Fine Tailored Garments At Less Than Half

—We investigated some widely advertised sales lately wherein great reductions were advertised. In every instance these reductions were real, but the garments were of years gone by. Garments that had hung in the show cases season in and season out, bedraggled and soiled, and dear at any price.

—For Friday we also announce a sale of 120 suits. The reductions are immense. The suits are high priced. But the difference in our sale, lies in the fact that every one of these suits is new this Summer, reflecting the very latest midseason fashions.

—The fabrics are imported of the finest quality. They are all tailor-made. Some silk and some cloth. These suits must be seen to really appreciate the value of the sale.
