MAKES PLEA FOR POPULAR RULE

rent Issues of Legislation at Selah Springs Picnic.

(Special Disputch to The Journal.) Silverton, Or., Aug. 2.—Seven hundred ersons were in attendence at a picnic at Selah Springs Sunday, where addresses were delivered by Dana H. Allen of Salem, A. J. Steelhammer, an anti-assembly candidate, and Honorable Jefferson Myers of Portland

Mr. Myers' address, which had to do with Oregon's scheme of popular legis-

intion, was as follows: On this, the Sabbath day, I hope to address you on subjects that will be of me value to you in determining quespertaining to our government. The first question I am going to subnit to you is in reference to the affairs

our state, and one that is now being iscussed more than any other. It is the question of political assemblies or conventions. We have had them for the past ages and are quite familiar with their results. Many of us have had some insight into their workings and know well how they were conducted. It is a well known fact that delegates were selected by a committee which would adopt a printed list of socialled repre-sentatives, chosen by the special or corporate interests, the political boss al-ways ready to take up their work.

The direct primary came into this state as a result of machine politics and or an uncontrolled convention and no purchasing of votes at the polls under the old system of elections, there would never have been a primary law or Statement No. 1, initiative and referendum, corrupt practices act, or recall. These laws came to us as a protest from the people who are the best judges of honpangs of poverty and who must see the capitalist class. The capitalist is their offspring robbed of their just right therefore master, and the worker a to an education and opportunity to la-bor for an honest living. Political bosses or machine politics and corporation demands without strong resistance will destroy the most prosperous govern-

The direct primary law was adopted by the people of this state in 1904 by a vote of 56,205 for and 16,354 against, about 3% to 1; and from that day we have left the old rotten custom and gone ver to a clean law.

The Initiative and Referendum.

Plutocracy is the rule of the rich. Aristocracy is the rule of the few. Deinitiative and referendum is the rule of the abolition of wage slavery, under people or pure democracy. The initistive gives the people power by which per cent of the voters can prepare a law and have it voted on by the people, the transformation of capitalist prop-without any reference to the legisla- erty in the means of production into executive departments of the The referendum gives the people come a law. The right of the people the workers to secure them by political to instruct their officials is an old action. This is the class struggle. to instruct their officials is right and never was abandoned. It is a natural law, and is more binding than of this state to organize under the banany written constitution. No master ner of the Socialist party of Oregon would dare dispute this right of his with the object of conquering the pub-

Our government is in a good condition when its officials are the free the working class, as follows: choice of the people and represent the people in their various official positions; but when the officials are selected by political bosses or hired agents of the great interests or corporations, then a few selfish persons or corporations gain control and enrich themselves at few selfish the expense of the many. They misrepresent the facts by untruthful arguments, march shead of the band in workingmen's parades, claiming to help save them from the hired agents of the corporations, and then finish up their disgraceful work by the purchase of votes to strike at the heart of our

Such officials, selected in this way for the important offices of our government, cannot serve the people. They shall always and everywhere (until the must serve their masters, the corporations. They will not pass laws for initiative. This has restored power to the interests of the working class and great power to protect the common people and malatain honesty in our state Socialist party is absolutely opposed to laws.

A Plea for Insurgency.

I want to pay my respects to those men in the senate and house of our They are entitled to a crown of nonesty to be placed on their brows by our good citizens. You must not forget this kind of service. They are fighting your battles against the great money power. They are doing you and your country the greatest service of this age. The insurgent Republican is the modern Moses, leading the people out of bondage. Help him in his efforts and the crown of glory is yours, and your children's, for the furtherance of good government.

My friends, life is but a short journey Let us feel a deeper interest in each other and in our state, where many of us have lived all of our lives. Let us Impress on the children and those who arrests. are to come after us the lesson of honesty handed down by our ploneer fa-thers and mothers. Let us do all we can to impress upon them that free government consists of equal rights, controlled by wise and just laws that punish the guilty and protect the innocent; that true government is only found where laws are simple, just and properly administered.

Health and Beauty Secrets

R. F. D.: Yes a white summer dress makes a stout girl look larger. You can reduce your weight if you will dissolve four ounces of parnotis in 1½ pints of hot water and take a tablespoonful before each meal for two or three weeks. This harmless recipe cuts down flesh rapidly without any injurious effect whatever, and you will feel better when you are rid of that superfluous fat.

