

### ESTABLISH NEW STEAMSHIP ROUTE TO SAN DIEGO, CAL.

North Pacific Steamship Co. to Put Roanoke and Elder on Long Run; Slight Increase in Fare.

For the first time in the history of Portland, a regular steamship line will ply between this port and San Diego, beginning Wednesday, August 24, a regular weekly service will be maintained between here and the southern California port. The steamer Roanoke will inaugurate the service, sailing at 6 o'clock in the evening.

Realizing that there is a good field for the operation of passenger steamers as far south as San Diego, Charles F. Doe, president and general manager of the North Pacific Steamship company who arrived in the city Saturday morning from a trip to the east, has decided to extend the run of the steamships Roanoke and George W. Elder to that port.

Hereafter the steamers of that line have operated only as far south as San Pedro, but the increasing demand for an all-water route between the Rose City and San Diego, both for passengers and freight, has been the cause which has decided the North Pacific to extend their line.

**New Service Popular.**  
Under existing conditions, freight intended for either of the two ports has had to be routed either by rail or by steamer to San Francisco or San Pedro, where it had to be transhipped, a process that consumed a great deal of time and was expensive as well. Passengers also were put to a large amount of trouble in transferring from one steamer to another, and all things considered, a through steamer service will become very popular.

At the present time the steamers of this line sail from Portland and San Pedro once a week, stopping at San Francisco on the north and southbound voyages. The change in the service, it is said, will not make any difference in the sailing dates here, the steamer leaving once a week as before, as they will do also at the other end of the run, but at San Francisco and San Pedro they will have less time in order to meet the weekly schedule. And it is said that they will not touch at Eureka, as has been the case on some occasions in the past.

**Steamer Burns Up.**  
The first class fare on the steamers to San Pedro is \$25, and it was stated this morning that not more than \$2 would be added for the fare to San Diego. The intermediate and steamer fares to San Pedro are \$20 and \$12, respectively, and the increase to the port farther south will be proportionate.

Owing to the fact that the company's steamer F. A. Kilburn, which operated between San Francisco and Eureka, burned up this morning in San Francisco bay, it is probable that the steamer Santa Clara will be placed on the run, as she is the reserve boat. It has not been decided definitely, however, and it is thought possible that the steamer Eureka may be placed temporarily or that run, which would leave the Portland-Eureka run without a steamer.

**Much Western Wheat Sold.**  
Wheat, Or., Aug. 22.—About 20,000 sacks of wheat were purchased by the local wheat buyers during the past few days. Most, if not all, of the deals were on a basis of 80 cents for No. 1 club. The Pacific Elevator company purchased about 12,000 sacks. Kerr, Gifford & Co. about 4,000 sacks and the Peacock Mill company, which is represented locally by a purchasing agent, about 7,000 sacks of the Western farmers and about 10,000 from the Athens farmers.

### T. R. STARTS ON TOUR TOMORROW

Will Outline His Notion of Progressive Policy; Something for Everybody.

(United Press Leased Wire.)  
Oyster Bay, N. Y., Aug. 22.—Colonel Roosevelt will begin tomorrow the first of a series of speaking tours during which he will travel 5,492 miles and deliver 19 speeches. The first address will be made at Utica, N. Y. Informally he will speak many more times from the steps of his train. The most westerly points he will reach will be Denver and Cheyenne. Colonel Roosevelt will outline in his speeches his idea of a progressive national policy. His scheduled speeches will cover the subjects of conservation and will suggest lines of progress for the banker, the farmer and the workman.

### UNCLE SAM LOSES VALUED RECORDS

Frantic Search for Immigration Data of 1868—Missing Since Date Unknown.

(United Press Leased Wire.)  
Washington, Aug. 22.—Secret service operatives are trying to locate immigration records of great value that have disappeared from the state department archives. The figures for the last three quarters of the fiscal year ending June 30, 1868, are contained in the missing documents. No motive can be assigned for the theft.

The immigration commission, in compiling a table of the total immigration since the year 1822, sent to the state department for the records of the sixties. No trace could be found of those of 1868, covering an important period that following the close of the Civil war.

