TEETH Scientific Painless Dentistry is knowledge and skill founded on experience and this is why THE BOSTON DENTISTS are able to extract TEETH WITHOUT PAIN for the charge made by other dentists for painful extractions.

TEETH A perfect fitting and natural looking set of artificial TEETH must be assembled by an expert in scientific mechanism; this is why THE BOSTON DENTISTS are able to make a set of artificial TEETH that restores the natural facial contour and expression as well as to maintain their fillings to stay.

TEETH The proper filling of a tooth requires a knowledge of the minute anatomy of the TEETH, jaws and head as well as the adaptability of filling materials to be used, and antiseptic preventions of further decay after filling. This is why THE BOSTON DENTISTS are able to guarantee their fillings to stay.

TEETH Gold and porcelain crowns when properly made restore broken down and badly decayed teeth to their former usefulness and beauty and last a lifetime. This high class dental work is not experimental but a lasting success when made by a master of the dental science, and why THE BOSTON DENTISTS advise this class of work where it is required.

TEETH Gold and porcelain crowns and bridge work made strong and well adapted replaces missing teeth, and for cleanliness and utility is the most beneficial and satisfactory work when made by experienced dentists who use the high grade gold and best material. This is why THE BOSTON DENTISTS are able to point with pride to thousands of patients who are wearing this crown and bridge work with comfort and satisfaction.

TEETH Should be cared for by reliable dentists who charge for actual work done. This is why THE BOSTON DENTISTS are able to do high class dental work for the low price. One Price to all is the motto of THE Boston Dentists. Corner Fifth and Morrison Sts.
