

MACHINE LEADERS TO ARGUE CAUSE AGAINST HUGHES

Roosevelt Expected to Make Attitude Known Shortly Regarding New York Politics—Enjoys Visit With Hughes.

(United Press Leased Wire.) Oyster Bay, N. Y., July 13.—Theodore Roosevelt today will hear the arguments of the New York Republican machine leaders against the legislative and political program of Governor Hughes.

Hughes and Roosevelt Talk. Governor Hughes, who went to Sagamore Hill yesterday and remained there until today, had a long conference with Roosevelt. The colonel and the governor sat on the veranda for hours last night engaged in earnest conversation.

As the governor departed today he was met by a host of newspaper men. "I had a most pleasant visit with Mr. Roosevelt," he said, "but further than that I have nothing to say."

It is understood that Hughes urged the necessity of incorporating a plank for direct primaries in the New York state platform. Most of the machine leaders oppose such an idea, and it is probable that on this point a bitter fight will be waged.

"Hughes and I had a most delightful time," Roosevelt said after the governor had left Sagamore Hill. "We talked politics, discussing the qualifications of the gubernatorial candidates. My position on the governorship is that we must find the best man, the one most acceptable to the rank and file and to the independent voters. I intend to do everything in my power to secure the nomination of such a candidate."

Would Not Talk of Loeb. He was asked whether the name of William Loeb Jr., was mentioned during the discussion. "I do not care to discuss that now," the colonel replied.

He was asked if he had sent Gifford Pinchot west to stump California for the insurgent cause. "Now you boys are telling me news," he answered.

"There was a good deal of unnecessary mystery about Speaker Wade's visit yesterday," he continued. "The meeting was informal and really had no political significance."

Congressman Fowler of New Jersey arrived at noon to continue the conference that was interrupted yesterday.

PORTLAND PUTTING ON GAY DRESS TO GREET HIBERNIANS

(Continued from Page One.) In Portland. An alliance between the German and Irish races in America will be a question of paramount importance to the convention.

"There is no question of greater moment to this republic than the union of the Germans and the Irish," says a recent editorial in the Hibernian, an official organ. "Between them they represent the majority of its population, and not even Americans themselves have been more loyal to the Stars and Stripes. They have earned the friendship of the United States and are ready to lay down their lives for the preservation of its institutions."

Other important questions will be the information of plans for teaching Irish history more extensively in all the schools; for increasing the membership, and for giving greater prominence to the work of the Ladies' Auxiliary."

A question brought from Mr. Deery an explanation of the unfinished Emmet monument which is prominent on the badge to be worn by the delegates next week. Emmet was one of the Irish patriots who died for the independence.

In New York Society Beautiful Women of the "400" Who Have Luxuriant Hair.

In gay New York, where women get their ideas from their staid abroad, the hair tonic called Parisian Sage is in great demand.

A great scientist, undoubtedly one of the most eminent hair specialists in the world, is the discoverer of Parisian Sage. He claims most emphatically that it is the only hair preparation that will kill the persistent dandruff germs. At any rate, the Giroux Mfg. Co., sole manufacturers of Parisian Sage in the United States, give through their agents, Woodard, Clarke & Co., this money back guarantee, which is no doubt strong enough and plain enough to please the most exacting.

"We guarantee Parisian Sage to cure dandruff in two weeks; to stop falling hair; to make dull, lifeless and colorless hair beautiful and luxuriant; to cure all itching diseases of the scalp; or money back." The price is only 50 cents a large bottle at Woodard, Clarke & Co., or by express all charges prepaid, from Giroux Mfg. Co., Buffalo, N. Y. The girl with the auburn hair is on every bottle.

TELEPHONE RATES SUBJECT OF QUIZ BY CITY COUNCIL

Patrons on Party Lines Face a Raise in Monthly Rentals; Inquiry Will Be Made into the Causes of Added Charge.

Rates to resident patrons of the Pacific States Telephone company will be the subject under investigation by the judiciary committee of the city council. This action is taken at the instance of Councilman Devlin, who this morning introduced and obtained the passage of a resolution calling for the investigation.

Such a course follows the recent raise in rates by the telephone company to patrons on party lines. In making this increase no recognition has been given the patron, or opportunity to make an objection. Councilman Devlin seriously questions the right of the company to take such action, in view of the franchise granted by the city. In the investigation by the judiciary committee, all phases of the proposition will be taken up.

Inquire Into Entire Service. While the resolution passed this morning is confined to the question of rates, it is believed the bars will be thrown down and a wide sweeping query made into many features of the telephone service.

