ELECTION IN MASSACHUSETTS

Three Candidates to Succeed the Late Representative William C. Lovering.

Boston, Mass., March 21.—An election is to be held in the Fourteenth Massachusetts congressional district tomorrow to fill the vacancy caused by the death of Representative William C. Lovering. The campaign which closed today has been one of the liveliest that Massachusetts has had for several years. With the country surveying it as a barometer of public opinion on the issue of the Taft administration and in view of the political uncertainty attending the cost of living agitation, the result of the election is regarded as of national interest and importance.

Three candidates are in the field, William R. Buchanan, Republican; Eugene N. Foss, Democrat, and John McCarthy, Socialist. The district is normally Republican by 12,000 to 14,000 in presidential years, but the plurality usually given was greatly cut down in the last election. This fact has given the Democrats ground for hope that they may be successful in tomorrow's contest. The Republican managers profess to have not the slightest fear of losing the district to a Democrat, but at the same time they have deemed it wise as a matter of precaution to put Senator Lodge and other prominent party leaders and orators on the stump in the interest of the Republican candidate.

William R. Buchanan, the Republican standard bearer, is a Brockton editor. In his letter of acceptance he proclaimed himself an opponent of Cannonism, a believer in the income tax and a foe to all trusts that are doing business illegally. In conclusion he said: "I believe in protection to American labor where that protection may be needed to foster new industries or maintain old ones. But I do not believe in a protective tariff that enables the manufacturer to charge extortionate prices for his product at home and at the same time sell that product in a foreign market at a reduced cost."

Eugene N. Foss, the Democratic candidate, is one of the most picturesque figures in New England politics. Until about a year ago he was a Republican and had been twice an unsuccessful candidate for congress on the Republican ticket. Then he switched to the Democrats and in the last election he was the candidate of that party for lieutenant governor. He is rated in the millionaire class and has been a liberal contributor to the state and national campaign funds.

In the announcement of his candidacy for the Lovering seat, Mr. Foss declared himself in favor of free raw materials, lower cost for necessities, better trade relations with "our neighbors," the income tax and conservation.

Gold Dust
the composite cleanser

We would be forced to enlarge our factories many times if Gold Dust was used for ALL the purposes in the homes where it is already used for SOME purposes.

When you use Gold Dust—the composite cleaner—you do not need to use borax, ammonia, kerosene or naphtha.

Please read the directions on the package.

Gold Dust is safe, economical and harmless to hands or fabrics.

HOUSEHOLD CARES

Tax the Women of Portland the Same as Elsewhere.

Hard to attend to household duties
With a constantly aching back.

A woman should not have a bad back,

And she wouldn't if the kidneys were well.

Doan's Kidney Pills make well kidneys.

Here is a Portland woman who endorses this claim:

Mrs. A. Canavan, 330 Lincoln street, Portland, Or., says: "In 1903 I used Doan's Kidney Pills with such beneficial results that I gave them my hearty endorsement. I still think of them and advise their use whenever I have an opportunity. For two or three years kidney complaint had clung to me, my back being so lame that I was unable to attend to my household duties at times. Dizzy spells were common and I was also subject to headaches. The use of home remedies and more than one preparation guaranteed to be a sure cure for such troubles failed to give me relief. Finally I learned of Doan's Kidney Pills and procured a box. I used them according to directions and they gave me more relief than all other remedies I had taken combined."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — DOAN'S—and take no other.

SEATTLE PACKER TO OPEN HERE

Frye & Co. Will Establish Plant in Portland; Will Not Fight Local Firm.

"As soon as suitable arrangements can be made and conditions develop we intend to put in a packing plant at Portland," was the statement made today by T. V. Tatum, superintendent of branch houses of Frye & Co.

"We have come to Portland to stay," says Mr. Tatum, "and will do business here just like we are doing business at Seattle. We will get the business and can assure all interests that there will be competition in the dressed meat trade in Portland hereafter.

"We did not come here to fight the Union Meat company or Swift & Co., but to get business, and we intend to get it by all fair means. However, if the Union Meat company intends to 'buck' our entrance into Portland we can and will fight back. Mr. Frye, who is in absolute ownership of Frye & Co., is the largest individual packer of meats in the entire country, save Edward Morris, who owns practically all of the firm of Morris & Co. Therefore, it can easily be seen that we are in a position to carry out our intentions to the letter here."

To signalize their entrance into the dressed meat business of Portland, Frye & Co. sent the finest carload of beef to this city today that has ever entered this city.

"We not only intend to sell beef and packed meats here," says Mr. Tatum, "but our Portland headquarters will have a full supply of everything in the packing line."

Mr. Tatum is well known in Portland and was formerly connected with the branch houses of Armour & Co., and Schwartzschild & Sulzberger here. "We intend to make the Portland house a separate institution and the price lists will be printed for this city alone. Temporarily we have made arrangements for a cooling plant to handle fresh meats in this city, but the contract for building our own plant has already been let."

GLAD SPRINGTIME WILL BEGIN TODAY

Weather Bureau at Washington Says So; Night Weather Report Resumed.

(United Press Leased Wire.)

Washington, March 21.—According to weather bureau announcement, spring begins today. The forecast for the opening of the vernal season is generally higher temperatures throughout the country than for the same period last year. An exception to the general prediction is made for southern California, the southern section of the Rocky mountains and the southern plateau, where temperatures will be slightly below normal.

The weather bureau today announced that the night telegraphic weather report would be resumed March 24. The distribution of observations at night was recently discontinued because of lack of funds. This action caused many protests from various sections of the country and as a result it has been decided to resume the service, and seek other means of economizing. The data which is handled in the night report refers to temperature, rainfall, wind and weather of certain cities.

