

ACTUAL WORK ON ROAD TO BAY WILL START IN 60 DAYS

Coos Bay Traction Company to Have Trains Running to Myrtle Point From Roseburg in Year.

(Special Dispatch to The Journal.)
Roseburg, Or., July 30.—The principal officers of the Coos Bay Traction corporation while in Roseburg yesterday announced its intention to begin construction work within sixty days from this date upon a standard gauge electric railway line between Roseburg and Coos Bay. This corporation has an authorized capital of \$1,000,000 and its officers are: George T. Averill, president; W. E. Evans, secretary and manager; N. B. Campbell, treasurer and manager; J. H. Robinson, chief engineer and manager; J. H. Somers, vice president and manager of real estate department. The articles of incorporation were filed with the secretary of state July 25.

Financial End Arranged.
President Averill and Secretary Evans stated that this movement was no mushroom affair, although not heretofore made known to the public. The matter has been handled quietly, and the financial end of the proposition arranged before any public announcement was made. No information as to who is to supply the funds was given out, but it is reported to be San Francisco and New York capital. Mr. Evans is a well-known resident of Marshfield and is president of the port of Coos Bay. Mr. Averill is recently from New York.

Confers With Contractors.
Mr. Evans has had many years of practical railroad experience. He says that this road will be of a similar type as the Oregon electric line now in operation between Portland and Salem, with standard 70-pound steel rails and other equally substantial equipment. Mr. Evans goes from here to Portland to confer with W. S. Barstow & Co., constructors of the Oregon Electric railroad, and expects to employ them on the construction of this line. He says the construction will begin both from the Roseburg and Marshfield ends of the line just as soon as the necessary details can be arranged.

It is stated that terminal arrangements have already been made on Coos Bay and that it is expected to have the line from Roseburg to Myrtle Point in operation within twelve months from this date and to Coos Bay within 29 months. The company also plans a line to Bandon.

"YOU'RE TOO SLOW" WIFE TELLS HUSBAND AND SHE GOES AWAY

"Your manner of living is too slow for me. As for myself, I would rather have a gay time." This is what Will D. McCurry, who filed action for divorce against Jessie McCurry, in circuit court yesterday, swears his wife told him a number of times before July 13, 1910, when he went home to find the house deserted, and a little note of farewell from his wife pinned in a conspicuous place.

But McCurry has other grievances he cites against the woman who married him June 2, 1908, in Pueblo, Colo. He says her treatment of him was cruel and inhuman, and just about put the " kibosh " on his mentality. At any rate, he suffered great anguish because she insisted upon cursing and upbraiding him.

She was jealous, he says, and abused him at every turn. Among other things, she refused to care for their home and failed to get his meals, or perhaps didn't try at all. Then, he says, she began consorting with women of questionable character and reputation, and when he refused to meet and associate with the men these women introduced to his wife, she sneered at him. On those occasions she informed him he was too slow, and that for herself, she preferred a little of the life along the "white way."

So, he recites, he went home two weeks ago and found the house deserted. Perhaps he did not think this strange, but when he found a note of farewell pinned by her, all doubts vanished. So he said she was going away and have some fun. She thought the manner in which he lived was altogether too slow for her. He believes she went to Los Angeles, Cal., but in the complaint filed yesterday is not sure just exactly where she is.

McCurry asks for a decree of divorce only.

Navassar Ladies' Band

The following is the program of the concert at the Oak today:

Afternoon
Overture "Zigeunerin"..... Balfe
Waltz "L'Estudiantina"..... Waldteufel

Cooling, Soothing

During the dog days heavy workers are in need of a cooling soothing beverage, one that can be used as a tissue builder and general restifier of the entire system. For such a beverage Hop Gold, the famous bottled product of the Star Brewing company exactly fills the bill. This ideal beer is made from the choicest and most costly ingredients. Order a trial case today. Phone East 48, B-1144. Free delivery.

Beer, \$1 dozen, large, delivered. Spring Valley Wine Co., 244 Yamhill.

RICH SLOW TO PAY COAL BILLS

Dealers Say Poor Men Groan but They Pungle—Cash System Advocated.

Chicago, July 30.—The secret is out. That worried look that the coal dealer wears habitually is not due to the fear of a mild winter or to the failure of the poor to pay, but to the wealthy citizen who sends in a big order for fuel and fails to send in a check.

