

BAPTIST CHURCH CONVENTION HELD

Nearly 4000 Delegates Meet at Chicago—Convention to Last a Week.

Chicago, May 5.—The intellect and the power of the Baptist church in the north are concentrated in Chicago today. On every train distinguished clergymen and influential laymen from many states have been pouring into the city, until even the hotel corridors for once in their history might be mistaken for the vestibules of churches, so numerous thereabout are men of clerical mien.

The occasion of this great gathering of the leaders of the Baptist denominations is the Northern Baptist convention, which is to assemble tomorrow for a week's session. The convention will hold its meetings in the Bartlett gymnasium at the University of Chicago, and the presiding officer will be Dr. Harry Pratt Judson, president of the university. Between 1000 and 1500 delegates and as many more visitors are expected to attend.

No fixed program has been arranged for the convention, but all the church work, which includes the three great organizations of the Baptist church, the American Baptist Foreign Missionary society, the American Baptist Home Missionary society, and the American Baptist Publication society will be reviewed. These three large societies are organized for world wide mission work, and for publication interests, handle large sums of money annually and control operations of wide proportions.

SELLWOOD BOOSTERS SEEK IMPROVEMENTS

A large amount of business was transacted by the Sellwood Commercial club in its regular monthly business meeting Tuesday night at 571 Umatilla avenue. Much of the discussion was over the condition of Thirteenth street from Maiden avenue to the golf links on the city limits. The streets are sadly in need of oiling and the city as yet has done nothing to help the condition. The Sellwood people consequently

We Treat You 30 Days FREE

Blood poison can never be cured with mercury or potash. You might as well know this first as last. Medical authorities say so. The most effective drugs can do is to drive the blood poison back into the system and smother it for several years. When you think you are cured, painful mercury symptoms will break out and your system will be worse than when you started. Your teeth will begin to loosen and your tissues, glands, brain and nerves will be ruined. The terrible destructive power of the mercury and potash. Locomotor Ataxia, Paralysis, Imbecility and Premature Death are the almost inevitable. Any medical authority will corroborate these statements. The remarkable vegetable Obbac Treatment does not drive it in.

Blood Poison

but drives it out. It positively cures no mineral poisons whatever, so that once cured by the Obbac Treatment you never run the terrible risk of having your bones soften, your nerves collapse, your teeth fall out, your kidneys degenerate or your brain wastes. The Obbac Treatment is a marvel, producing remarkable changes in only 30 days. This is why we offer to cure any blood poison, victim living, no matter how bad a case.

30-Day Treatment FREE

You want to be cured and cured quick—no poisoned with mercury and potash for years. A 30 day treatment is yours for the asking. You will open your eyes at what business you are in a month. We treat you free for a month. Just write to us and get the treatment free. Then if you are satisfied it is the most remarkable treatment you ever took, you can continue in our clinic. Remember that you will have an opportunity for a complete cure, as is given you by this.

Great Obbac Treatment

This is a square deal. You sign nothing, no notes, make us no promises, except to take the treatment. The wonderful Waterman Test, the only blood poison test known to scientists, proves that the body is completely purified by the Obbac Treatment. That mercury and potash do not cure blood poison. Sit down and write to us. We will treat your letter as a sacred confidence. Consultation and advice free. We will send you also the remarkable book, "Driving Out Blood Poison." Free.

THE OBBAC CO.

RIDGEMONT

A CERTAINTY

The Jacobs-Stine Co.

Largest Realty Operators on the Pacific Coast
CORNER FIFTH AND ALDER

are somewhat up in arms. A motion was made and carried last night that the secretary be instructed to write to the city street cleaning department asking what was going to be done in the near future in regard to the street in question.

An offer of the Portland Railway, Light & Power company to sprinkle the street for \$3 per hour, using four hours every day, was considered by the club, but the proposition was laid on the table. The general sentiment was that this plan would entail unnecessary expenses.

In view of the fact that it is impossible to lay sidewalks exactly in their proper lines on account of the removal of the street monuments at the time of the laying of the sewer pipes, the club last night put through the following resolution, and instructed the secretary to send it to the mayor:

"That the city council be urged to initiate measures as soon as possible to establish definitely and permanently the street lines and grades in this part of the city. The district in question is about a mile and a half square. J. W. Campbell reported that the executive committee of the city council had ordered lights placed at Eighth street and Tenino avenue, East Thirteenth street and Tenino avenue, and Twenty-third street and Sherrett street.

J. W. Campbell and R. S. Stearns were appointed a committee of two to investigate the proposition of putting in cluster lights on East Thirteenth street and report at the next meeting as to the cost of maintenance, etc.

J. W. Campbell and D. M. Donagan were appointed to confer with the park board relative to locating the Oregon Historical society in the Sellwood district.

It was proposed to place directly above the Oaks an electric sign displaying "Sellwood," the matter being referred to the publicity committee consisting of H. C. Fixott, J. W. Campbell and Peter Hume.

It was voted to ask the Pacific Construction company to survey and map the streets which were torn up when the sewers were put in just previous to the rainy season.