H. D. C.: This is the recipe for spurmax complexion beautifier you say all your friends are talking about, but it is not new and there is no reason why your druggist should not know about it: Dissolve four ounces or spurmax in half-pint of hot water and add two teaspoonful of glycerine. Put in a bottle and shake well and it is ready for use. Your druggist can get the spurmax from his wholesaler if he doesn't carry in stock. Yes, this lottlon should be used instead of face powder. Apply it to the face, neck and forearms with the paim of the hand and rub until dry. It will not rub off or show and "holds" against perspiration. It will make even a dark and olly skin look fresh and youthful.

E. W.: Why don't you try going without spectacles for a while? You say
there is no constitutional defect in your
eyes, and that spectacles make you look
ten years older than you really are. Let
fine print alone and drop in each eye
daily a few drops of a simple eye tonic
made by dissolving an ounce of crystos
in a pint of water. This tonic rests tired
eyes, relieves reduess and inflammation,
and strengthens weak eyesight. It has
proven so beneficial as an eye remedy
that many oculists now recommend it
exclusively, and I know it will help your
eyes greatly.

"No. He said he had made away with them."

"Did he say anything about what instrument he had used?"

"No. He said, Kendall shot me. He said there was a glass in his pocket with a metal back and that if it had not been for that he would have killed him. But, of course, I did not believe lit. He promised to come back but never did so. I do not know where he is now.

"Cinderella: Merely because your husband is hopelessly bald after wasting so much money buying ready-prepared hair tonic, dissolve it in a half plint of cold much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce of almoband is hopelessly bald after wasting so much money buying ready-prepared hair tonic so no counce outnoon displayment and in the pore as nothing else can, for it takes out dirt and grime that soap and falling hair, remove dandruff and put to reduce the size of the pores as nothing else can, for it takes out dirt and grime that soap and ralling hair remove dandruff and put to heads and prevents their reduces the size of the pores and makes a quinina hair tonic that will positively destroy the germs in the scale and prevents their reduces the size of the pores and makes a quinina hair tonic that will positively destroy the germs in the scale and prevents their reduces the size of the pores and makes out dirt and grime that soap and release to come and the form tonic that will be pore as nothing else can, for it takes out dirt and g

J. E. M.: The electric needle for the removal of superfluous hairs is an expensive, painful and time-consuming operation. A much easier and far less expensive method is the application of delatone, although delatone costs a dollar an ounce at retail. One ounce is all you will need, however, for even should the hairs return after the first application, they will be light colored, thin and straggly—and the second or third application will rid you of them permanently. Just mix a little delatone with enough water to make a paste, cover the hairs with this paste and let it remain two or three minutes. Then wipe off and wash the skin with warm water.

A. F. D.: You are using too much canthrox for one shampoo. My recipe stated plainly "one teaspoonful to a cup of hot water," not a tablespoonful. No, the quantity you have been using will not injure your hair in the least, for canthrox is in no way harmful. It will not cause the hair to become streaky, dull or brittle, or split at the ends, as some scaps do. But canthrox lathers so freely and cleanses the hair and scalp so thoroughly that it is unnecessary to use more than a teaspoonful for a shampoo, I was pleased to read that you like it because it dries quickly and leaves, your hair so bright, soft and fluffy.

A. A.: Of course, you cannot look bright and bonny while you feel so utterly prostrated and miscrable. Pimples, blotches and "puffy eyes" are usually an indication of inactive liver, deranged discribing and implies blood. Get your stomach and liver in normal action, and they will eliminate the impurities in your blood. This old-feebloned home-made system tonic has helped others and may help you!—it certainly is worth trying: Dissolve one obness of kardene and one-half cup of sugar in a half-pint of alcohol and add enough hot water to make a full quart. Take a tablespoonful before each meal. When your health is good, you will not be vexed with a spotted and dingy complexion.

IF YOU OVERLOAD THE STOMACH you can expect to suffer because the other organs

are also affected and the whole system of digestion and assimilation is blocked. You can eat heartily and without fear of distress if you will begin your meals with a dose of Hostetter's Stomach Bitters. It regulates the appetite, aids digestion and prevents Gas on Stomach, Heartburn, Belching, Indigestion, Cramps, Diarrhoea and Malaria, Fever and Ague. Twy it today.
