300 Rockers ^{LIKE THIS} Tomorrow at \$3.49 Ea.

The illustration shown here is sketched from the chair and shows the style perfectly. These are finished in golden oak and highly polished. We have three hundred of them for shoppers who seek handsome furniture at a low price. Bought at a very favorable price on account of the large quantity, we are able to offer a bargain that will make homefitters remember this big new Furniture Section of ours. Compare these Rockers with those you're usually asked \$5.00 to \$6.00 for in any furniture store. You'll admit that \$6.00 won't usually buy a better rocker. They are made of quartered oak, highly finished in golden oak, with saddle seat, strongly made and braced, as shown in the illustration here-with. They will be placed on sale tomorrow in our big new Fourth Floor Furniture Department at this special low price

Every Refrigerator We Own Now One-Fifth Less Than Regular Price

The tremendous sales in the Refrigerator Department show that the buying public appreciates this decisive reduction on the best refrigerators made. This warm weather makes a refrigerator an imperative necessity and a real economy. The cost of milk and food rendered unfit for use by lack of a refrigerator these days would go a long way toward paying for one, to say nothing of the comfort you take from having ICE COLD beverages, desserts, etc., for your table during the torrid days. We have the sole Portland agency for the White Mountain Refrigerator—"the chest with a chill in it"—the most economical to operate and the lowest priced GOOD refrigerator on the market.
