

INVESTIGATION OF ALLEGED GRAFT IN CHEHALIS COUNTY

Grand Jury Begins Second Day of Quiz Into Averred \$15,000 Rakeoff on Courthouse Built in That County.

(Special Dispatch to The Journal.)
Montesano, July 8.—W. A. Rupp, publisher of the Aberdeen World and Aberdeen Tribune, and A. C. Girard, newspaper writer, spent the entire morning before the grand jury today testifying in the alleged \$15,000 graft case, which has been the main cause of calling the inquisitorial body. From information given out by the officers of the county and municipalities will be thoroughly investigated.

County Auditor Fred Rosmond was the first man called before the grand jury when it convened yesterday and he spent the entire afternoon before the investigating body. That the records and books of the county officials will be the first matter to be probed now seems a certainty. The jury was charged by Superior Judge Mason Irwin, who called the last grand jury 21 years ago.

Deliberations Are Secret.

Judge Irwin stated that the deliberations of the jury must be secret under penalty of contempt of court, and laid particular stress upon the body expediting matters. The opening talk and charges brought were given to the jury by Prosecuting Attorney William E. Campbell, and after a few minutes deliberation the first subpoena was issued. The following men compose the jury: H. J. Palmer, rancher of Montesano; Thomas Connor, saloon man, Montesano; W. M. Van Linn, rancher, Montesano; Peter Anderson, carpenter, Aberdeen; H. V. Reynolds, lineman, Aberdeen; Emil Pfund, jeweler, Aberdeen; Fred Straub, jeweler, Hoquiam; Robert Ewart, lumberman, Hoquiam; A. E. Peterson, lumberman, Hoquiam; Robert Shipman, laborer, Hoquiam; W. J. McCormick, rancher, Yacoma; S. Stapleton, rancher, Satsop; Fred Spaulding, rancher, Satsop; R. P. Ames, rancher, Oakville; F. B. Reader, saloon man, Aberdeen, and Alfred Carlson, laborer, Aberdeen.

BUILDING RECORD OVER \$2,500,000

Medford Shows Heavy Increase Over 1909; Many New Residences Are Built.

(Special Dispatch to The Journal.)
Medford, Or., July 8.—With Uncle Sam making preparations to start construction on a federal building in this city at a cost of \$110,000, provided in the public buildings bill, and the breaking of ground for a six story hotel building which is to cost \$100,000, aside from the erection of a score of minor business buildings it seems certain that Medford's building record of \$2,500,000 in 1909 is to be surpassed this year. Although it is but July, the operations this year total over \$1,000,000.

Aside from the federal building and the hotel, other public buildings to be erected include a public school at an estimated cost of \$50,000, and a Carnegie library at \$40,000. The Southern Pacific company is completing a \$65,000 passenger depot. A natatorium will be opened to the public on July 14, which includes, aside from the swimming tanks, billiard halls, bowling alleys, skating rinks, dance halls and several other forms of amusement. This building is the largest of its kind in the state, and cost nearly \$50,000.

JEFF NEVER HAD CHANCE, SAYS CHARLEY SHEA

"Whenever they say Jim Jeffries was so dazed prior to the fight that Corbett had to load him down the aisle into the ring they are daffy." This is the assertion made this morning by Charley Shea, who returned yesterday from Reno.

"Jeffries was as brown as amber, and everybody remarked what great condition he was in. He certainly looked fit from the outside. I believe he was in an good condition as a man can be who has been out of the game for six years. It is the old story of fighting once too often."

"Johnson was too clever and too strong for Jeffries. Jeff never saw the day that he could beat Johnson. At infighting, which was always Jeff's strong point, Johnson made a monkey of him. He uppeccuted one after another, whenever he wanted to, and Jeff's face looked like a puff ball. Once he took Jeff's famous left arm in a clinch and almost put a hummerlock on him. In fact, I believe he could have twisted it out of the socket. Sullivan, Corbett or Fitzsimmons never saw the day when they could knock this wonderful negro out. He has a marvelous defense and he can hit like a triphammer."

Homeopathic Candidates.

(United Press Leased Wire.)
Pasadena, Cal., July 8.—Three candidates are already in the field for the presidency of the American Homeopathic Institute, which will meet in its sixty-sixth annual convention here Sunday. The retiring president is Dr. James Ward of San Francisco. The man who would like to succeed him are Dr. J. Jones of Cleveland, Dr. Thomas H. Carmichael of Philadelphia, and Dr. B. F. Bailey of Lincoln, Neb. The election will be held Wednesday. It is estimated that 500 physicians will attend.

HARMON BOOMIS FELT IN MICHIGAN

Democrats Endeavor to Increase Output of Sentiment for Ohio Man.

(United Press Leased Wire.)
Charlevoix, Mich., July 8.—The boom of Governor Judson Harmon of Ohio for the Democratic nomination for president in 1912, created in Ohio, has slipped across the state border into Michigan. The Ohio executive has reaffirmed his "O. K." to the summons higher, and a number of Michigan Democrats are busily engaged in increasing the output of Harmon sentiment today.

