

MUGGSY STILL PLAYING IN HIS USUAL LUCK

IT'S ONLY ETHELINDA—SHE MERELY TYPEWRITES A DICTATION

Muggsy PETTIE and FROGG,
Attorneys at Law;
Gentlemen: (which ought to be man-eating sharks).
Before the bank can wait a second,
take the claim you make under advisement. We
shall require the presentation of an itemized bill—
itemized in capitals. And if the amounts then seem
reasonable to us, we shall be glad to settle it
promptly; for that's what you have to do, whether
you owe it or not, to keep these bloodsucking
vampires from slapping an attachment on you.
Very sincerely yours.
