

Cure Men

"I claim to know a great deal about a few ailments, rather than a little of all human ills"

Different doctors have different ideas in regard to cures. Some call a suppression of symptoms a cure. They dose for drug effects and claim that nothing more can be done. But the real ailment remains and will bring the real symptoms back again, perhaps more severe than before. Very likely leave the patient in a much worse condition. I claim that nothing less than complete eradication of the ailment can be a real cure. I treat the system of the ailment, and not merely the symptoms. I search out every root and fiber of the ailment, and I cure to stay cured.

The Leading Specialist.

My Cures Are Permanent

In all my work I am thorough, painstaking, and careful to give just the right treatment required in each individual case. For 25 years I have been proving my ability and my business methods have always been strictly reliable. My unqualified success is due to a thorough medical education, supplemented by years of experience in men's special ailments only. My treatment is as correct as modern science can make it. Others may offer inducements such as cheap treatment or quick treatment, but my foremost claim is for thoroughness, which in the long run EVERY CASE means the cheapest and the best.

I CURE THE CASES THAT OTHERS CANNOT CURE

A bold statement, but just as true as it is bold. Not all cases that others fail to cure are curable by my methods, but fully 90 per cent of them are. The way to learn whether your case is curable is to consult me. I know exactly what can be done in every instance. I don't know this, for I have done nothing else other than treat men's ailments for twenty-five years. If your case is curable I will treat you. If it isn't I will not. If I treat you, and if you so desire,

You Can Pay When Cured

SPECIFIC BLOOD POISON.

Others dose the system with mineral poisons scarcely less dangerous than the ailment itself. The best they hope to do by this treatment is to keep the ailment from manifesting its presence upon the surface of the body. Under my treatment the entire system is cleansed. The last faint venereal taint to appear no more. I employ a harmless blood-cleansing remedy. They are remedies heretofore unknown in the treatment of this ailment. They cure by neutralizing and absolutely destroying the poison in the system. Such cures cannot be other than complete and permanent.

VARIKOSE VEINS.

A thorough cure without pain or cutting. Every case of Varicose Veins I treat proves the superiority of my mild and harmless method, and the folly of resorting to surgery. In most instances it is even unnecessary to detain the patient a single day from his business. The treatment I employ is distinctly my own, and can be had at my offices only. Do not submit to the knife and hospital expenses, when a complete and permanent cure can be had without the loss of time, and without pain or cutting.

If you cannot come to Portland, write for particulars of my system of home treatment. Interesting literature and colored charts if you will call.