AITKEN GETS OUT OF SPEED GAME

Tommy Kincaid's Mechanician Says Speedway Involves Too Much Peril.

(United Press Leased Wire.)
Indianapolis, Ind., July 8.—Johnny Aitken, who was mechanician for Tommy Kincaid when the latter was killed on the Indianapolis speedway in the wreck of his car, the National, today declared himself through with automobile racing. The game, he said, offers too many hazards for any man who values his life.

FEDERAL PRISON DOORS YAWN FOR F. E. YORK

F. E. York, whom the United States would like to entertain in a federal prison, is also desired by the authorities of Klamath county, and will in all probability receive the legal hospitality of that section in the apartments reserved for its guests at the state hotel in Salem.

Mr. York went to Klamath Falls not long ago, and at once became one of the prominent citizens and boosters of the city. In a short time he inveigled some \$8000 out of a Klamath Falls bank and removed his activities to a new pasture.

About the same time the United States marshal's office began to camp on Mr. York's trail, actuated by the urgent requests of federal authorities from the east, who represented that the man had, under oath, told things other than the truth.

So now it is a toss up who gets him. Klamath county officials want to send him to the penitentiary for working on the confidence of the Klamath Falls banker to the extent of \$8000. "The federal machinery" would like to get a crack at him and it is a toss up which will win. Since Uncle Sam never forgets, and the state sometimes does, it is understood that Mr. York is hoping that Uncle Sam will get him, send him east for a longer or shorter time and give the state a chance to forfeit, if not to forgive. He would rather do that than to spend several years as the guest of the state and then have a blue-coated representative of Uncle Sam waiting at the gate for him.

CHERRY FAIR VISITOR ARRESTED AT SALEM

(Salem Bureau of The Journal.)
Salem, Or., July 8.—A woman giving the name of Beatrice Lyde, a cherry fair visitor, who was arrested yesterday afternoon by Officer Murphy at the Cottage hotel, was today bound over to the grand jury, now in session, charged with larceny of some women's wearing apparel. She wired Walter E. Morrison of Vancouver to come to her assistance. She signed her name Mabel and cautioned Morrison to tell her mother. It is thought her home is in Vancouver. She is being detained in the county jail pending the action of the grand jury.

The grand jury returned a true bill against Theodore Larson of Silver Creek Falls this morning for larceny of a horse belonging to E. O. Freeman. A true bill was also returned against Glen Burton for obtaining money under false pretenses. The sum obtained for which he was tried was \$18. The chief witness against the young man is R. A. Crossan.

CURTISS FLIES FOR ATLANTIC CITY FOLKS

(United Press Leased Wire.)
Atlantic City, N. J., July 8.—Signals hoisted at 9 o'clock this morning brought a crowd of several thousands to the board walk to witness a flight by Glenn H. Curtiss, the New York aviator. Curtiss lifted his machine at 10:30 and for 10 minutes maneuvered above the crowd, alighting easily after having covered about seven miles. Brookins, in a Wright machine, will attempt a flight this evening.

BACK HAND CHECK FORGER SENT TO PRISON

John Davies, the back hand check forger, who has confessed forging all the checks for which O. R. Blystone was sent to the penitentiary, was sentenced to an indeterminate term of from two to 15 years by Presiding Judge Morrow in the circuit court. He pleaded guilty to forging one of the supposed Blystone checks, and an effort is being made to secure a pardon for Blystone.

JAQUES' USE OF SLANG HUMILIATED HIS WIFE

Circuit Judge Gantenbein has granted W. E. Jacques a divorce from Margaret Jacques on the ground of cruelty. He alleged she used slang, causing him humiliation, and did not attend to her household duties. The court ordered Jacques to pay his wife \$20 per month for the support of their child.

ETHEL LEVY TRIES MATRIMONY AGAIN

Divorced Wife of George M. Cohan Fools Her Little World in Paris.

(United Press Leased Wire.)
Paris, July 8.—Parisian "chappies" boulevardiers are disconsolate as a result of the reported marriage of Ethel Levy, the divorced wife of George M. Cohan, to Pierre Crepin, a wealthy French horseman and man about town. For two years the dainty American dancer and comedienne has been the toast of the stage door Johnnies of the French capital, where her American songs and wonderful dancing have been a great hit.

CLE ELUM MAN PAYS FIGHT BET

Walks to Ellensburg, by Agreement, to Give Up \$50; Then Walks Back.

(United Press Leased Wire.)
Cle Elum, Wash., July 8.—Fred Zentner, a local cigar man, returned this morning from Ellensburg, where he had walked to pay a \$50 bet he had made with T. W. Satterwhite of that town on the Jeffries-Johnson fight.

Zentner left Cle Elum at 3 o'clock yesterday morning and plodded along the dusty roads to Ellensburg, arriving there at 3 o'clock yesterday afternoon. The loser had agreed previously to walk the distance to pay the bet.

NICARAGUA TO RAISE ROW AT BUENOS AYRES

Buenos Ayres, July 8.—The United States is expected to come in for some lively criticism at the hands of the Nicaraguan delegates to the fourth international conference of the Pan-American union, which will convene here tomorrow. It is reported that the Nicaraguan delegates will attempt an agitation against the United States.

