

Manufacturers' Surplus Sale!

Our eastern buyer was fortunate in securing the entire surplus stock of several interior factories at extravagant discounts on the regular list prices—evidence of which appears in our ad here today—and there will be more to follow. Our business connections not only give us abundant capital but enable us to drive closer bargains in the wholesale and manufacturing centers of the east, advantages not enjoyed by the average furniture retailer. This gives us wonderful power in making low prices. Entire stock of furniture, carpets, rugs, etc., at sensational prices

JUST LIKE CUT

A Quartered Oak, Box Seat

Dining Chair \$1.65

A Regular \$3.00 Chair

No. 1056—Made just like the cut, in best eastern quarter-sawed oak; full box seat, tendon jointed, corners blocked and thoroughly glued and will last a lifetime in daily service. An oak chair going at the price of common fir. That's what this low price means. Where is the Portland dealer who can buy such chairs at this price, much less sell them? Orders will be accepted and delivered at the earliest possible convenience.

Dining Chairs

We, in conjunction with our associates, took the entire surplus stock of a chair manufacturer in Indiana, hence are able today to offer you these wonderful bargains. You have never before purchased these High Quality Chairs at these ridiculous prices. Do not allow any one to bluff you with the old fling that this "is mere advertising guff," but use your rightful independence and come and examine the goods before you give your order anywhere. Listen to no envious competitor out with his "hammer." All we ask is that you inspect our stock. It is all in the buying. We buy right and sell right. We often
