RAID ON BUCKET SHOP SHOWS NAT GOODWIN TO HAVE BEEN PARTNER OF GANG OF THIEVES

POLICE AND U. S. SECRET SERVICE ARREST CROOKS

Exposure Shows That "Jack Hornaday," Alias Rice, and Larry Sullivan of Portland Worked in Harmony.

EXTENSIVE OPERATIONS OF GANG OF BUNKOES

Arrest of Many Principals in Leading Cities of United States.

(Special Dispatch to The Journal.) New York, Sept. 29.—Nat Goodwin figures today in the sweeping federal and municipal police raid on curbstones brokers and bucket shops in the principal cities of the United States.

Raid in half a dozen big cities were conducted under federal supervision. Other raids are expected to be reported from towns and cities all over the country. Rice served a term in the Elmira reformatory under the name of Herzog, for larceny. Later he served another term in Sing Sing for forgery.

GLENN A PIKE FOUND AT WEED

One of Three Most Important Witnesses Against Dr. Thompson.

(United Press Leased Wire.) San Francisco, Sept. 29.—Glenn A. Pike, one of the three men who shared with Dr. Robert Thompson, alias Dr. James Grant, the secret of the death of Eva Swan, was brought to San Francisco today from Weed, Cal. Pike is being held in custody as a witness.

Pike made a statement which was in substance a repetition of the story told by Ben Gordon to the authorities. Pike heard the story of Eva Swan's death and burial from Willie Saack, Thompson's assistant, who was present. It is alleged, when the girl was operated upon and who assisted in the disposition of the body.

Pike was working in a sash factory at Weed when apprehended. He made no attempt to deny his identity.

Customs Inspector at San Diego. Washington, Sept. 29.—The treasury department today announced the appointment of Mabel R. Seedy to be inspector of customs at San Diego, Cal.

Thomas A. Edison Tells "How Can Cells Have Souls"

In a brilliant interview with Edward Marshall, the famous war correspondent, which will appear in next Sunday's Journal, Thomas A. Edison discusses the long-suspected spirit reappearance of his late fellow scientist, Professor James O. Baird. He says: "As well claim a future life for the wax cylinder as for the human cylinder. Psychic investigation is being carried on by the wrong people, along the wrong lines. Spirit? It is our brains which are important, and our brains are mere meat machines."

This is the second of a series of Great International Interviews which will appear one each Sunday hereafter in The Journal.

BEGIN TRACKLAYING ON OREGON TRUNK LINE; WILL LAY MILE AND HALF A DAY

Tracklaying was begun by the Oregon Trunk line this morning at the northern end of its line into central Oregon, and with the hope of having the line in shape for traffic as far south as Crooked river, 27 miles south of Madras, by February 1. Allowing for delays it is estimated that about one and a half miles of track can be put down daily. Yesterday the first construction train of the new line crossed the Columbia river from the North Bank connection on the Washington side of the river to Clark station, a short distance above Celilo. From this point about a mile of rail has been laid toward the main line grade where work was commenced this morning. The train consisted of one locomotive and six flat cars with ties and steel rails. The train was taken across on the large scow ferry towed by the steamer Norma, which was secured some time ago by the Oregon Trunk line especially for this trans-river work. The scow will be kept constantly on the move from now on, ferrying material to the Oregon side.

DEALERS BOOST PRICE OF MILK 25C PER MONTH; COST \$3 FOR 30 QUARTS

Elimination of milk from tubercular cows is given as the cause for an advance in the price of milk delivered in this city. Notices announcing prices to become effective October 1 are now being sent out by creameries and milk companies. The change will not affect cream values. The advance will amount to 25 cents per month for quantities of one quart, delivered daily, to 50 cents per month if the quantity is a gallon or more. No advance will be charged where the quantity delivered daily is only a pint per day, the charge for a pint having been \$1.50 per month since October 1 last year. October 1 last year the price was advanced from \$2.50 to \$2.75 per quart per month and the price for a pint was raised to \$1.50. A gallon delivered daily was valued at \$9 per month but on and after October 1 the same quantity will be worth \$9.50 according to the new price list.

HOOKWORM FOUND AT ANGEL ISLAND

Opponents of Asiatic Immigration Thus Provided With New Argument.

(United Press Leased Wire.) San Francisco, Sept. 29.—Since the discovery of hookworm among immigrants from the Punjab by the medical corps at Angel Island, the opponents of oriental immigration believe they have found a way to stop the influx of Hindus. Of 17 immigrants now held in the hospital at the island, Dr. M. W. Glover claims that all but five are victims of the malady. The result of the discovery may affect not only Hindus but all oriental immigration. Of Chinese immigrants, the only ones examined, according to the immigration physicians, are afflicted with the same disease. Hindu immigration is now said to have reached 5000 a year.

