## Take Advantage of Pitcher Nourse's Weakness and Grab Game in First.

(By the International News Service.) San Francisco, July 16.—Quick to take advantage of an opponent's weakness, the Seals benefited by the only opening that Pitcher Nourse gave them today and tucked the game away in the official grip sack before the first inning was over.

Nourse was absolutely lacking in control when the game started. He walked Madden and Mohler in succession and then started to aim the ball at the plate with the least semblance of a break or curve on it.

# ANGELS TAKE ERRORLESS GAME FROM VERNON BY 1 TO 0 SCORE—SOME PITCHING.

## Much Pressure Brought to Bear to Bring Him Forth to Fight Johnson—Fans Forget Jeffries That Was.

(By the International News Service.) Los Angeles, July 16.—The Angels blanked the Villagers 1 to 0 in a brilliant, errorless game today that was a fight all the way between two left-handed pitchers, Castleton and Hill.

Castleton's performance for the Angels was a remarkable one. Allowing but one scant single and giving but one base on balls, he fanned five of the Vernon sluggers and kept the remainder of Hogan's men popping up easy flies to the fielders or hitting weak grounders at the infielders.

The two Vernon runners to reach first base were both anchored to that bag. Hill's work would have won an ordinary game. Roy held the Angels to three singles, gave four passes and struck out three of the Diloplites.

# NEW CAPITAL ISSUES FOR THE SIX MONTHS EXCEED \$1,900,000,000.

## Signs of Break in Prosperous Conditions.

By Preston C. Adams. New York, July 16.—With the ending of the first half of the year, 1910, the United States finds itself in pretty good condition in a business way.

There are some pretty knotty problems to be solved during the second half of the year, notably the rate question with the railroads and a congressional election, but these who take broad views of the financial situation do not anticipate any trouble.

New capital issues for the six months exceed \$1,900,000,000. New charters have been taken out for companies capitalizing at \$100,000,000 upward to the extent of \$11,200,000,000 during the last five months.

# Governor Hughes Has Come Off Victor in Hard Fight to Minimize Race Track Gambling Evils.

## The Jockey Club Intends to Keep up the Belmont Park and Sheepshead Bay Tracks in the Hope That There Will be a Change of Sentiment in the Next Year and Legislation Secured That Will Restore the Game.

(United Press Special Wire.) New York, July 16.—When the Empire City Racing Association closes its season on August 3, it is considered certain that New York will have secured the last of thorough racing for a long time to come.

True there will be the regular 90 days' meeting at Saratoga and there is also chance that the Futurity will be run over the Sheepshead bay-race track on August 30, but there will be little sport for the New York race gear in this. The big game is at Saratoga and this state and the victory rests with Governor Hughes.

Horse racing is now admitted by the owners of the tracks, cannot succeed without betting and when the recently enacted laws take effect on September 1, it will be impossible for the betting fraternity to continue to lay odds. The new law makes "oral betting" as such a crime as "bookmaking" and the track owners are held responsible for violations.

# WRESTLING IN WESTMINSTER, 10 TO 4.

(By the International News Service.) New Westminster, B. C., July 16.—The greatest crowd that ever gathered around the Queen's Park athletic oval gave the Montreal wrestling champions of the N. U. A. a great ovation as they came on the field for the preliminary workout at 3:20 this afternoon for the La Crosse match for the Minto cup.

A conservative estimate, there was close upon 20,000 people present. The game was a very brilliant one, New Westminster finally winning by a score of 10 to 4.

O'Connell Throws Man Thrice in 15 Minutes. Eddie O'Connell returned yesterday from Astoria, where he took three falls out of Al Singh, the Hindu champion, Friday night.

About \$2000 changed hands on the result, and the Astoria sports who backed O'Connell made a big cleanup on the turbaned bunch. O'Connell agreed to throw Singh three times in an hour, but took no chances and threw him three times in 15 minutes.

Empire Results. First race, five and a half furlongs—Ryestrav won, 8 to 5; Ben Lombard second; Ladasett third. Time, 1:07.

Emeryville Stakes Better. Colonel E. C. Hopper, presiding judge at the Emeryville, Cal., track, says that next winter's meeting there will represent a vast improvement over that of last season from the standpoint of class and liberal array of stakes.

# SULLIVAN WANTS OLD TIME FIGHTS.

## Meeting Place Private and the Spectators Pay Heavily for Their Privilege.

(By the International News Service.) Spokane, July 16.—The local Northwest western league manager is looking for a meeting place for the Sullivan-Mitchell fight this afternoon, and as a result the Indians increased their chances for the pennant by a few points.

The contest was a slugging match from the opening gong. In the initial squares, the local hero and his opponent crossed the jumps, and that was a lead that the Turks could never overcome.

Thirty years ago all the big fights here were arranged privately. There was no advertising; there was no system of elaborate training with the newspapers giving two and three cents a day for the inconsequential incidents of camp routine.

The new plan is to return to the old system. The meeting place will be private and the spectators shall be limited to possibly 100. Each spectator must pay \$100 for the privilege of seeing the battle and newspaper men will not be present unless they are able to discover the fight place.

Sworn to Secrecy. If newspaper men were present at fights in the old days they were sworn to secrecy as to the meeting place, so that when their stories appeared an erroneous spot was mentioned as the scene of the battle.

# PHYSICAL AID.

From C. L. V. Needman—Will you give me a lift, sir? Snugman—Certainly; but an I strong enough? Needman—I think so. I'm trying to raise a \$500 mortgage from my home.

# KNAPP MAY RIDE ABROAD.

Jockey Knapp, the little California, who has been doing some good work for August Belmont, may go to Germany to ride.

# PENNY MINTED IN 1722 FOUND IN NEW YORK.

New York, July 15.—Somebody lost a perfectly good penny back in the days when a British kink ruled the American colonies. It was minted in 1722 and the owner was permanently poorer by that penny for it was not found until Albert Baker picked it up on the sidewalk.

# PLANNED TO NAME HIS BABY 'JEFFRIES'.

New York, July 16.—Because Jeffries lost the fight with Ray, many people thought that he was still with the name. Charles Gorman, the father, had planned to name the child James Jeffries Gorman, but when he heard that Jeffries had been defeated he said he would have to give the child some other name.
