

3-YEAR-OLD BOY KILLED BY CAR

Mangled by Wheels While on Way to Buy Gum; Mother Hysterical.

Three-year old Joe Gasser, while running across Morrison street, at Eleventh street, about 4 o'clock yesterday afternoon, was run down by a street car and his tiny body cut almost in two. The babe died at St. Vincent's hospital soon afterward. Councilman George Baker was one of the witnesses. When the car was stopped, he crawled under it and extricated the mangled body of the child.

Joe was the son of Mr. and Mrs. Charles Gasser of Beles, Idaho, the latter of whom has been living at The Fern, Eleventh street, between Alder and Morrison streets. The mother followed the mangled body of her son to the hospital, which she reached in a hysterical condition.

The street car was in charge of I. L. Abernathy, motorman, and F. F. Moore, conductor. Abernathy did not know the child had been struck until the boy was under the wheels. The boy had been allowed to go to a Morrison street store to purchase two sticks of gum, and not heeding the approaching street car, tried to dart in front of it.

PRESIDENT BRYAN TO RETAIN HIS POSITION

(United Press Leased Wire.) Pullman, Wash., June 17.—President Bryan will remain at the head of Washington State college. He made this positive statement this morning. Bryan formally resigned the first of the week. Yesterday at their final session of the year, the board of regents refused to accept the resignation and urged the president to take, instead, a leave of absence which would allow him and Mrs. Bryan to regain their health.

This was in accordance with a petition signed by every member of the faculty, the student body, the alumni association, the Spokane Chamber of Commerce and the Business Men's association of Pullman.

Mr. and Mrs. Bryan will leave for Europe at once and will not return until late in the fall term. If this does not suffice to restore their health, a further absence will be granted Mr. Bryan.

ACTING GOVERNOR BOWERMAN BUSY

Oregon's Executive Pro Tempore Plunges Into Mass of Work at Capitol.

(Salem Bureau of The Journal.) Salem, Or., June 17.—Jay Bowerman of Condon, took the oath of acting governor of the state of Oregon about 4:30 o'clock yesterday afternoon. His first official act was to sign a commission appointing E. M. Fowler notary public. In a very few minutes after receiving the congratulations of a number of friends who had gathered to witness the installation of the new acting governor, Mr. Bowerman was wrestling with the many intricate problems of his new position and was plunged at once into the business of the department board.

Though it was not certain whether an oath was necessary, it was decided that it was safest, so upon his arrival at the state house yesterday Mr. Bowerman took an oath administered by Associate Justice Eakin of the Oregon supreme bench, to support the constitution of the United States and of this state and faithfully to perform all the duties that may devolve upon him as acting governor of the state of Oregon.

What Bowerman May Do. The new acting governor may do all things that any governor of Oregon may do until Governor Benson recrosses the boundary line into Oregon. In case of vacancies Acting Governor Bowerman has full authority to make any appointments he may see fit to make. He may issue as many pardons as he pleases. Until Governor Benson returns, Acting Governor Bowerman will draw the governor's salary of \$5000 a year. However, Mr. Bowerman is not secretary of state, and Governor Benson will continue to draw the stipend of that office, which is \$4500 and which makes Governor Benson's salary, under ordinary circumstances \$9500 a year.

In the event of the death of Governor Benson, Mr. Bowerman would have to appoint a new secretary of state.

Mr. Bowerman becomes acting governor by virtue of a provision of the Oregon constitution which had never before been given actual demonstration that provides that in the event of the resignation, absence or other disability of both the governor and secretary of state, the president of the senate shall be governor. Governor Benson has been absent from the state at other times since being chief executive but this time has decided to stay in San Francisco and be relieved of state worries long enough so that his physicians would have an opportunity fairly to prescribe for him and to restore his health. It was for that reason that Mr. Bowerman was called in to dispose of a number of matters that had accumulated during the governor's absence. The governor will return in July and will make a campaign for reelection as secretary of state in the primaries and November election.

It is the first time that a president of state senate ever became governor of Oregon or even acting governor by virtue of this provision of the Oregon constitution.

APPEALS FOR AUTOS TO GIVE CHILDREN RIDE

In order to secure at least 150 automobiles in which to give the homeless children of Portland an outing tomorrow afternoon from 2 o'clock to 4 o'clock, M. C. Dickinson, president of the Portland Automobile club has issued the following appeal:

"To automobile owners and members of the Portland Automobile club, in particular: For three years it has been the custom of the Portland Automobile club to entertain the inmates of the various children's homes about the city once each year with an automobile ride about the city. The time is at hand for the event this year and Saturday afternoon at 2 o'clock we plan on doing this.

"There are in the neighborhood of 2000 fatherless and motherless children being watched over in this city by the various institutions and any pleasure we can put into their lives will never be forgotten. The children have gotten to watch for this event from year to year and the thanks and appreciation which one crowd of youngsters heap upon their host is enough to make any man glad he was able to extend even this small favor to them.

"The Portland Automobile club asks every automobile owner in the city who can possibly leave his business for a couple of hours Saturday afternoon to come to the corner of Park and Davis streets tomorrow afternoon and assist in the carrying of these youngsters about the city. Cars should be at the play grounds opposite the custom house by 2 o'clock and the ride should be over by 3:30. Trusting that you will, one and all, respond to this call and assist us. I am

Visitors arriving on the boats generally proceed at once to the capitol as the show place of Olympia, only to find locked doors. When they would rest in the park they must sit on the grass or stand.

HOW TO GET FAT

Use Bamose, Buy Druggists and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Bamose. This flesh forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness.

Bamose has been so successful in making thin people fat and restoring the weak and run down to strength and health that leading druggists sell it under their personal guarantees to refund the money if it does not benefit.
