## MEN'S AILMENTS

### I Have Cured Hundreds of Cases Like Your Own

specialist instead of his own. The true specialist is a physician who is absolutely expert in the treatment of a few ailments. He knows all about the few ailments he treats, and he treats the most common ailment. For 25 years I have been treating men's ailments only. I began my special work after thorough preparation at the best medical colleges and hospitals of the country and have cured more men than any other specialist in the West, some of whom were themselves physicians.

If afflicted with any of the ailments constituting my specialty, seek an expert's and not an amateur's services. You can come to me knowing that I have treated hundreds of cases exactly like your own and thousands of others very similar.