Information concerning the documents has been wired to the secret service branches at Portland, San Francisco, New Orleans, Philadelphia, Baltimore, Charleston, Savannah, Key West and New York, the chief ports of entry in the United States.

### TROUBLE STARTED IN ISLE OF PINES

Americans About to Storm Jail to Free Countrymen—Knox Orders Release.

(United Press Leased Wire.)  
Havana, Aug. 22.—United States Minister Jackson is hurrying toward the Isle of Pines to investigate conditions which, according to the messages received here, threaten to result in rioting in the American colony on the isle.

Messages received by the secretary of state say that the Americans in the Isle of Pines are preparing to storm a jail and forcibly release eight Americans charged with arson and murder who are being held without bail. Minor rioting has already occurred, it is stated, and there is momentary danger of more serious disorder.

The secretary of state has wired the judge who presided over the cases to release the Americans on bail, pending official investigation by the United States authorities.

### COLORED PORTER SHOTS WOMAN

Sadie Hicks Victim of Virgil Young, Who Fires at Her in Seattle Street.

(United Press Leased Wire.)  
Seattle, Aug. 22.—Sadie Hicks, colored, 26 years of age, with three serious bullet wounds, is lying between life and death at the city hospital.

"Sadie, your time has come," cried Virgil Young, a negro porter, as he met the Hicks woman in front of a Yesler Way drug store yesterday afternoon. The street was crowded with people on their way to the baseball game. Young emptied his revolver at the negro woman, calmly stopped, reloaded and began firing again. Of the 13 bullets, nine went wild and scattered the crowd. Men and women dropped to the pavement or hid behind trees. One passerby returned the porter's fire.

The woman ran into a drug store and dropped, with a wound just below the heart. One bullet passed entirely through her body, another had entered the right eye and passed through the head, missing the brain, and a third had entered the temple.

Young surrendered peacefully. Journal Want Ads bring results.

### MOISSANT CAN'T FLY OVER LAND

Twenty Miles Over Sea Is Nothing, But Land Travel Continuous Rough Sledding.

(United Press Leased Wire.)  
London, Aug. 22.—Misfortune continued to pursue the aeroplane flights of John Moissant today, and after an hour of circling high in the air in an attempt to fly to London, was compelled to descend. In the descent his machine was again wrecked. Moissant telegraphed for new machinery and additional repairs.

Moissant left Upehureh at 4:30 a. m. and in spite of a high gale continued in the air an hour before landing at Seven Oaka, after describing an S-shaped course and going far to windward of London. He descended violently in a field and broke the propeller, rudder and planes, the wheels and chassis buckling from the impact.

Moissant said later that he intended to try again tomorrow. In the course of the flight Moissant's machine rolled and dipped in the gale like a seagull. It would drop 40 and 100 feet in great swoops, but Moissant each time regained control of the craft and averted disaster. He was unable to combat the gale and maintain head-

way. He stopped his motor and glided toward the ground. The descent was swifter than he expected and the machine struck the earth with great force. Seven Oaka is 23 miles east of London. With reasonably fair weather tomorrow Moissant expects to complete his arduous journey.

### Heed the Warning

Many Portland People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys, and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Portland people recommend Doan's Kidney Pills.

Edward Perry, 122 Shaver street, Portland, Oregon, says: "My kidneys were disordered and caused backache and pains in my loins. Doan's Kidney Pills gave me prompt relief and in return I am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### BOTHERED IN MANY WAYS.

L. M. Ashbrook, Mattoon, Ill., writes: "I have had kidney trouble for years and it bothered me in a great many ways. Finally I had to take to my bed, about this time I secured a bottle of Foley Kidney Pills, and they helped me so much I kept right on with them. My backache gradually left me, my kidneys acted naturally, and I slept well at night. Now life seems to have returned to me, and I feel like a different man. Thanks to Foley Kidney Pills which I am glad to recommend." **Siddons Drug Co., Two stores: Main store, 351 Third street; branch store, Morrison and West Park streets.**
