### KAOLA—Ideal Shortening.

Tuesday will usher in the great September Harvest Sale, which, in conjunction with our Manufacturers' Sale, promises to be a most interesting event from an educational standpoint, as well as a money-saver. It will be a great Harvest Sale, indeed; the reaper will come early and stay late, until every vestige of the bountiful supply of bargains has been gathered in. It will be a great Manufacturers' Sale because the leading manufacturers of the world contribute to the great array of merchandise which will be offered. Our immense purchasing and selling power enables us to buy our goods from first hands in every instance, permitting our making connections with the leading mills and manufacturers throughout the entire world. Our buying and selling organization goes twice a year to the world's great fountainhead of supply in search of the best in every line. No large concern in the country is in a better position to buy merchandise at better prices than Olds, Wortman & King. Below is a partial list of some of our special lines and reputable firms from whom we buy our goods. A careful perusal of these will enable you to judge the immensity of our establishment.

### Free Exhibition of a Marvelous \$25,000.00 Painting

"THE PURSUIT OF PLEASURE," by Ashley D. M. Cooper. One of the world's great masterpieces will be on exhibition in our auditorium, fourth floor, for a few days. A neat reprint of the picture and detailed description of the various features of the work will be presented to all who call to see it. This is probably the best opportunity that the people of the northwest will have to see such a grand production in art for many years. See it if you have to come a hundred miles. The admission is free. The scene is in an old Roman garden outside the City of Pleasure—Rome. The subject was suggested to the artist in the famous novel, "Quo Vadis." The most inspiring picture of the age.

### New Tailored Suits

New Tailored Suits are arriving daily. Hundreds of late products for the coming season are in and we are offering early buyers values that cannot be equaled later on. Noticeable among these new garments are rough fabrics a pleasant prevalence of smart mannish weaves. The friendly intrusion of the foreign "Banded Skirt" and the plain gored and plaited styles are different from those you've seen. It seems hardly possible that better suits could be produced at such remarkable prices as \$18.50 to **\$75.00**

### New Arrivals in Gowns and Dresses

A strong array of Women's Dresses and Gowns is now ready for your inspection. Our Miss Bernard, garment buyer, has just returned from Europe, where she attended the world's greatest dress functions, "The Grand Prix" and "Drag Day" of the Paris race meet. She also went to Berlin, London and to the leading markets of Europe for her purchases, thus assuring our patrons the very correct fashions as selected by a most critical judge of women's apparel. The imported gowns will soon be in. The New York gowns and dresses are here, ready for approval. The styles are both attractive and practical; the prices are in keeping with the usual rule of very moderate pricing of good goods in this store. Some very rich creations are shown in silks and chiffons, trimmed in velvets. Prices range from \$25.00 up to \$100.00. See them.

### New Fall Coats

Fortune has surely favored us this season. Our buyers were in the market in time to get their purchases out of factories before the great garment-workers' strike. We are showing new coats in plain tailored styles, fashioned on artistic lines, very rich, yet plain; also fancy trimmed styles in such good materials as serges, broadcloths, wide-wales, diagonals, fancy worsteds and mixtures. Prices range from \$15.00 to \$45.00.