New Minneapolis Cathedral. Minneapolis, Minn., Sept. 29.—Today marked the completion and formal opening of the new St. Mark's pro-cathedral in this city. The new edifice is one of the largest and costliest Episcopal churches in the northwest.

ALASKA MINING LAWS COMMITTEE ATTACKS FORMER SPECIAL AGENTS

Los Angeles, Sept. 29.—The report of the Alaska mining laws committee of the American Mining congress, read today, charges that Louis R. Glavin and Special Agent Jones of the field service of the forestry bureau were responsible for the recent Alaskan coal lands discussions, and declares that neither man was sufficiently well informed to make official reports on the Alaskan situation. "Glavin and Jones," the report declares, "never were within 500 miles of the coal lands in question, and their reports were written in the wilds of Seattle."

ALEX KERR, JUST DIVORCED, WEDS HIS SECRETARY

Rich Merchant, Head of Wadhams & Kerr Bros., Marries His Pretty Stenographer, Miss Albertina Sechtem.

WIFE GOT DECREE BUT SIX MONTHS AGO

First Mrs. Kerr Said to Be Ignorant of Plans for Marriage of Husband.

Alexander H. Kerr, 48 years old, president of Wadhams & Kerr Brothers, was married at high noon today to his pretty private secretary, Miss Albertina Sechtem. She is 29 years old. Mr. Kerr's first wife secured a divorce from him six months ago last Friday on the grounds of desertion. The ceremony was performed in St. James English Lutheran church by the pastor, Rev. J. Allen Loas. Only a few of the more intimate friends were present and a great effort was made to keep the event secret until tomorrow. The divorced wife, who is living in the old home on Flinders street, is said to have been ignorant that the marriage was to take place. She returned, with her daughter, but a short time ago from Cambridge, Massachusetts. A son is at school in the east. Mrs. Kerr secured her divorce in Oregon City six months ago. It was not made public until about two months after it had been secured.

About two years ago Alexander H. Kerr became possessed of an English estate heavily burdened with debt and carrying a title. Soon afterwards he made a journey to Europe and England. Mrs. Kerr was left with her daughter in Sweden and Kerr returned home. Mr. Kerr's infatuation for his pretty secretary is said to have extended over a considerable period, and to have been the cause of the desertion of which his first wife complained in her divorce proceedings. The wedding today created a sensation among Mr. Kerr's acquaintances. His new bride's father is said to have been at one time the proprietor of the Fountain saloon at Second and Washington streets. He has been dead for some time.

CHARGES AGAINST HASKELL ANNULLED

Judge Marshall's Action Follows Conference of Attorneys for Government.

(United Press Leased Wire.) McAlester, Okla., Sept. 29.—Federal Judge Marshall today annulled the town lot fraud charges against Governor C. N. Haskell and other defendants recently discharged. The action followed a conference of the attorneys for the government to determine whether they had sufficient evidence to convict. The virtual dismissal in all probability will end the town lot fraud trials. Haskell made a stubborn fight to prevent the cases coming to trial, but was finally overruled. The action of Judge Marshall in annulling the cases is considered an indication that he considered the evidence so far presented as inconclusive. Witnesses from several states had been summoned by the government. Assistant Attorney General Rush moved the dismissal of the case. Governor Haskell, Walter Eaton, W. T. Hutchings and C. W. Turner were discharged.

SEATTLE BOND ELECTION

Seattle, Sept. 29.—King county voters will have the question of the issue of \$1,750,000 improvement bonds presented November 3, at the general election. The money is needed for drainage, docking and pure water improvements.

ALL CROWD ON BANDWAGON AND PLAY HARMONY

Expressions of the leaders of the Republican party in New York on the results of the Saratoga convention: Colonel Theodore Roosevelt—"We have a sound, progressive platform, have nominated a good ticket, and I think we will win." Governor Hughes—"I am greatly pleased with the action of the convention and with the platform." William Barnes Jr.—"The ticket has been nominated, and I am for the ticket; that is party government. I shall support the nominees of the convention, and I hope for the best. I expect that harmony will prevail in the party." James Wadsworth—"I shall not be a candidate for reelection as speaker of the lower house of the next legislature. I shall not be a candidate for any office. I shall continue to take an active interest in the welfare of the party." Lloyd C. Griscom—"There will be complete harmony in the campaign. We will have the united support of every element of the Republican party at the polls."

