

FAMOUS BANDS FOR THE OAKS

Five Musical Organizations to Be Heard at Amusement Park This Season.

The Oaks will abound in good band music the coming season, for John F. Cordray, president of the United Amusement company, which holds a five year lease on this resort, has engaged six of the most famous bands of the country to play at various periods throughout the season. A large auditorium will be erected for these band concerts, for they will be given rain or shine and so cannot be subject to the discomfort of an open air pavilion. The engagement will involve \$50,000. Mr. Cordray says he is making the risk because he is so confident of Portland's love of and appreciation for good band music.

From May 30, opening day, to September 30, closing day, there will be daily concerts by one of these six important organizations. Ellery's band, Liberator's, the American band and orchestra of Providence, the De Navassa women's band, Ferullo's band, and the Don Phillipini. Ellery's band played here during the Lewis and Clark exposition and won much popularity. Liberator's band is one of the most widely known in the world. The Providence band is said to be the leading band of New England and has been declared

by prominent band experts as the best street band in the country. The De Navassa band owes much of its success to the novelty of its being a women's band, but it is a splendid musical organization as well. It has 44 pieces and the largest women's band in the world. Ferullo was the popular director of Ellery's band when it played here at the exposition and now has a fine band of his own. The Don Phillipini is a Spanish organization now touring this country. Following is the order: May 30 to June 26, Liberator's; June 27 to July 5, the American; July 6 to July 17, Don Phillipini; July 18 to August 10, the De Navassa; August 11 to 31, Ferullo's, and from September 1 to 30, Ellery's.

New Theatre in Indianapolis.

Indianapolis, Feb. 28.—The Murat theatre, one of five new playhouses to be constructed in Indianapolis the past few years to be devoted to regular theatrical performances, opens for the first time tonight with the musical comedy, "Havana," as the initial attraction. The new playhouse, which is to be under the management of the Shuberts, is declared by theatrical men to be one of the best appointed as well as one of the largest theatres in the country.

For Uniform Education.

St. Louis, Mo., Feb. 28.—A special committee of 20 prominent educators met in this city today to recommend plans for the unification of public and high school education in Missouri. The object is to bring about the adoption of a uniform system of education from the elementary schools to the state university.

Though not the largest, Germany claims to have the most powerful telescope in the world in its Treptow observatory.

Some Advice About Colds

Take a warning from the first sneeze and check a cold before the lungs are affected. An effective remedy for coughs and colds is made by mixing a half ounce of Virgin Oil of Pine compound pure with two ounces of Glycerine and eight ounces of pure Whisky. These ingredients can be bought in any first-class drug store and easily mixed together in a large bottle. It is claimed that a teaspoonful of the mixture four times a day will break up a cold in twenty-four hours and cure any cough that is curable. This formula is highly recommended by the Leach Chemical Co., of Cincinnati, in whose laboratories the genuine Virgin Oil of Pine compound pure is prepared.