ALBANIANS VICTORIOUS; TURKS LOSE POSITIONS

Vienna, May 5.—The Albanian rebels are reported to be driving the Turkish battalions before them from the Albanian Alps in Montenegro and Kosovo provinces, according to dispatches from Skutub.

No reliable estimates of the dead and wounded can be obtained but the advices from the front indicate that the Turkish battalions were literally covered with dead.

The Turkish soldiers are said to be mercilessly slaying noncombatants. This is taken to indicate that they are attempting to annihilate the Albanians.

TAFT TO BE EXPELLED FROM SHOVELERS' UNION

Cleveland, Ohio, May 5.—There are hard times in store for President Taft if he is ever forced to go back to his trade of steam shovel operator to earn his living. A demand is to be made for the president's expulsion from his union, the shovelers' union, because of his love for the great American game.

Taft attended a ball game which had been declared "unfair" by the Building Trades association. The building trade declared numerous men were employed in erecting the Cleveland ball park.

COL. BECK, BANKER, IS DEAD IN SAN FRANCISCO

San Francisco, May 5.—Col. James E. Beck, assistant cashier of the Anglo & London-Paris National bank, and a member of the staff of Governor Gillett, is dead at his home in San Francisco. Death resulted from shock following a fall in the corridor of the Mills building a week ago and which followed his recovery from a long illness.

To Honor Dr. Angell

Detroit, Mich., May 5.—Distinguished educators and representatives of business and professions of Michigan are to gather about the banquet board at the Pontchartrain hotel tonight to sing the praises of Dr. James B. Angell, of the University of Michigan. The retirement of the great educator as president, after 40 years, is felt to merit the highest possible honor. President Thwing of Western Reserve university, Professor Charles D. Walcott, secretary of the Smithsonian institute, and others of national reputation will be heard on the subject of Dr. Angell's work for the advancement of education in America. Another distinguished speaker will be former Secretary of State, John Hay, who will tell of Dr. Angell's diplomatic career and services as minister to China and ambassador to Turkey.

Wants Partial Hindu Exclusion

Washington, May 5.—In a conference between Congressman Julius Kahn of California and the commissioner general, Hindu immigration was the subject taken up.

To Favor More Dalles Streets

The Dalles, Or., May 5.—The city is to have another paved street, the council having granted the petition of the property owners on Fourth street, to have that street paved with bituminous concrete at its meeting Tuesday night. A sufficient number of property owners on the street having signed a petition asking that the street be paved, the council authorized the city engineer to prepare estimates of cost and the city recorder to levy the assessment to raise the funds with which to meet the expense of paving. The petition calls for paving that street for a distance of 2400 feet.

STEAMER PAULINE GOES TO DAWSON

Takes Freight to Rich Mining Section—May Be Best Year in Alaska's History.

(United Press Leased Wire.) Dawson, Y. T., May 5.—The steamer Pauline is on its way down the river to Dawson, the first on the Yukon or its tributaries this spring. The Pauline has passed La Barge with 50 tons of freight for the interior. It is also bringing 75 tons for early shipment to Fairbanks and considerable for Dawson.

The ice has not yet broken up this side of Big Salmon, but with the present weather conditions it may be clear by the time the Pauline reaches Big Salmon. It is believed the river will be open here by May 15 or 12.

This will be the greatest year in the history of the Klondike according to everyone in Dawson. The dredge, hydraulic and elevator output will approximate \$5,000,000.

NEW YORK RACE TRACK FOR BUILDING LOTS?

New York, May 5.—The turning of the race tracks of New York state into building lots is predicted today by horsemen generally. They base the prophecy on the action of the state senate late yesterday in passing race track reform bills in which it is expected that the assembly will concur today.

Several big racing associations are planning to call off the fall meetings while their lawyers investigate the constitutionality of the new laws. Shogshogson and Belmont tracks will remain intact while the reform wave is passing, but the others which, when closed, hold idle large areas of valuable land, will probably be cut up.

SCIO RAILROAD MAY SOON BE COMPLETED

Albany, Or., May 5.—At the meeting of the Commercial club Tuesday evening a committee from Scio, consisting of Messrs. Prill, Peery and Wesley, and representing the Scio, Lacomb & Jordan Valley railroad, asked for \$12,000 for the completion of the 3-1-10 miles of road now under construction between Scio and Lacomb. The investors in the road are to be sole owners of the road. The Commercial club appointed Judge Hewitt and Dr. Ellis as a committee to confer with the Southern Pacific railway officials for the purpose of having them agree to furnish a motor passenger car for the new line when completed. It is expected to have the line in operation by the time of the Linn county fair at Scio in August.

Meeting of Traveling Men

Galveston, Texas, May 5.—Many delegates and visitors arrived in Galveston today to attend the annual convention of the Texas division of the Travelers' Protective association, which is to hold forth here during the remainder of the week. Large delegations are on hand from Dallas, Fort Worth, Denison, Waco, Sherman, Houston, Marshall, San Antonio and other cities throughout Texas. The local post of the organization has arranged elaborate entertainment for the visitors.