DALE HOTEL IS RESORT FOR "KID" SULLIVAN, THIEF

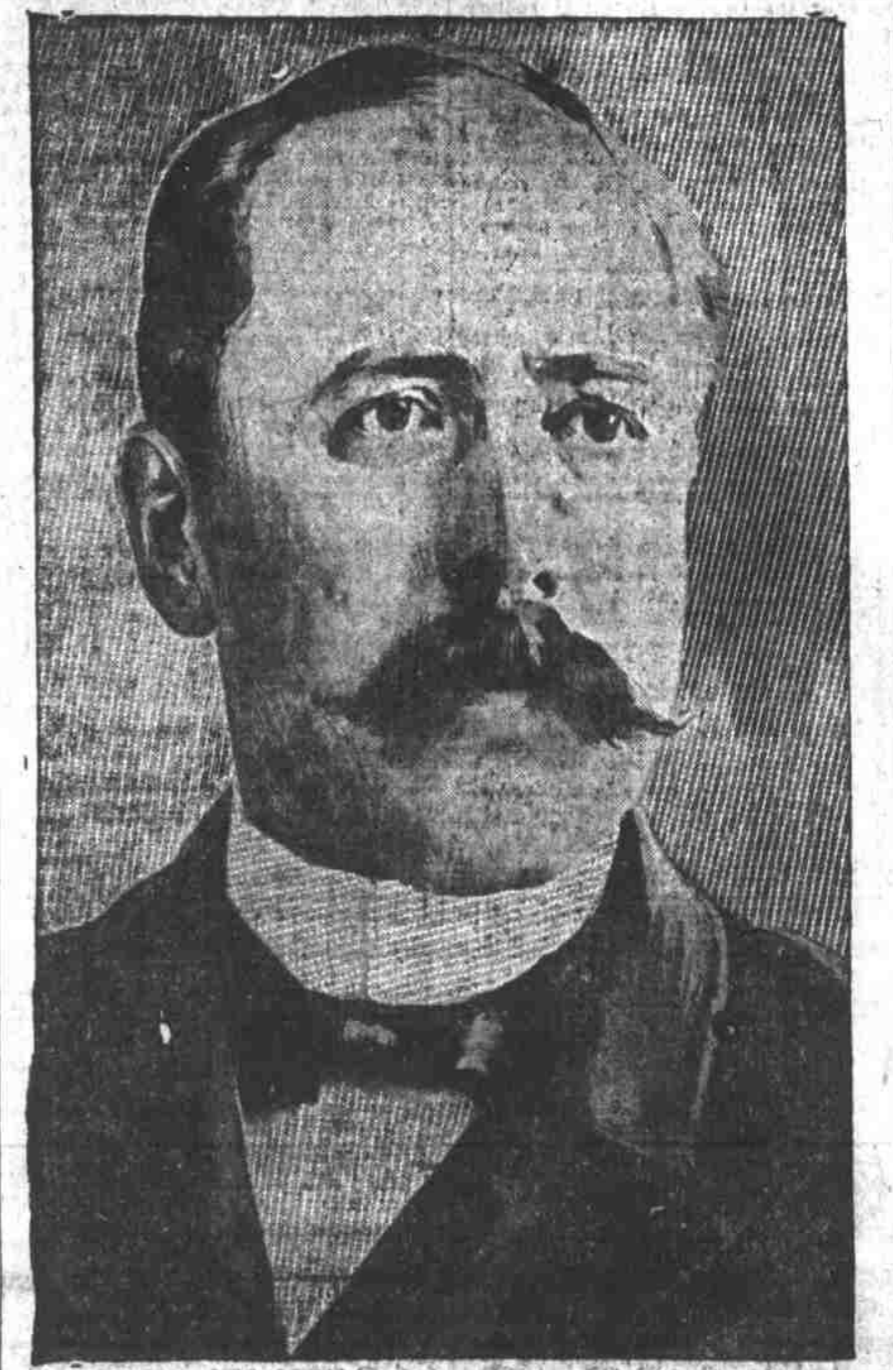

Ex-Portland Gambler Ought to Know Something About Mrs. Day's Diamonds, Stolen at San Francisco Hotel.

(Special Dispatch to The Journal.) San Francisco, Sept. 29.—Although claiming to have worked with assiduity for the past 24 hours in tracing the diamond-jewelry of Mrs. Jessie Day, of Portland, which mysteriously disappeared from the safe of Hotel Dale last Saturday night, the police of this city have been unable, apparently, to find any clue to the whereabouts of the missing gems. Mrs. Day, who is prostrated by her loss, is under the care of a physician. The woman's friends declare that they intend to present the case for the consideration of the grand jury at its session tonight. These friends of the woman are not satisfied with the way the case is being handled by the detectives, and they charge that men who hang about the Dale hotel are being given police protection.

MINISTER COMMITS SUICIDE WHEN BRAIN CANNOT STAND STRAIN

(United Press Leased Wire.) Chicago, Sept. 29.—Distracted because his wife was compelled to enter a sanitarium, Rev. Arthur Little, an Episcopal minister, today committed suicide. He left the following note: "Something has broken in my brain—I told the doctor about it, but the physician did not believe me. But it is true. The wireless clothesline has broken. God have mercy! Oh, my poor wife—be good to her."