The latest raise in rates was on a two-party line. This raise has been 50 cents. The original rate for party line was \$1.50. On some lines a raise was made two months ago of 75 cents. The latest rate is to take effect August 1, and all such subscribers are receiving notice of the action.

The reason advanced by the company for making the raise is that considerable expense has been incurred in changes, and that the character of the service rendered by the changes is fully warranted in the raise of 50 cents a month. Councilman Devlin, in presenting the matter to the council, that considerable complaint had been made by residents that are served by party lines, and the company could easily have shown some consideration in making the change by informing the council, and the patrons of the lines. He said he had not had time to go into the legality of the change, or to consider the franchise, but he had much doubt of the propriety of the change. Several councilmen expressed hearty approval of the investigation.

OREGON RAILROAD COMMISSION CUTS EXPRESS CHARGES

(Continued from Page One.) ford to Portland, the reduction is from \$2.00 to \$1.50. Reductions to and from all points where the Wells Fargo operates, which is wherever the Southern Pacific company's lines touch, are made in conformity with those quoted.

Long Investigation Made. The matter has been under investigation by the railroad commission for over a year. The history of the Wells Fargo company from its pioneer days, when it began business with two horses and a coach, has been gone into and its old accounts and earnings have been examined and analyzed. Every express rate in force in the United States was looked up and compared made.

The rates affected by today's order are virtually all of the rates of the Wells Fargo company in Oregon and include what are known as "merchandise rates" and "general special" rates.

The "merchandise" rates, about 15,000 in number, are all specified and set out in order, but the "general special" rates are to be ascertained by a scale which is set forth in and made a part of the order.

The "General Special" Rates. Scale is as follows: When the merchandise rate in cents per 100 pounds is (1), the rate on general special matter in cents per 100 pounds shall be (2):

(1)—40, 50, 60, 75, 85, 90, 100, 110, 125, 140, 150, 160, 175, 200, 225, 250, 275.

(2)—40, 45, 50, 55, 60, 65, 70, 75, 80, 85, 90, 100, 110, 120, 130, 140, 150, 175, 190, 210.

If the merchandise rate named by the commission in its order is not named above, the next higher merchandise rate given above is used as a basis in making the "general special" rates.

While the order applies directly only to "merchandise" and "general special" rates it affects indirectly most of the company's rates. This is due to the fact that most all other express rates are based on "merchandise" rates of the company, and as these have been cut by the commission it will result in a reduction of many other rates.

In Line With Policy. The reduction of the Wells Fargo rates made today is in line with the policy adopted by the commission when the order was made last fall reducing the rates of the Pacific Express company, which affected the rates to all points on the Oregon Railway & Navigation company's lines. If the new Wells Fargo rates are allowed to go into effect without a contest, as did the reductions of the Pacific Express company, the rates all over the state will be about uniform.

Unless the commission is enjoined from enforcing its order made today, the new rates will go into effect about August 3, as the law provides that new rates shall go into effect 30 days after the order has been served upon the express or railroad company affected by the order.

The following table gives a comparison between the old and the new "merchandise" rates between Portland and prominent points:

Table with 2 columns: Old, New. Lists rates for various locations like Woodburn, Salem, Albany, etc.

A French chemist has invented a secret process of removing an unsatisfactory color from silk and restoring it a more desirable hue without injuring the fabric.

NATIONAL OFFICERS WELCOMED ON WAY TO CONVENTION HERE

Butte, Mont., July 13.—National officers of the Ancient Order of Hibernians en route to their convention at Portland were guests of the local Knights of Columbus, being tendered eight-seeing trips about the city, and luncheon. Tomorrow and Friday the party will be guests of the Hibernians in Seattle.

Three local divisions of Hibernians accorded the national officers a royal welcome last night. A large committee met the party in the eastern part of the state and traveled with it to Butte, and accompanied the officers to the Auditorium, where a banquet was held, participated in by Hibernians from all parts of Montana.

The party is headed by National President Matthew Cummings of Boston, James Regan of St. Paul, Rev. Father Kennedy of Danbury, Conn.; Major McCrystal of New York, and P. J. Halligan and H. J. Moran of Washington, and Miss Malla of Scranton, Pa., national president of the ladies' auxiliary. They left Butte for the west at 12:30.

YOUNG THEODORE MAY JOIN AFRICAN HUNT

(United Press Leased Wire.) Santa Barbara, Cal., July 13.—Theodore Roosevelt Jr. is emulating his father. With Mrs. Roosevelt, Stewart Edward White and Mrs. White, he is trekking into the Santa Ynez mountains, where he will establish headquarters for a three weeks' hunt. The party traveled in an automobile to the foothills, where they secured pack animals and commenced the ascent into the wilds. They will invade the country of the mountain lion, and will prepare their own meals over a campfire.