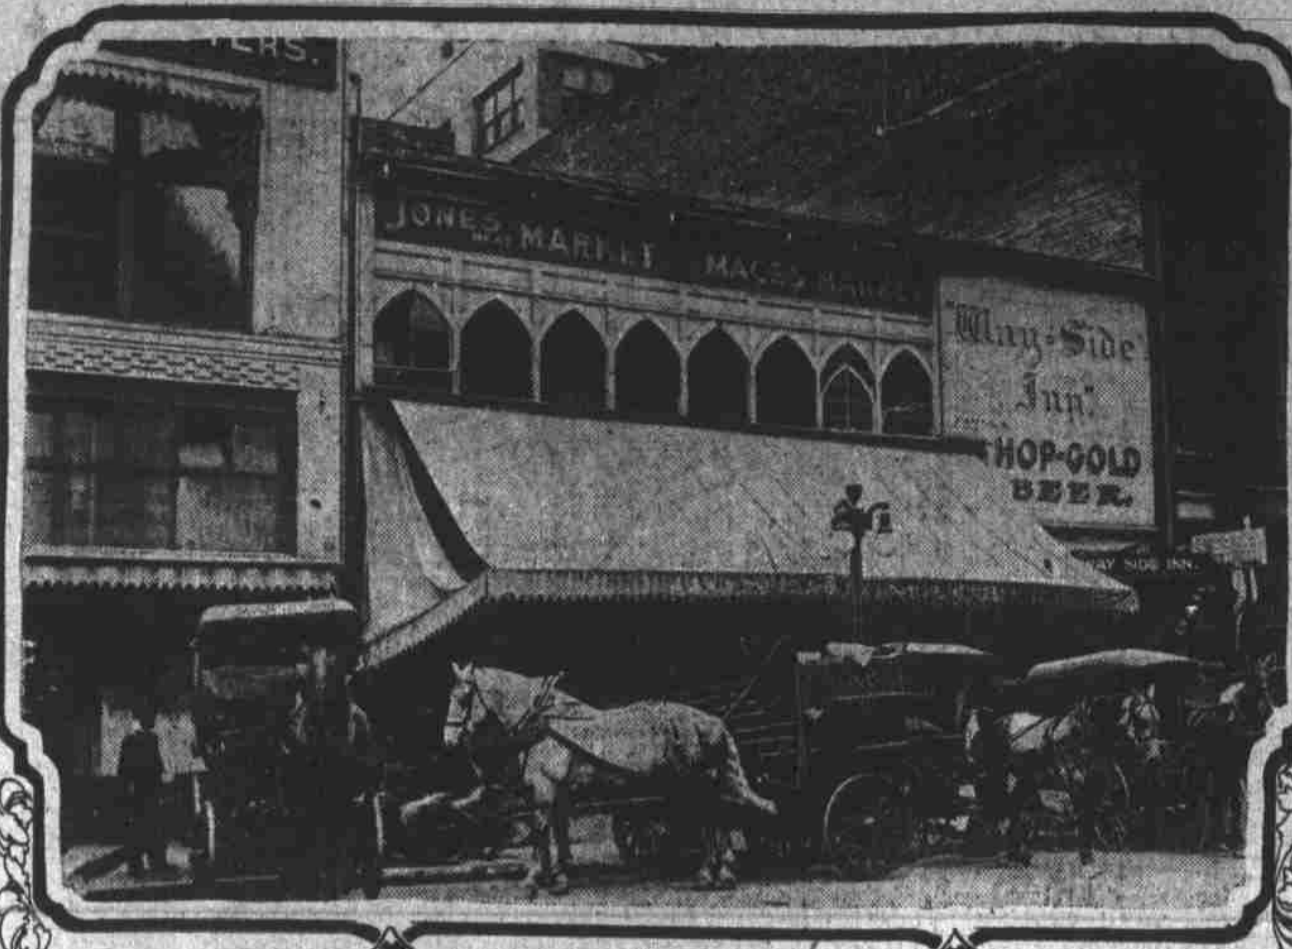

This was revealed at the second day's session of the Illinois and Wisconsin retail coal dealers' convention at the Congress hotel. Incidentally the coal men agreed that what their business needs above all is a "strictly cash" basis.

"The cash basis system is necessary in the sale of retail coal," said C. D. Millson of East St. Louis, "and it isn't the poor man that beats us either. The rich man that rides about in an automobile and who owns a fine mansion in an aristocratic district is the man who is the 'beat.' He orders a lot of coal and promises to pay later."

"When you seek your money, the rich man promises to send a check, but you wait, and wait. I know of many coal men who are waiting still for checks for coal delivered last year. Take the poor man; he frets and worries, but keeps on paying."

