

PRINCETON MUST BE RECKONED WITH

GUNPOWDER GIVES WAY TO ATHLETICS

Keene Fitzpatrick Bound to Bring Old Nassau's Athletes to the Front.

Fourth of July Sporting Events Will Swing Around All America.

That Princeton will play an important part in the collegiate athletic world next season is the opinion of both the students and the faculty at the Jersey university.

New York, July 2.—Monday will set a new mark in athletics in America. The safe and sane Fourth of July has been tending more and more towards athletics for a number of years and it will apparently culminate tomorrow in a sort of grand finale.

With the field men he is also an expert. He knows the intricate points of the game and has a faculty of teaching his men his methods without difficulty.

In Washington the United States government has donated a sum which has been met with a large sum raised by the citizens of the district for a great athletic carnival.

It's too early to make any prediction at this time," he said, when asked as to what he expected his team to do next year.

James E. Sullivan, secretary of the A. A. U. in speaking of the national preparations for tomorrow's celebration said: "Never before in my remembrance have there been such elaborate preparations made for the athletic part of the celebration of the Fourth of July. It is a good thing, too. I might predict that athletics will play a more important part as the years go by."

MOTORING NOTES

Commodore Boost found a new rock in the river while on the way to Oregon City. He thought it mud bank, but he knows better now.

Thursday evening, there was a warm discussion over positions and rules in the races. It was decided that any rider looking back will be disqualified and that any rider who falls must lie still until the other machines have passed.

Jack Yates thought he saw an aeroplane scouting the river as far as the hour yesterday morning, but he found out later that it was Otto Al's new racer.

The sale of tickets and general interest indicated that there will be at least 5000 people on hand to witness the races. A special detachment of police will preserve order.

Joe Mathoit objects to the boys smoking in the clubhouse while he is around. He says he has inhaled so much gasoline that he might get ignited and cause an explosion.

The streetcar company has agreed to furnish all the cars needed to transport the people to and from the track. The race will be of particular interest for the reason that there will be a number of riders present from outside towns.

The club has been invited to hold its next outing July 24 at the Rock Island club. Invitations will be sent out to all motorboat owners, and the largest gathering of motorboats at one time on the river is expected.

Then entries for the 11 events with the machines to be used are as follows: (1) Two miles for 3 horsepower machines—G. M. Pierce, Marsh Metz; C. J. Ford, Thor; J. W. Carlson, Thor.

Those who attended the monthly outing last Sunday say they had a very enjoyable time and are now waiting for the next outing, July 24.

FANS EXCITED, SPIT, FINED \$5 PER SPIT

St. Louis, July 2.—The Brown Tigers game at Detroit was the indirect cause of the finding of nine fans, including a Philadelphia physician, Dr. Richard McNeer, a clergyman, Rev. Charles N. Clark, pastor of the Scruggs Methodist Episcopal Church South; a New York actor, Glen Ford, a former newspaper man, Harold Stephens.

Chicago, July 2.—Over \$15,000,000 annually is poured into the coffers of those who exploit and advertise fake consumption cures, according to a statement issued by the National Association for the Study and Prevention of Tuberculosis; and for this vast sum the victims receive nothing in return, but are often permanently injured and in the majority of cases cheated out of the chance for a real cure.

FUNNY HANDLES TO SOME BALL CLUBS

Peculiar Nicknames Conferred on Teams Representing Various Cities.

Have you ever stopped to consider the peculiar names—nicknames—which have been attached to baseball clubs throughout the United States? Starting at the top the world's champion Pittsburgh Nationals are called the Pirates, and the Detroit Americans are called the Tigers.

The National league has Chicago as the Cubs, Pittsburg as the Pirates, New York as the Giants, St. Louis as the Cardinals, Boston as the Doves, Cincinnati as the Reds, Brooklyn as the Trilby Dodgers.

In the Southern league we have Atlanta as the Crackers, Mobile as the Cyclones, Nashville as the Sea Gulls, Birmingham as the Iron Founders.

The American association has St. Paul as the Saints, Louisville as the Colonels, Milwaukee as the Brewers, Toledo as Mud Hens, Kansas City as Blues.

which they are the sole proprietors. There are nearly 150 of these institute frauds in the United States, cheating the people out of millions of dollars annually.

These will not cure consumption, declares the National association. No drug, gas or other material has yet been discovered which, when eaten, inhaled or injected into the body will kill the germ of tuberculosis.

St. Louis has abolished interscholastic football in public schools.

IN NEGRO'S CORNER

Billy Delaney, the famous old hand-let of pullists, who says he will be back of Jack Johnson at Reno tomorrow if he has recovered far enough to stand the strain.

London, July 2.—The sale of a great auk's egg is an event of much interest in the collecting world, and one of the finest specimens in existence—there are only 73 all told—has just changed hands at a London auction room.

WEDDED 61 YEARS; START ON HONEYMOON

Ann Arbor, Mich., July 2.—It was just 61 years ago that Mr. and Mrs. George Jacobus of this city were married. They never took a wedding trip, and now they have gone for one of two weeks. They go to Atlantic City and to New York city, and they insist it is their honeymoon.

Louisville will be the first city of the newly formed circuit of automobile racing tracks to witness a series of races. They will be held May 9.

WOMEN MAY RIDE ON BRITISH TURF

Annual Race Event for Fair Sex Suggested at English Track.

By Richard DeLigren. London, July 2.—The suggestion that annual turf events be provided for women upon the English race tracks with appropriate trophies and that women ride as jockeys in the events has been proposed and the idea will quite likely be put into active use either this year or next.

Women Ride in Balm. The women had to ride their own horses, and eight started in the race, which took place over a natural hunting country near Cricklade.

Whether it is that racing authorities in the United States do not interpret the rules so strictly as they do in England, certainly nothing has ever been known on this side as the occasion on which Mrs. Ada Evans Dean entered her horse Moorish Dance for a couple of races at Liberty, N. Y., and in the absence of her jockey raced the horse herself and won both races.

Taylor Talking Again. John I. Taylor, owner of the Boston Red Sox, has come to the fore several times so far this season with expressions upon the American league race. However, it is noticeable that Taylor does not predict that the Boston Red Sox will cop the pennant. He speaks in glowing terms of the work that is being done by all the clubs, but says that the league is more evenly balanced than ever before. In fact, he is right in not predicting a pennant for Boston.

May Fight Labor Day. Tommy Burns and Sam Langford will likely meet in Reno on Labor day. Governor Gillett has crimped their plans for clashing before a California club.