With a party of friends, he is planning a trip next year through the African country traversed by Colonel Roosevelt. It was reported today that young Roosevelt and his bride might be members of the party.

TOWN OF PHOENIX SAVED BY AID OF FIREFIGHTERS OF NEIGHBORING CITIES

(United Press Leased Wire.) Medford, Or., July 13.—The little town of Phoenix, between this city and Ashland, today suffered the worst fire in its history when a planing mill and a score of nearby buildings burned.

Aid was summoned from Medford and Ashland, and fire companies from these cities arrived in time to check the flames, which threatened the destruction of the entire city.

AMERICAN CHEMISTS IN ANNUAL CONVENTION

(United Press Leased Wire.) San Francisco, July 13.—The American Chemical Society, numbering 110 delegates, began its forty-second annual meeting at the Hotel St. Francis here today. They will be in convention a week and in the course of the sessions will visit many places of interest in central California.

The morning session today was devoted to speeches of welcome and responses. Several papers were read, all of a technical nature.

In the afternoon the chemists and their guests went to Half Moon bay by special train. This evening the men will attend a smoker at the Fairmont hotel and the women a theatre party at guests of prominent chemists here.

SAXON PRINCE AND PRINCESSES AVIATE

(United Press Leased Wire.) Dresden, July 13.—Prince King George of Saxony, brother of King Frederick August, is enthusiastic about his first balloon trip, made in the big dirigible Farfalla IV before 16,000 cheering subjects. The wife of the prince and the two princesses of Caseria were in the basket with Prince George. The ascension was made late yesterday after the dirigible, with six passengers, arrived from Bitterfeld and did a lot of maneuvering before the crowd of spectators.

ROOSEVELT ON STUMP IN BAY STATE CAMPAIGN

(United Press Leased Wire.) Boston, Mass., July 13.—Republican leaders of Massachusetts have announced that Theodore Roosevelt will take part in the coming campaign here. He is expected to make a trip through Massachusetts in October.

W. J. Mills, the present territorial governor of New Mexico, will probably be a candidate for governor at the first election to be held in the new state.

TAMMANY TIGER HAD GREAT ROMP ON JULY FOURTH

New York Democracy Revelled Monday in the Company of Distinguished Democrats From Southern States.

By Ralph Johnson. (Publishers' Press Leased Wire.) New York, July 9.—There is one time in the year when Tammany shines. No I don't mean on election day. That's a different story. It's on the Fourth of July.

It is, and for years has been, the practice of the Wigwag to gather, in its strength, on Independence Day and to hear words of wisdom from Democratic leaders from all sections of the country. The declaration of independence is read, long and short talks are made and sachems and braves fairly revel in patriotism.

When Grand Sachem Cochran, fine Indian name that, opened the council Monday the beauty and chivalry of Tammany was sure on hand and it must have warmed the cockles of the heart of Honorable Champ Clark of Missouri who made the long talk to hear the war-whoops of the excellent braves.

Among the short talkers were Senator Charles J. Hughes of Colorado and Representatives Edward W. Saunders of Virginia and Adam Byrd of Mississippi, besides a number of local statesmen.

It was a most enjoyable occasion and so greatly increased the passenger traffic over the Oyster Bay division of that road as to make it probably one of the best paying stretches of railroad in the country. There is a constant procession of eminent Republican statesmen to Oyster Bay to consult with the president and stand aside for the G. O. P.

They range in ideas from Senator Lodge, of Massachusetts, to Senator La Follette, of Wisconsin, and the funny thing about it is that everybody from the least important statesman who has developed until it is today one of the greatest art museums in the world. It is a pity his health has failed to a degree which compels him to relinquish the work.

Old Inventor Passes. The man who invented the hoop skirt has just died in Hoboken. He was Joseph Thomas, and in addition to the hoop skirt he is credited with perfecting a sewing machine, inventing devices for the manufacture of sulphur matches and other machines to weave braid, to quilting and to make derby hats.

The hoop skirt idea pleased the ladies of the sixties to the extent of about \$50,000 profit to the inventor. The sulphur match machine only brought him \$300. He took that sum in preference to quilting and to make derby hats. The lots are now worth \$1,000,000.

PERFORMANCE FOR INJURED ACTRESS

Benefit Planned for Marjory Mahr, Who Lost Both Legs Under Train.

A benefit theatrical performance for Marjory Mahr, the chorus girl who suffered the loss of both legs when she was run over by a railroad train at Fulton last Sunday, will be held July 26, one week from next Tuesday. The entertainment will be held probably in the Lyric theatre and it is planned to have two or perhaps three performances if the sale of tickets will warrant it.