NEW RULES COMMITTEE

(Continued from Page One.)

house today if the insurgents had played fair," declared Sims (Democrat, Tenn.) "The insurgents showed a yellow streak."

Champ Clark, Democratic floor leader, is pleased with the result of the fight.

"I think things are in better shape now than they have been for 20 years. I do not look for any serious trouble today and probably not tomorrow," he said. "We will caucus on our members of the committee probably Thursday or Friday. We haven't yet decided on any member for the committee. I don't know whether the insurgents will ask us to name any certain man or not."

(United Press Leased Wire.)

Washington, March 21.—Among the first matters that will have to be taken up by the new rules committee of the house of representatives after it is organized are 23 measures on which the old committee took no action.

The 23 measures include many matters. It is declared, suppressed by Speaker Cannon because he considered them bad policy or bad politics. Among them is Fish's proposed rule directing the house committee on postoffices and post roads to bring in a report within 30 days on the feasibility of establishing a parcels post. This was introduced February 27 and the rules committee has neither reported nor given Fish a hearing.

Unpleasant Work.

There are other measures before the committee that are apt to give it some unpleasant work and for this reason it is declared the new committee will have rough sledding.

The organization members have pretty well recovered from their surprise at the explosion in the house Saturday and are planning the reorganization of the committee under the new scheme. It is admitted that the Cannon forces will control the caucus that names the majority members of the committee and it is believed the organization leaders intend to capture the majority of the committee places, leaving the insurgents only a paper victory, outside the ousting of the speaker from the committee.

The forecasters are trying to figure out who will get the places. Among the Cannon followers mentioned as likely to get the new assignments are Payne (N. Y.), Dalzell (Penn.), Smith (Iowa), Tawney (Minn.), Mann (Ill.), Vreeland (N. Y.), and McKinley (Ill.). Of these Payne, author of the tariff bill, and Dalzell, who occupied the chair during the night of the insurgent fight on the rules, are considered as certain of places. The only insurgent who is considered as a possibility for the committee is Norris (Neb.), whose resolution started the fight that led to putting the speaker off the rules committee.

Democrats mentioned as likely members of the committee are Champ Clark (Mo., Democratic house leader), Underwood (Ala.), Clayton (Ala.), Fitzgerald (N. Y.), James (Ky.), Hay (Va.), Howard (Ga.), Henry (Texas).

The greatest result of the revolution in the house of representatives so far as the present session is concerned, will be a full discussion of the Taft legislative program on the floor, according to insurgent leaders.

"No matter how the new committee on rules is constituted," declared Representative Norris, leader of the attack on the organization, "it has been settled that the house can decide for itself what it wants to do. No matter what the new rules committee may do, the house itself will have the last say. Our fight has determined that.

"I believe last week's victory was a step toward the fulfillment of the platform pledges of the Republican party.

"As to the so-called Taft program, many of us claim the right to say how the pledges shall be redeemed. The changes that the rules committee make will give us the right to discuss our ideas on the floor of the house.

"As to the Burleson resolution to oust the speaker, I voted against it because it was an entirely different proposition from electing a new speaker. I would never vote for Cannon for speaker, but when it comes to ousting him, we must have more against him than we have now."

CONSUMPTION
IS A
Germ Disease

A REMARKABLE CURE.

May, 1904. I got 6 large bottles of Liquocide for my wife, who was suffering with consumption; she was so weak she could hardly walk. Death was staring me in the eyes every time I came home. She would not eat anything, her voice trembled when she would speak. After she had taken two bottles she could eat two eggs in the morning, and now she can eat from 3 to 4. Her health is good and she can work, and is strong. We have a baby 9 months old, stout and hearty, and now my home is happy. I advise any one who has lung trouble to use Liquocide. I am thankful to you that my wife got well. I can recommend Liquocide and will take an affidavit that these words are true. My wife is stouter today than she has been for years. I tell everyone about the wonderful cure I found. Her father died with consumption, and a sister and a brother. You can advertise this if you wish, and if anyone writes to me, I will gladly answer their letter and tell them all about it.

Jacob N. Welle, Box 169, Mifflintown, Pa., Jan. 11, 1905.

3 YEARS LATER CURE CONFIRMED.

"Sept. 26, 1909. Liquocide is all you claim. If people will just use it fairly, they will find out. If anyone wants to know, let them write to me. I can tell them all about Liquocide." Yours truly, Jacob Welle.

This letter is merely a specimen of many thousands we receive unsolicited from grateful patients. Many more telling of remarkable cures of these, as well as other germ diseases, will be sent anywhere on request.

Liquocide

cures consumption because of its power to kill germs. It is not like other germicides, which are poisons when taken internally, but a harmless germicide which acts as a tonic.

Liquocide is not a mixture of drugs. It is a scientific product, and the formula is printed on the label of every bottle. The treatment is both local and internal. Countless cured ones know from experience that it does what nothing else can do. Its effects are so certain and so immediate that we issue a certificate of guarantee which covers a two-months' test at our financial risk.

Don't treat consumption in harmful, ineffective ways.

If you are a sufferer, please send your name and address and ask for Book No. 11. We will send it and also our liberal guarantee certificate, which is free from technicalities and restrictions. Please send today; our offer places you under no obligation whatever.

Liquocide costs 50c and $1.00.

THE LIQUOZONE COMPANY,
30-32 W. Kinzie St.,
(2) CHICAGO.

DON'T BE BALD
Almost Anyone May Secure a Splendid Growth of Hair

You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and $1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Rexall Remedies in Portland only at our store—The Rexall Store, The Owl Drug Co., Inc., cor. 7th and Washington sts.
