Name \_\_\_\_\_ Address \_\_\_\_\_

NOTICE REGARDING PICTURES

The second shipment of pictures has not arrived, but is expected in a few days. Announcement will be made in this space as soon as they arrive.

NEW INSPECTOR HAS EXPERIENCE

Graduate of University of Minnesota; Member of American Civil Engineers.

H. E. Plummer, Newly Appointed Building Inspector.

Horace E. Plummer, the recently appointed city building inspector, received his engineering education at the University of Minnesota. After leaving college he spent three months as rodman in the office of the city engineer of Minneapolis.

ARITHMETIC AND FOOD School Children Must Be Fed Right.

A young girl in Ind. says no one has a better right to speak of Grape-Nuts food than she. "I was in school, but in poor health, totti. Mamma began to give me Grape-Nuts food. I began to improve at once, both mentally and physically, and I improved so in my work at school that I got 100 in arithmetic and during that time I gained 3 or 4 pounds in weight."

SELL SHAMROCKS FOR ORPHANS' AID

Oswego Institution Expected to Receive Large Sum; Nearly Hundred Wards.

Shamrock tag day to take place on Thursday, St. Patrick's day. It means taken to lift a portion of the \$65,000 debt on the Oswego orphanage. The home, which is a four story brick building, with all modern conveniences, was finished July 4, 1908. It was built in the place of the old home at St. Paul, which was burned in 1901.

Hoben and Miss Williams.

MODERN APARTMENTS PLANNED FOR LONDON

(Publishers' Press Pressed Wire.) London, March 12.—A group of American capitalists is having plans prepared for the erection of a towering pile of flats, in one single edifice, on the summit of Richmond hill. The site selected, which has been in the market for some years, is that of Annerker house, a Georgian mansion of considerable interest and an old time hunting box of the Duke of Ancester, situated opposite the Star and Garter hotel and adjoining the park gates. The Crown on enfranchising the estate, from copyhold, stipulated that buildings over a certain height should be set back 50 feet from the park, but outside that distance there is no height limit, and the proposed structure, nearly 400 feet in length of the park frontage, would enjoy unparalleled views both over the domain and the world famed Richmond hill scenery. The general idea is that the architecture shall approximate to and follow the leading features of well known lofty edifices in New York, and be fitted with appliances for luxury and domestic economy quite novel to this country. There is nothing of this character at present in England.

ELECTORS WILL DECIDE FATE OF MANY MEASURES

Ballots at Next General Election, November 8, Will Be as Heavy as in 1908; U'Ren Has Five Bills.

(Salem Bureau of The Journal.) Salem, Or., March 12.—At least 19 measures will be submitted for the consideration of the electors at the next general election to be held Tuesday, November 8. One has been referred by the people by virtue of the referendum, six are bills and amendments to the constitution referred by the legislature, five are amendments to the constitution proposed by the initiative largely through the ministrations of William S. U'Ren of Oregon City, and the remaining seven are initiative bills and amendments proposed by other organizations or groups of voters. The bill that has been referred by the people was passed by the legislature last winter. It attempted to increase the salary of a judge of the circuit court in the Eighth judicial district, including Baker county, adding the additional expense upon the counties in the district. The people objected, and within the statutory period after the legislature adjourned filed a petition demanding the referendum.

Provisions of Amendments. Two of the amendments referred by the legislature relate to taxation, and they are proposed with a view of improving the present methods of assessing certain kinds of property, such as franchise. Another amendment proposed by the legislature provides for a redistricting of the state after the thirteenth census and placing representation in the legislature on a district basis, like the lower house of congress, instead of upon the counties at large, as at present. Another legislative referendum is an amendment to the constitution with the object of extending the constitutional limitations so that, if ever need be, the state may own and operate its own railroads. Two bills are proposed by the legislature, one calling for a constitutional convention and the last for the establishment of a hospital for the insane in the eastern part of the state. Suffrage for Women. Among the initiative measures are some of importance. A bill providing for state wide prohibition is one. Another, which has already been filed, proposes to extend suffrage to women who pay taxes. The labor interests have initiated a measure modeled after the employers' liability bill defeated in the legislature last winter, extending the liability of the employer in case of injury to the employee. There will be three measures submitted to the voters calling for the establishment and maintenance of three normal schools, for which the legislature last winter refused to provide. A bill has been introduced to create the new county of NeSmith from Lane and Douglas counties. There is sentiment in favor of creating some new counties in eastern Oregon, but it is now believed that these proposals will not be put up to the people at the next election. The promoters will go before the legislature first. With the five amendments proposed

by Mr. U'Ren, through the Direct Power League, this equals 19 measures to be put on the ballot next fall—a number exactly equal to that submitted in 1908. None will be as long or require the study that the corrupt practices act did two years ago, nor are any so confusing as the two fish bills proposed two years ago. The five bills prepared by Mr. U'Ren provide for the "short ballot" system of government, or for one executive in Oregon; will be concerned with the administrative power and responsibility, making it more difficult to appeal to the supreme court; to centralize the county government; to make a county business manager totally responsible, and to extend and make more effective the initiative and referendum reservations.