The theatre, the services of the performers and every item connected with the benefit entertainment will be furnished free and the total proceeds will all be paid to the unfortunate girl. Arrangements are being made to have the tickets handled by some one not connected with the theatre or any of the show interests so that there will be no chance for any one to say that the money received from the sale of tickets will be used for any other purpose than to assist Miss Mahr.

Feature acts will be furnished by the Armstrong Musical Comedy company, with which Miss Mahr was playing, and by all the houses in the city. Performers, both amateur and professional, have already come forward in great numbers with offers to assist.

It was reported by Mrs. Armstrong this morning that Miss Mahr had a hard night last night but that she is resting easier today. She keeps wonderfully cheerful under the circumstances. It is thought she has an excellent chance of recovering.

Society women of Portland will assist in the sale of tickets for the benefit fit performances. Great interest and

Here's a Talking Machine Offer that No Music Loving Home Should Let Pass By

Another carload of High-Grade Talking Machines arrived at Eilers' yesterday. Two less expensive combination offers. Chance to have highest class musical entertainment at a big saving if you buy right away.

Following immediately upon our great money-saving offer of the past week, comprising a carload of the very finest and highest grade Talking Machine Outfits at the extraordinary saving of \$50, and which are being sold almost as fast as put on the floor, we have just received another carload of a less expensive style, which is now offered at a still farther reduced price. Here are prices that no one who longs for a really splendid Talking Machine can resist. In the summer there is no other form of music and entertainment that equals that of a good Talking Machine—the music of the theatre, the opera, the best bands, etc., is yours on a moment's notice and without effort, indoors or in the open air.

One of these High-Grade Talking Machine Outfits at the low prices and easy terms offered can now be readily secured by any home. Take our word for it—you will never be able to duplicate this offer. If you want one, don't wait until the last minute—come right away.

For \$6.95 Cash and \$1 a Week

This splendid, large, duplex spring Talking Machine, with all the newest improvements, finest sound box, latest tone arm and the very elaborate cabinet pictured above, with 46 selections of music of your own choosing, is surely worth \$35 more than the price for which you can now obtain it here. Think of it—for only \$6.95 cash and \$1 paid each week until all told \$64.95 has been paid you can buy this complete outfit.

Should a less elaborate cabinet be desired, however, the same fine machine, with the same number of music selections, will be furnished for still \$20 less, or \$44.95. Pay us all cash or \$4.95 cash and \$1 per week, as you wish.

This means a somewhat plainer but finely finished cabinet, but a strictly high grade, sweet-toned Talking Machine, and you pay only

\$4.95 Cash and \$1 a Week

As to the very elaborate machines with latest "Music Master" horns, as advertised several times heretofore, we wish to repeat that this is the very highest grade, largest size Talking Machine made, and has all the latest improvements. This instrument has a \$15 "Music Master" horn which softens and amplifies the tone, a 12-inch table, a most powerful quadruple motor, and is accompanied by 46 selections of the very latest and best in operatic, classical and popular instrumental and vocal music. This is actually a value of \$164.95, but which you can now obtain for \$50 less, or \$114.95. You need not pay all at once, but \$12.95 will secure same, and \$1.50 weekly payments will be accepted on the balance.

WOULD HAVE BEEN THE BEGINNING OF A CANADIAN-AMERICAN MOVEMENT WHICH IS DESTINED TO DRAW THE DOMINION AND THE UNITED STATES INTO RELATION OF THE CLOSEST FRIENDSHIP AND INTIMACY

"Goldwin Smith preached annexation, or unity, for more than 40 years in Canada. His preachments had but little effect on the Canadian mind, however. For many years the 'Yankee' and his land were extremely unpopular in Canada, and perhaps this feeling was precipitated on this side of the border. The peoples were essentially alien; so that the agitation for a single government on the North American continent had but little effect. But in the past few years there unquestionably has developed a new feeling in Canada toward the United States, and the same is true here regarding the Dominion. The American settlement of the tariff differences and the recognition of mutual problems of government has done much to bring this about. In addition, there has been a large influx of American farmers into the Canadian northwest and these have proved such excellent acquisitions that Canada will be delighted to recruit more American-bred pioneers of the same type."

CENSUS BUREAU GIVES OUT OFFICIAL FIGURES 3 CITIES' POPULATIONS

Washington, July 13.—The census bureau in a bulletin today announced the following populations obtained in the recent census.

Portland, 116,950.
East St. Louis, Ill., 64,554.
Enid, Okla., 13,749.