The followers of President Madrid are already circulating protests against the interference of the United States in Central America. They are said to be secretly canvassing the delegates to the conference in an effort to secure a resolution criticizing American tactics in Central America.

Delegates representing 21 republics are here to attend the conference. The American delegation consists of Henry White, Colonel Crowder, Louis Nixon, John Bassett Moore, Bernard Moses, Lamar Quintero, Paul Reinsch and David Kinley.

EASTERNER AIDS WOMAN IN JAIL

Mother of Two Children Who Passed Bogus \$15 Check to Be Released.

After reading the account last evening in The Journal of the arrest of Mrs. Mary Schells, mother of two children, for passing bogus checks, a sympathetic eastern visitor to Portland came to the rescue of her husband this morning and donated enough money to get her out of the trouble. He left \$15 at The Journal office, with instructions that it be applied to taking up the check held by L. Shanahan, 141 Third street, whom the woman defrauded.

Investigation shows the woman has been a good mother and wife. Her only fault has been a mania to pass small checks. This is the fourth time she has been arrested for such a charge, and was out on parole under a six months' sentence when arrested. Her husband declared he would pay all the checks she has passed, which will amount to about \$30.

District Attorney Cameron, who has investigated the case, is inclined to consent to the dismissal of the charge against her. Judge Bennett said he was glad to give the woman another chance. Shanahan is more than willing to give her another chance, and told the husband that he could take his time in paying the check, but he expected it to be paid. The money left by the sympathetic easterner was turned over to Shanahan this afternoon.

The husband of the woman now proposes to either have her taken to Buffalo, N. Y., where they formerly lived, or to have her placed in a local sanitarium for a short time. It is thought she has been on the verge of a nervous breakdown from worry.

The woman is still in the city jail, but will be released this evening.

Hospital for Wallowa.

Wallowa, Or., July 8.—Wallowa will have a first class hospital. Drs. Gregory and Gregory having secured the residence built for the late Mrs. Theresa Minnaugh. Among the equipment will be an x-ray machine. The hospital will be opened by August 1.

TO PROHIBIT NEW RELIGIOUS ORDERS

Spain Would Prevent Others From Joining in Present Controversy.

(United Press Leased Wire.)
Madrid, July 8.—A bill prohibiting the entrance of any more religious orders into Spain until the dispute between the Vatican and Spain over the concordat is settled, drawn by Premier Canalejas and signed by the king, was introduced in the cortes today.

The hierarchy is defying the premier and is declaring that the foundation of the movement for a dissolution of the religious establishment and the impeachment of the church is radical action by the premier, independent of the cortes will.

The Spanish revolutionary movement, which includes an anti-clerical propaganda and the activity of Free Masons in Spain, is regarded as a leading cause in the action of the premier and the cortes.

HEPPNER WOMAN IS BURNED FATALLY

(Special Dispatch to The Journal.)
Heppner, Or., July 8.—Miss Emma Zink dropped a match in some gasoline while starting a fire in a gasoline stove Wednesday morning, and her clothing caught fire and was burned off. She died from her burns Thursday afternoon.

TWO MEN KILLED BY COLLAPSE OF WALL

(United Press Leased Wire.)
Kansas City, Mo., July 8.—James Brady and William Rothenberger were instantly killed today when a wall at the plant of Peet Brothers' soap factory collapsed, burying them under debris.

LITTLE EXPECTED TO MEET CHARGES MADE BY JOHNSON

In Role of Nemesis He Is Due to Hurl Back Accusation That He Tried to Throw Fight—Johnson Lionized.

(United Press Leased Wire.)
Chicago, July 8.—George Little, deposed manager of Jack Johnson and the champion legal nemesis, on his arrival tomorrow is expected to add to the excitement of the negro's stay here. Johnson has accused Little of having offered him \$50,000 to "throw the fight" to Jeffries, and those who know Little expect the ex-manager to have several things to say in reply.

Attorney Marks, representing Little, said his client had not instructed him regarding Johnson's charge. It was intimated that Little would meet the accusation as he did former ones brought by Johnson, by resorting to legal measures to obtain satisfaction.

Meanwhile the negro, careless of the approach of Little, is the hero of the hour. If Jack had been given the freedom of the city he could not be more royally entertained. Even his proverbial enemies, the policemen, who haul up automobilists with speed burning tendencies, overlook the delinquencies of the big black when he is motorizing. Jack is allowed to speed to his heart's content and he is not "pinched" therefor.

If the dusky champion could accept the banquet invitations extended to him he would have free feed for a year. Johnson's welcome has been one continuous fete and the negro population is not alone in expressing appreciation of his fiatic ability.

At the concluding session of the recent convention of the Association of Railway Superintendents of Telegraph in Los Angeles, Cal., I. T. Dyer of the San Pedro, Los Angeles & Salt Lake railroad, Los Angeles, was elected president. It was decided to hold the convention next year at Boston.
