This morning in the municipal court he waived a preliminary bearing and the case will go before the grand jury. The arrest of Briner was caused by the complaint of J. T. In her testimony Mrs. Russell said Smith had intruded upon her and insisted upon doing things for her after her husband's death, but she did not employ him and he did not keep good faith with her, retaining insurance money and advising her to sell property through him far below its true value.

not buy in the wrong direction, if you are not very careful, even Portland. Go to Denver, Salt Lake, St. Louis, St. Paul, Minneapolis — you have to guess. But Portland must extend only to the eastward. And our property, Banner Acres, will at no distant day be the choicest portion of the section east of the Willamette. Yet the price, \$100 to \$150 per acre, is the lowest of any good acreage in the market. Besides this, Banner Acres is in the heart of the fruit district, and is reached by the best railreads in Oregon.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexell "93" Hair Tonio has grown hair on heads that were once baid. Of course it is understood that in none of these cases were the hair roots dead nor had the scalp taken on a glazed, shiny appearance

DR. N. J. FULTON

NATUROPATH **434 CLAY STREET**

CRITICISED FOR ADVERTIZING

The medical fraternity have freely criticised Dr. Pulton for advertising in the newspapers. But just as in her practice so in her advertising, Dr. Pulton has again demonstrated that the Maturopath "Blazes the Trail" for others to follow.

The following extract from an Iowa newspaper demonstrates that the Medical Fraternity are waking up to the necessity of advertising:

"Waterloo, Iowa, April 5, 1910—Dr. W. R. Cothern, who came here a year ago from Illinois, has created a mild sensation in the ranks of the medical men, by overturning the long established custom of not advertising in the newspapers. He will run a series of advertisements and in his Fore Word he says," etc., etc.

Dr. Fulton has built up her wonderful practice by advertising, and then by actually curing the cases which come to her. Not doping or patching up, but performing positive cures, which are not so-called miracles, but simply Mature's laws fulfilled.

Dr. Fulton is curing daily the most obstinate cases of nervous frouble, asthma being one of the worst; also stomach, bowel and kidney trouble, paralysis and all forms of rheumatism. In fact, she is curing every day the people the doctors have given up! This is a strong statement, but Dr. Fulton is making herself famous in our city.

If you are still skeptical, why not investigate? A wise man follows Rature's laws, but a fool follows the quackst Which course will you take? One leads to health and happiness; the other to suffering, poverty and misery. It is for you to choose, but a moment's sober thought will convince you that Mature has provided for all her children, and only man has falled to take advantage of her help.

Dr. Pulton is showing hundreds the way to true health and happiness. If
