

### PEORIA GRANGE WANTS FREE LOCKS

#### Shut Off From World's Markets Because of Lockage Charges at Oregon City.

(Special Dispatch to The Journal.)  
Peoria, Or., April 14.—Resolutions declaring for an open Willamette were adopted by Peoria Grange at a meeting Tuesday night. State Deputy Cyrus E. Walker had charge of the meeting, at which the charter was increased from 40 to 57 members. The resolutions are as follows:  
"Whereas, Peoria, once a noted shipping port on the Willamette river, has since the construction of a railroad through the Willamette valley, been practically shut off from the world's markets, for the reason that steamboats from Portland, Oregon, could not compete with the railroads on account of the charge of 50 cents per ton lockage at Oregon City, therefore,  
Resolved by Peoria Grange patrons of husbandry that we are in favor of free locks; and earnestly request that our national congress appropriate \$500,000 to duplicate a like amount appropriated by the state of Oregon, to secure free locks at the Willamette Falls."

Patrick swamped with the demands of Stevens county politicians, caused the arrest of Pepon. But he told Mrs. Wolcott at the time of the man's arrest, when she was in Northport, that although he put Pepon in jail he was confident he could not convict him.

When Mr. Wolcott, father of Mrs. Edith Pepon, took the case to the United States district attorney's office in Portland, and asked that the government take a hand, Deputy United States District Attorney J. R. Wyatt said, after he heard the story of the case, commented on its strength. He said that the government had no jurisdiction, but that if it had he would be willing to take the case to trial the next day, without interviewing a witness, and be certain of scoring a conviction.

### M. HEE WO, OF ANCIENT DAYS, DOING BUSINESS

(United Press Leased Wire.)  
Seattle, Wash., April 14.—May You Ben is under arrest as a proxy for M. Hee Wo, a famous Chinese physician who died 1900 years ago.  
A celestial wit furnished the information that M. Hee Wo was practicing medicine in the state of Washington without a license. A warrant was promptly sworn out and a constable sent in search of Wo. Not finding the doctor at the address mentioned, but May You Ben instead, the constable officer arrested the substitute.  
Before Justice Brown, May testified that the prescription held an evidence against him was really written by Wo, the ancient physician.  
An interpreter, however, discovered that the prescription called for "fried steak, roast turkey and tobacco," which saves the judge some indignities as to the antiquity of the cure.  
He took the case under advisement and May You Ben went back to jail.

### LANGFORD AND BARRY WILL BATTLE TODAY

(United Press Leased Wire.)  
Los Angeles, Cal., April 14.—Today's scrap between "Bone Crusher" Sam Langford and "Rough House" Barry apparently created more excitement and speculation among the fight fans of Los Angeles than has any mill pulled off here in many a day. Indications pointed to a record crowd, and even before noon all roads seemed to lead to the Vernon arena.  
From both the Langford and Barry camps came reports of perfect condition and almost confidence. Barry's weight was given as 137 pounds, Langford's at 168.  
The preliminaries were scheduled to start at 2 o'clock. Red Corbett and Young Rivers were to battle 10 rounds at 115 pounds, and Morris Bloom and Al Rogers, lightweights, were to go over the same route.  
The big mill, it was stated, would start not later than 7 o'clock with Charlie Eylon as the third man in the ring.  
Barry today received several telegrams bearing the best wishes of his Chicago admirers. The messages stated that the big fellow was being heavily backed in the Windy City.

### It Makes a Difference

whether the lots you buy for investment are situated in a part of the city that is already built up.

Whether you buy in a section that is close in; whether there is excellent streetcar service; whether improvements are all in; whether there is a school close at hand; whether the property is restricted to residences only.

When buying lots for investment, consider carefully the disadvantages as well as the advantages.

Pick out a section that has no disadvantages—one that has everything in its favor. Such a high class section is the one blocked off in the map of Irvington at the top of this announcement.

The prices we are asking for these lots are much lower than are being asked in other parts of Irvington, not nearly so well situated. These lots are the highest elevated in Irvington. Every possible improvement is in and bonded.

The Supreme Court has recently ratified the franchise for the Fifteenth street extension of the Irvington carline. Work is under way and cars will be running out Fifteenth street this Summer. Values in this section will double.

On May 1st we are going to raise the prices on all unsold lots in this section. Come out today and pick out the lots you want. Buy now and take immediate advantage of this raise in price.

Corners are selling now for \$3000; May 1 the price will be \$3400. Corners are 100x100. Inside lots, 50x100, are \$1250 now; May 1 they will be \$1450.

Take Alberta, Woodlawn or any other car running out Union avenue. Get off at Knott. Walk one block east and you are at these lots. Cars run every three to five minutes, and it takes 12 minutes to get there from Fifth and Washington.