C. R. Adair of Chicago Heights said that coal dealers of that town were considering selling on a strictly cash basis.

Afraid of Conspiracy Charges.
"Reluctance to combine is due to fear

Site of four story market building, Fourth street between Alder and Morrison, to be erected by Milton J. Jones.

of conspiracy charges," said C. L. Moore of Kankakee. "There is a young attorney in our town who would like to see us combine. Conspiracy, nowadays, is a serious matter, and that would be a hindrance to the cash system. The people would say we were trying to control the prices."

H. A. Robinson of Peoria, president of

the association, said that more coal was sold by his firm before the association was formed, and when the public was denouncing coal dealers as belonging to a trust.

E. F. Hunter of Chillicothe thought over-anxiety to sell winter coal in the summer was one thing responsible for the long credit system.

Work in Wallows School Building

(Special Dispatch to The Journal.)
Wallows, Or., July 30.—Work has begun on Wallows's new schoolhouse and the terms of the contract call for the building to be completed not later than January 1, 1911, at a cost of \$22,200. The basement will be of concrete and the superstructure of brick.

ASSEMBLY PLAN FAILS IN LAKE

Thinking People in Southern Oregon County Ready to Swat Machine.

(Special Dispatch to The Journal.)
Lakeview, Or., July 30.—The reports of the "Assembly" held by a few so-called Republicans at Portland last week caused those who observed the methods used to elect delegates from this county to wonder whether the whole "assembly" delegation was selected in the same manner from other portions of the state.

F. W. Light, chairman of the Republican county committee, issued a call for the faithful to gather at their respective precincts and vote for delegates. In two precincts in Lakeview that have a registered list of Republican voters numbering about 100 each, there were three and four voters respectively in attendance. All other precincts in the county had no representation whatever, but somehow the delegates were nominated and went to Portland and voted for the machine candidates.

If this is representative government the thinking people of Lake are going to hand some one a large package and if the other counties of the state do as well, then there will be a turning over of some one to see how the shots went home.

A pair of shears, fastened to an upright base, adjustable to any height, is a recent invention along the line of skirt-trimming instruments for dress-makers.

ABRAHAM WANTS TO BE GOVERNOR

His Slogan Is "Party Organization on Hughes-Taft-Roosevelt Plan."

(Salem Bureau of The Journal.)
Salem, Or., July 30.—State Senator Albert Abraham, of Douglas county, today filed his declaration of intention to become a candidate for governor in the Republican primaries. He wants printed opposite his name on the primary ballot the following legend:

"Party organization on Hughes-Taft-Roosevelt plan."

His declaration contains the following statement of his platform:

"If I am nominated and elected, I will, during my term of office, strive to uphold the constitution and laws of this state and United States and to attain the blessings of liberty, peace, honor, harmony and prosperity, to secure and maintain a truly representative party organization as the best means of securing representative government, and the primary plan favored by Governor Hughes, President Taft and Ex-President Roosevelt, as the best means yet devised of securing truly representative party organization."

L. R. Alderman, assembly recommendation for state superintendent of schools, and Ralph W. Hoyt, assembly recommendation for state treasurer, today filed declarations of intention to run for the offices for which they were recommended.

Beer, \$1 dozen, large, delivered. Spring Valley Wine Co., 244 Yamhill.

Furniture Investment Pays the Best Dividends!

Thousands of people now living in furnished rooms and furnished apartments are paying from \$5 to \$15 per month more than the same space would cost them unfurnished. They pay for the furniture every two years—and still don't own it. Now, if these same people owned the furniture they would be reaping an ANNUAL DIVIDEND OF 50 PER CENT. How many investments have you paying 50 per cent dividends each year? In addition, if you own the furniture, if it is of your own selection you will draw big dividends of pleasure, comfort and satisfaction. Few Get-Rich-Quick schemes even promise more for your money than a furnished home actually pays you. Can you afford to defer the matter longer? At our NO-RENT prices it won't cost you any fortune, and we give reasonable terms.

Sample Steel Ranges

Reduced 25%

- \$67.50 Garland Malleable at \$50.00
- \$50.00 Herald Special at \$37.50
- \$40.00 Diamond \$30.00
- \$35.00 Ready Gold Coin at \$26.00

Reg. \$3.75 Two-Burner Gas Plate \$2.50

Dining Chairs

Reduced 40%

We have over 100 Dining Chairs in broken lots—reduced to one, two, three, four and five of a pattern. These we are closing out at 40 per cent reduction. It is an excellent opportunity to get some odd chairs at a very low price.
