It is one of the Simmons' best and most popular models; the brouze is made to adhere to the malleable iron by the Simmons patent electrical process, and is guaranteed not to rub off through usage. We have the exclusive agency of these celebrated Beds, and are offering a special introductory price.

NO. 1563. This is the style number, and it is just like the cut. Those large ovals at head and foot are made of one-inch malleable iron, while the corner posts are of 1 1/2-inch material; full size, and thoroughly well made of best malleable iron and the Vernis Martin finish, is of the most perfect product, far superior to the ordinary oven baking found in other makes of beds. The Simmons electrical process is protected by patent. The regular retail price is \$12.00, our special introductory price **\$6.95**

Smith's Axminster Rug \$1.49

These Rugs are 27x54 inches in size, extra heavy piling, splendid colors that are warranted fast; rugs that are fit for any room in the house. Regular \$3 values, made **\$1.49** a special for Friday at...