ELABORATE PROGRAM FOR ST. PATRICK'S DAY

The Catholic club of St. Lawrence parish has prepared an elaborate program in honor of Ireland's apostle. The program will be of a literary and musical character and bids fair to be the most pretentious celebration of the feast held in the city this year. Hon. J. Hennessy Murphy, the noted Gaelic scholar, is down for the principal address. Some of the best vocal stars in the city will do the entertaining. B. C. Jones will be chairman of the evening. The program follows: Overture, melody of Irish airs, St. Lawrence orchestra; "Come Back to Erin," Miss Dagmar Kelly; "Killarney," Mrs. F. J. Ruckert; "Killarney, My Home O'er the Sea," Augustine B. Cain; "Kathleen Mavourneen," Miss Anna M. Twiss; "Father O'Flynn," Frank D. Hennessy; lecture, "The Impress of St. Patrick on Contemporary History," Hon.

HALF OF COUNTY'S TAXES COLLECTED

Sum Taken in Up to Closing Time Yesterday Was \$2,030,538.

Fully half of Multnomah county's taxes for the year 1909 had been collected when the tax department of the sheriff's office closed for the day last evening. The total tax roll is \$4,239,527. The sum collected up to Saturday was \$2,030,538, and it is estimated that \$20,000 came in yesterday. On Friday the amount collected was \$1,630,300. The cashier's office will be open tomorrow night and Tuesday night for the convenience of those who cannot come in ordinary business hours and desire to pay their taxes in person. Those who have statements of their tax may mail in checks or money orders, with the discount of 3 per cent subtracted. The rebate will not be allowed on any payments mailed after Tuesday, as that is the last day allowed by law. After Tuesday half payments may be made up to April 5, but without rebate. After the first Monday in April all taxes unpaid will be delinquent and a penalty of 10 per cent, with 1 per cent per month interest, will attach. Taxpayers of a saving disposition should remember that just two days are left in which to receive the 3 per cent rebate. After that the full amount will be collected.

SHERMAN-CLAY TO HAVE FINE QUARTERS

G. F. Johnson, general manager of the Sherman-Clay company, has returned from Seattle, where he completed arrangements for a skyscraper to be erected for the Seattle home of the big piano house. The building will be a steel and concrete structure and will occupy a corner in the center of Seattle's new retail district. This company has established a chain of 10 branch houses in Oregon and Washington in the past few years, and is now completing arrangements for greatly extending its operations in the Pacific northwest. Oregon Staff Is Busy. (Special Dispatch to The Journal.) University of Oregon, Eugene, March 12.—Charles W. Robison and Leslie Dobbs, as editor and manager, head the staff which is putting out the 1911 junior annual. The Oregon is the official year book of the university and each year is published by the junior class. This year through the advertising support of the Eugene business men the staff will have at its disposal over \$1500, and proposes to put out the best publication in the history of the college. An especial effort is being made to picture the student life at Oregon as it really is.

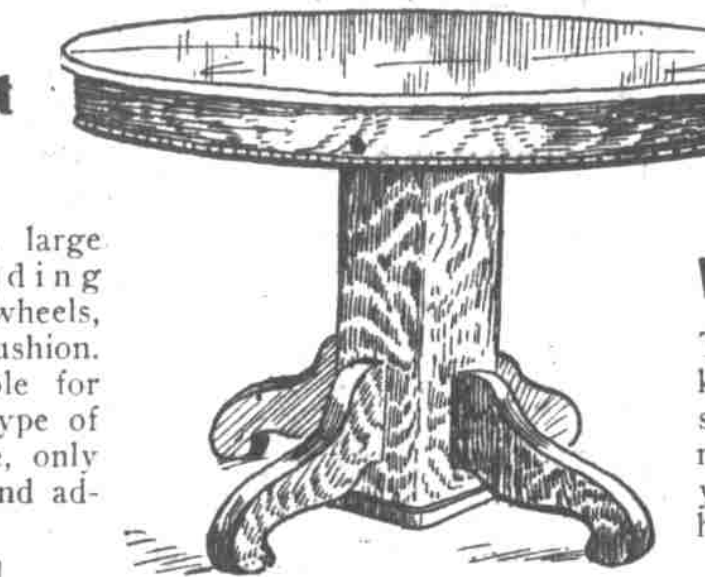

Credit

THE RICH MAN USES HIS CREDIT UP TO THOUSANDS OF DOLLARS BECAUSE IT PAYS HIM TO DO SO. THE POOR MAN, WHO DOES NOT WANT TO STAY POOR, MUST USE HIS CREDIT, TOO. WE GIVE CREDIT TO ALL AT PRICES WHICH WE ARE NOT AFRAID TO PUBLISH. THOUSANDS HAVE TRIED OUR EASY PAYMENT PLAN WITH SATISFACTION AND PROFIT.
