The Fullon is curing daily the most obstinate cases of nervous fromble, asthma being one of the worst; also stomach, bowel and kidney trouble, par-alysis and all forms of rheumatism. In fact, she is ouring every day the people the doctors have given up! This is a strong statement, but Dr. Fulton is making herself famous in our city. If you are still akopited, why not in-vestigate? A wise man follows Mature's laws, but a fool follows the quacks? Which course will you take? One leads to health and happiness; the other to suffering, poverty and misery. Dr. Fulton is showing hundreds the way to true health and happiness. If you sive suffering, why not let her help you?
