Economical Shoppers are Interested in this June
White Sale as Values are Simply Phenomenal

A mighty cut price sale of seasonable merchandise. You can blame a late season for this extraordinary chance to save, for we'll admit frankly we have too large a stock, and it seems good judgment to sell it quickly when most wanted than later, after you've supplied the season's needs. "A nimble sixpence is better than a slow shilling." That's the "why" of the little prices. The sale starts the third week tomorrow morning, and when the doors open we predict the liveliest selling of the year, for never were values more worthy from every point of view. The stock is seasonable, and that means much to the woman who is going away. The needs of every member of the family, including father, are liberally provided for. Again we say
