

KING GEORGE TO GET MORE MONEY

Needs More Than Late King Because of Poor Relations; Row Expected.

(United Press Leased Wire.) London, June 23.—A big row is expected to start in the house of commons when the civil list committee makes a report on how much money it thinks King George and the members of his family need to live on comfortably. This report will be delivered in about two weeks.

Although a majority of the members of this committee belong to the Liberal party, it is predicted that a liberal allowance for the king and his family will be recommended. Premier Asquith, himself a very moderate type of Liberal, took pains to see that none of his followers was included in the committee upon whom he could not depend to support a handsome allowance for the royal family.

Out of the 21 members of the committee, the Laborites, Barnes and Shackleton, are the only ones in the least likely to favor economy.

King Wants More Money.

It is practically certain that King George will ask for a larger allowance than King Edward had, not for his own use but for the benefit of his relatives. Inasmuch as Edward's allowance was considered too much, an increase for King George is certain to provoke an outcry.

Unless his majesty goes beyond all reason in his request, he will probably get what he wants, but not until after a hard fought battle.

Edward received \$2,250,000 annually. A number of his relatives got \$505,800 annually, and the royal estate was granted \$2,496,000, making a grand total for the royalty's personal benefit of \$5,246,800 annually.

\$47,500 VALUE OF NEW IMPROVEMENTS

The following building permits have been issued:

- Magley & Co., erect three story frame building, Alder street between Sixth and Seventh; builder, Portland Wreck Co.; \$500.

- Z. H. Grenough, erect two story frame dwelling, East Eighteenth street between Thompson and Braze; builder, same; \$5000.

BEAUTIFUL MUSIC HEARD IN THE HOME

Victor records for July are out and while the Victor people always get up a list that is of interest to music lovers, the July offering is of unusual interest as it contains a new Caruso-Scotti duet. This wonderful record that Caruso and Scotti have made is the duet "Love of Fancy," which occurs in the first act of Madame Butterfly. Comparatively

few people will ever have the opportunity of hearing either Caruso or Scotti, but thousands the world over will soon be enjoying the exquisite blending of these two voices.

Another beautiful duet, "Ah, Mimi, False One," from Boheme, is finely rendered by McCormack and Sammasco, both of whom have made a success in that opera.

Among other records in the July list are "When Shadows Gather," also sung by McCormack; "Bonnie Doon," "My Old Kentucky Home," the famous Carmen quartet is magnificently rendered by five well known singers at the Metropolitan and Manhattan opera houses. Pryor's new march, "The Arcade Girl," is played by Pryor's band. This famous band also renders the melodious "Flying Dutchman Overture."

The ever popular "Glow Worm" is among the double-faced records. One of the most notable double-faced records contains two hymns, "Softly Now the Light of Day," and "Beyond the Smiling and Weeping."

THE STRANGER WITHIN OUR GATES

Judge W. H. Patrick, Bradford, Pa.—There is no such thing as loyalty in the sense that we take it. It has become so that every man is for himself alone; let the other fellow shift for himself. And any time a man can't make something for himself by being loyal, why, let loyalty be hanged. Sounds cynical, but people who are not afraid to say so will agree with me.

F. D. Harriott, New Orleans, La.—It is high time people were beginning to practice living on vegetable matter. Within only a few more years meat will be an expensive luxury and it will be harder than to learn to do without it. We eat too much, anyway. It's bad for us, and we ought to welcome instead of deplore the disappearance of meats.

Frank C. Collier, Redding, Cal.—Anyway, it's good to get into a cooler climate. It has been insufferably hot at Redding for many days, and the coolness of Portland is much appreciated by me. I don't hear many people agreeing with me, though. What is the matter? Come! fix the climate?

Many Towns to Celebrate.

(Special Dispatch to The Journal.) Forest Grove, Or., June 23.—Washington county will show an abundance of patriotism this coming Fourth, if the number of celebrations to be held in the county is any criterion.

At Cornelius the festivities will last four days, beginning next Friday. The county association of the G. A. R. will hold their annual reunion at that place, and the Miller Amusement company has been engaged to furnish attractions for the younger people. There will be a daily balloon ascension, merry-go-rounds and slides, etc. Buxton, Hillsboro, Verhoort and Forest Grove will also celebrate on a smaller scale, and every crossroads in the county will make the eagle scream.

Nevada's supreme court has sustained the constitutionality of the direct primary statute enacted by the legislature of 1909.

KILL THE GERMS

That's the Only Way to Cure Dandruff, and Parisian Sage is the Only Killer.

"Parisian Sage," said a New York barber, "will kill the destructive and persistent germs of dandruff and abolish the disease. There may be other remedies that will do the same, but I never heard of one."

And just read of what one of the foremost barbers of Springfield, Mass., says of Parisian Sage:

"Dear Sir: I used your Parisian Sage and found it better than any other. It is the best hair restorer I ever used, and I have used them all. I find it a great dandruff remover, also. You should get it into all the barber shops, and get the barbers to use it, as it is great."—Geo. A. Still, 73 1/2 Main street, Springfield, Mass.

Parisian Sage soaks into the scalp, and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world. Use it one week and you will never give it up.

Parisian Sage is guaranteed by Woodard, Clarke & Co., to stop falling hair; to cure dandruff; to keep hair from fading; to stop itching of the scalp, or money back. Price 50 cents a large bottle at Woodard, Clarke & Co., or by express, charges prepaid, from the American makers, Groux Mfg. Co., Buffalo, N. Y. The girl with the auburn hair is on every bottle.