LOOKS LIKE BIG CROP IN JOSEPHINE COUNTY

(Special Dispatch to The Journal.)

Grants Pass, Or., May 5.—The consensus of opinion among fruitgrowers of Josephine county and Rogue river valley is that this part of Oregon will have a bumper crop of apples, peaches and pears this season. The spring has been ideal in every particular for a heavy crop. There were no injurious frosts, and the trees are heavily set with young apples, peaches and pears. For the past week rains have been falling and the ground is now thoroughly moistened, insuring only things that could injure the crop, and this is very unlikely. The production of apples from Josephine county will be much heavier this season on account of a number of young orchards coming into bearing; the same is true of peaches and pears. Many thousand acres of new trees have been planted. The grape crop will also be heavy. H. C. Carson, horticultural commissioner for southern Oregon district, a member of the largest grape vineyard in the state says that his 50 acres of Tokays never looked as well as this spring. He expects not only more grapes, but better fruit than his big vineyard has ever yielded.

Indian Ball Player Injured

(Special Dispatch to The Journal.) Toledo, Or., May 5.—Peter Casey, while working at the Siletz sawmill, nine miles north of Tokay, was injured yesterday by having a pile of lumber fall on him. One leg was badly crushed and it is doubtful as to whether it can be saved or not. Casey, who is an Indian, is being pitched for the Chasawwa ball team.

Dedicate Cornelius Church

(Special Dispatch to The Journal.) Forest Grove, Or., May 5.—Dedication services will be held at the Catholic church of the largest grape vineyard in the state, next Sunday. Most Reverend Archbishop Christie, D. D., will

The Cause of Colds

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal ailment. When this ailment is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

It stands to reason that we could not afford to make such statements if we give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucuo-Tone, prices 50 cents and \$1.00. Sometimes a 50 cent bottle is sufficient to give marked relief. As a general thing the most chronic cases are relieved with an average of three large bottles. You can obtain Rexall Remedies in Portland only at our store—The Rexall Store, The Owl Drug Co., Inc., corner Seventh and Washington streets.

preach the sermon and bless the church. Very Reverend Prior of Mount Angel will be in the sanctuary with reverend clergy from all parts of this archdiocese. Rev. J. R. Buck, pastor of the Catholic church in this city, is also pastor of the church at Cornelius. The Catholic denomination now has seven buildings devoted to church purposes in Washington county.

The Dalles Citizens Boost

(Special Dispatch to The Journal.) The Dalles, Or., May 5.—Praise of the Dalles was vociferously proclaimed at the big booster meeting under the auspices of the ladies of the Sorosis at Vogt opera house last night, when that

spacious building was filled with enthusiastic Dallesites, every one of whom took up the motto, The Dalles Makes Good, a motto adopted by the ladies. Among the speakers last night were Mayor Wingate, S. L. Brooks, Dr. G. B. Sanders, J. M. Patterson, Mrs. Hugh Perry, F. M. Sexton, Mrs. W. L. Bradshaw, Senator Wheelton, Professor Strange, Rev. B. A. Warren, J. L. Kelly and George Sanders of The Dalles, J. K. McGregor of Mosier, G. W. Johnston of DuFur.

Ontario Club Officers

(Special Dispatch to The Journal.) Ontario, Or., May 5.—At the annual election of officers for the Ontario

Commercial club held Tuesday evening the following officers were chosen: W. Frow, president; C. F. Kanyon, vice president; G. W. Long, treasurer. The new board of directors are: E. A. Fraser, H. C. Boyer, T. H. Moore, G. W. Thomas, W. H. Doolittle, H. C. Whitworth and H. L. Poorman. The secretary will later be chosen by the board of directors.

Revival Services at Hood

Hood River, Or., May 5.—The Assembly Methodist Episcopal church will begin revival services next Sunday. F. Stout, the singing evangelist, will assist the pastor, Dr. T. B. Ford, in the series.

Laurelhurst

The Addition with Character

See This Property---Walk Over It---Note the Tremendous Improvement Work Going On Now---See for Yourself and Form Your Own Conclusions As to Its Future

In this way only can you form an intelligent opinion of Laurelhurst. The investment features of Laurelhurst cannot be successfully compared and its position as the most highly improved and restricted residence property in Portland is unassailable.

There is not a man or woman in Portland today who is considering the purchase of realty for investment or for home purposes but who can, by a visit to Laurelhurst, perceive the sound investment possibilities of the entire tract.

Choice Home Sites From \$1000 Up

Only by buying now can you profit by these prices. They are the original prices at which the south half of Laurelhurst was placed on the market. You will never secure such low prices in this tract again. Now is the time and those who can and fall to take advantage of this opportunity will remember with regret.

Settle the home question permanently and at the same time invest profitably by buying now in Laurelhurst and in the south half at original prices. See Laurelhurst for yourself and you will then, and then only, realize its investment possibilities.

Take Rose City Park or Montavilla cars direct to the property. Take Sunnyside or Mount Tabor cars to East 39th street and walk three blocks north. Or call at our office and we will show you the property in our automobiles.
