

# MARKET NEWS OF THE WORLD

## PEACH MARKET HAS BEEN FULLY AS WELL AS QUANTITY HERE

### Supplies of Elbertas and Crawford's are Very Heavy and Taste is Excellent; Time for Canning.

This is peach week. Supplies will be at their full during the six days and prices will be at the best from a consumptive point of view. Therefore, housewives should have their attention called to this fact. While it is quite possible that there will be plenty of peaches offering in the front street trade next week, the longer the canning is deferred, the poorer will be the quality. In other words, quality is now at its best, and with proper prices, the movement into cans and jars should be heavy.

### Cheap Coffees are Higher.

Further advances are noted in the price of the cheaper grade coffees. Recently some eastern roasters advanced their quotations on the cheaper grades 2c a pound and one prominent package manufacturer is now quoting a rise of 2c. Local roasters are generally quoting 4c advance for coffees selling under 20c a pound. The advance has as yet affected only the cheaper grades here.

### Good Veal in Demand.

There remains a very good demand for the better grades of veal. George Rice & Co., and for this class of stock prices hold well. Veal that will go No. 1 sells around 12 1/2 to 13c a pound. Big sizes sell from 10 to 12c.

### Egg Market Firmer.

For strictly fancy eggs the market along Front street is firmer, and as high as 30c a dozen is being received in a limited way. The bulk of the arrivals, however, do not sell above 25c. According to commission handlers, not more than one egg in three is of sufficient quality to obtain the higher range.

### Chicken Market Holds Well.

While the usual Monday dullness in the chicken market prevailed today, there were indications that the market of the week would be quite steady. Practically all grades of chickens are on Saturday, and therefore the week starts with a clean slate.

### Pear Movement is Heavy.

Movement of pears to market is very heavy at this time. Almost all varieties are now coming forward, although the demand at the moment is principally for Bartlett's. Sales are from 11 to 13c a box.

### Two Cars of Grapes.

One car of grapes was unloaded along the street this morning and another car was due. The first car consisted of Malagas and was in excellent condition. Quoted at \$1.35 per crate.

### Huckleberries Come Freely.

Shipments of huckleberries to the front street markets are increasing, and prices are down another notch. Sales are being made today from 8c to 10c a pound. Quality excellent.

### Ground Cherries Come Freely.

Ground cherries are now coming forward quite freely, although demand for them has scarcely started. Prices are nominally paid at \$1.15 a box.

## ORDER SALMON IN TOO GREAT SUPPLY—BELLVEY SHORT

### Packers Surprised at the Way Confirmations Come for Alaska Fish; Fall Columbia Operations to Be Heavy.

Present demand for canned salmon is the heaviest in the history of the industry. Even the high prices quoted recently at the opening for 20c salmon have failed to check in any way the enormous call. The putting of reds at 13.50 was considered by some to be excessive, but later facts have more than justified such a figure. According to private advice received from canners, practically every order was confirmed—an occurrence that was scarcely expected by any.

### Local Onions in Easier Position—Potatoes Also

A slightly easier feeling is shown in local onion market values, and today's prices are fractionally lower at \$1.75 per 100 pounds.

### Stocks Advanced in New York Mart

No News to Influence is Received but the Tendency is Upward All Day.

New York, Aug. 29.—Without news of any kind to influence the market, the way of the other stock values closed with a general advance. Trading was of small volume and total transactions during the day were but 355,000 shares.

## LOCAL ONIONS IN EASIER POSITION—POTATOES ALSO

### Price of Former Drops to \$1.75 Along the Street; Slightly Increased Offerings of Spuds on Front Street.

A slightly easier feeling is shown in local onion market values, and today's prices are fractionally lower at \$1.75 per 100 pounds. Offerings of local onions are slightly increased and with plenty of outside stock at lower values the trade here is quite well filled and is not worrying about the future.

## MINISTERS TO HOLD TEMPERANCE MEETINGS

The so-called liquor dealers' home rule bill and the prohibition measures submitted under the initiative and referendum, were the subjects of a spirited discussion at the temperance meeting of the Portland Ministerial association held in the Taylor Street church this morning. Following short talks by a majority of the ministers present, a resolution was unanimously adopted to hold two big temperance mass meetings, one at the Armory Sunday evening, September 11, under the auspices of the west side churches, and the other by the east side churches, Sunday evening, September 13, at the Hawthorne Park tabernacle. Ten short addresses, five by ministers and five by prominent laymen, will be delivered at each meeting. Dr. Clarence True Wilson, who presided at the ministerial meeting, announced that beginning Sunday afternoon, September 11, and continuing for one week, a civic Chautauque will be held at the Hawthorne Park tabernacle for the purpose of discussing the more important initiative and referendum measures to be voted on at the coming election.