DRYDOCK DEWEY IS AGAIN AFLOAT

In Better Condition Than Was Anticipated—Investigation Under Way.

Manila, June 23.—After several weeks submergence the drydock Dewey is afloat and is in better shape than was expected. The pumps have been kept in constant service the past few days. A careful investigation was started

by a special board today to ascertain the cause of the sinking. Several reasons have been advanced but not until the board reports to the navy department at Washington will the real cause be made public.

CLUB MEMBERS LOOK FORWARD TO GOOD RUN

Expecting one of the best automobile runs of the season, 25 members of the Portland Automobile club and their families are preparing for a trip to Bay Ocean Park next Saturday, July 2. The invitation has been extended by T. B. Potter for 20 machines and members of the club to enjoy free entertainment there Sunday and Monday. The return trip will be made Tuesday morning. Various entertainment features will

be furnished at Bay Ocean, among which will be a regatta on the bay and fireworks. The natural and artificial attractions alone, it is thought, will be ample reward to the visitors for their trip.

The string of automobiles will leave the Corbett building at 7 o'clock Saturday morning. It is figured about seven hours will be consumed on the trip. A stop will be made at Dolph, 78 miles from Portland, for lunch. At Tillamook, the boat will be taken to Bay Ocean.

W. J. Clemens, the vice president of the club, will lead the way and a repair car carrying necessary accessories to be used in case of accident will bring up the rear.

Forest Grove Couple Wed.

(Special Dispatch to The Journal.) Forest Grove, Or., June 23.—A pretty wedding occurred in this city last night at the home of Rev. D. W. Cook, pastor of the Free Methodist church, when his daughter Ethel, became the bride of Edwin Hight, Rev. W. N. Cook

of Portland officiating. The ceremony was witnessed by friends and relatives of the contracting parties.

Mr. and Mrs. Hight are both graduates of the Seattle Seminary and are members of the student volunteer movement for foreign missions. For the present they will make their home

at Montavilla, but may later enter the foreign missionary field.

Stephen Carlston Clarke, the millionaire stepson of the late Bishop Porter is a candidate for the Republican nomination for lieutenant governor of New York.

FIRST AND MORRISON STREETS

RESERVATIONS SHOULD BE MADE NOW FOR CABIN ACCOMMODATIONS FOR THE LOS ANGELES EXAMINER'S TOUR OF THE ORIENT

THE Los Angeles Examiner, responding to requests from Japanese, Chinese and Philippine ports, and suggestions from prominent Pacific Coast residents, announced some weeks ago that a tour in the Orient had been arranged. This tour, it is explained, had the "two-fold purpose of developing relations between the Orient and the United States and furnishing to desirable persons of this country an unexampled opportunity of studying the people of the important Eastern ports at close range." It was also stated at the time this announcement was made that "unusual opportunities for sight-seeing through official recognition of the importance of the party" would be given those making the tour. The first-class accommodations of the magnificent Pacific Mail Steamship Mongolia, 27,000 tons, for the sailing of August 9 from San Francisco, were secured. The return date is fixed as October 14. Since the date of the original announcement, everything pertaining to the arrangement of the trip has progressed most satisfactorily. Both in the Orient and in this country the purpose underlying the tour has been appreciated and commended. From Honolulu and Manila and Japanese and Chinese officials word has been received that preparations of an unusual character for welcoming the American visitors are under way. Some of the most eminent citizens of the Southwest have booked passage for themselves and their families on this trip and some distinguished persons in New England and New York and the Middle West have also requested the privilege of accompanying the party. These requests have been granted. The pressure from the East has been unexpectedly great. The opportunity for residents of the Northwest to avail themselves of the unusual privileges involved is being held open in their interest and in the interest of this region. The rate for the complete tour has been fixed at \$525. This includes every necessary expense of a high-class trip—first-class steamship, railway and hotel accommodations, guides, interpreters, carriages, automobiles, jirikishas, sedan chairs, steam launches and all expenses of side trips. The tour director will be happy to care for mail bookings. Address or call on

ORIENTAL TOUR EDITOR,

I believe the happiest man these days is the man with a farm.—THEODORE ROOSEVELT.

A few acres of Central British Columbia farm land properly worked, will make a man independent for life.

\$3.00 PER ACRE

CASH, BALANCE FIVE YEARS.

In British Columbia's greatest farming region, at the junction of four coming railroads, and 1000 miles of navigable waterways—three to eight miles from the coming inland Metropolis.

FORT GEORGE

Opportunity never comes to you, you must take it. Every one has the ability, if they have the push.

The question is, Do you want to be independent? If so, here is your chance.

Irrigation unknown, short winters, warm summers, void of late frosts. Soil consists of brown loam to silts, with a clay subsoil and gravel base; will produce anything that can be grown in the temperate zone. No alkali; well watered with an average rainfall of 28 to 30 inches annually.

This land is easily prepared for the plow, being covered with a scattering growth of spruce, poplar and willow. Park-like lands with wheat, peas and bean vines grow in profusion, with wild hay in the meadows.

The railroad reaches Fort George this fall from Edmonton. Call and see photographs of the country and samples of grain grown there.

This is not a speculation, but a certainty for the man who desires a home in a coming country that will grow beyond all expectations.