Ex-Portland Gambler Ought to Know Something About Mrs. Day's Diamonds, Stolen at San Francisco Hotel.

(Special Dispatch to The Journal.) Dale is the man who was notorious in Portland, and who was instrumental in having "Kid" Abbott driven out of that city because Abbott, with his Seattle crowd of crooks, was interfering with Dale's "acquaintances." It was claimed at that time that he had police protection in Portland. Later, when Dale learned that Abbott was to have full swing in San Francisco, he protested to Police Commissioner Harry Flannery, under whose assistance and protection Abbott was to work. In some mysterious way Dale was appointed and came permanently to this city. Although within a stone's throw of the hall of justice, Dale's hotel is the

BULLET PUNCTURES MAN'S VALISE, BUT HE KNOWS IT NOT

(Special Dispatch to The Journal.) Roseburg, Ore., Sept. 29.—To narrowly escape from a steel-jacketed 30-30 bullet and not know anything about it until the next day was the novel experience of Thomas McCarthy, a local bill poster and distributor, Tuesday. A "wild" bullet struck and deeply imbedded itself in a satchel of bills. He noticed that some of the bills had small round holes in them but paid no particular notice to it. The next morning as he was preparing to start again he noticed a small hole in his satchel, and upon investigating, found the bullet in the bottom of the satchel. He also found that it had penetrated nearly all the bills. He does not recollect having felt the bullet strike the satchel but nevertheless considers his escape from death very lucky. The bullet was probably from the gun of some careless hunter in the surrounding hills.

EARNEST QUEST FOR BEST MAN TO BEAT STIMSON

Tammany Leader Says He Has No Candidate; Ticket to Be Framed Tonight.

(United Press Leased Wire.) Rochester, N. Y., Sept. 29.—Although the Democratic state convention opened at noon today, it is the general opinion here that the slate will be made up tonight. Leader Charles F. Murphy of Tammany Hall, who dominates the convention, declared this afternoon that he has no candidates to put forward. The old slogan of "Harmon, Hearst and Harmony" will be revised for the present occasion. The Harmon portion will not be touched upon, while the Hearst end of the triad is expected to be decidedly lacking. The harmony is promised, but a considerable fight is predicted over the selection of a gubernatorial candidate to "buck the Stimson-Roosevelt line."

Edward M. Shepard of Brooklyn is apparently the leading candidate for governor, but the fact that he was formerly a corporation attorney is being urged against him. The necessity of selecting a strong man to fight Stimson is realized by the leaders, and Roosevelt's assumption of the Republican party leadership in the state has impressed the Democrats. The chief features of the party platform, it is expected, will be an attack on Republican extravagance and an assault upon the Payne tariff law. The direct primary plank will probably be ignored. Whoever may be chosen will be a Murphy man, as the Tammany chief. (Continued on Page Four.)

STIMSON PRAISED IN HEARST PAPER

Utterance Taken to Indicate That He Will Support Republican Candidate.

(United Press Leased Wire.) New York, Sept. 29.—Hearst's New York American today indicates that it is preparing to support Henry L. Stimson, Republican candidate for governor of New York. "Stimson is the kind of man who gets what and whom he attacks," the American declares. "The Republicans had brains enough to select a man standing for something; who actually has convicted some big men of doing harm to the community. If it can be shown, as we hope it can, that Stimson belongs to himself, the Republicans have a candidate of first-class size."

BERLIN NEWSPAPERS GLAMOR FOR "BLOOD AND IRON" CURE FOR STRIKERS; 3 DAYS' RIOT

(United Press Leased Wire.) Berlin, Sept. 29.—The newspapers of Berlin, particularly those of the Moabit section, which has been racked with strikes and riots, today called upon the authorities to use the "blood and iron" treatment for the purpose of preventing further outbreaks. "The rioting last night was the worst in many years, and it is feared that the disorders may surpass the Socialist disturbances of southern Germany, in which many persons were killed. The police estimated today that 100 persons were injured. Many of the wounded are in hospitals in a precarious condition. The injured include police, strikers and sympathizers. Four American newspaper correspondents received slight cuts and severe bruises from sabers in the hands of mounted policemen. Regarding Police Commissioner Jagow's order to suppress the disturbance without mercy, one newspaper says: "The saber having proved inadequate, let us have the bullet." It is believed that this paper takes its cue from the commissioner, who is quoted as saying the police would shoot to kill if rioting was resumed. The damage to property already reached \$250,000 in three successive nights of rioting. It is predicted that the effects of the police will have little effect on the idle thousands, although the authorities have increased the forces in the stations in the disturbed precinct. Strike leaders conferred today to devise means to prevent further conflict.
