ROYAL SOCIETY PACKETS, W. B., NEMO AND C. B. CORSETS

This Sale Is Proof Positive of Our Millinery SUPREMACY IN PORTLAND

Superb \$5.00 to \$7.50 Untrimmed Hats at \$2.95

—A month ago we read the opening announcements of different stores. We read of the coming popularity of hats in pastel and ombre shades—of the great popularity of Colored Velvet and Satin Hats. THESE WERE THE HATS SHOWN AT THE FIRST OPENINGS. Wise milliners in touch with Paris fashion refused to receive these hats as authentic styles.

—If you remember, a year ago ours was the only store that predicted the popularity of black and burnt straw hats. As we foresaw the styles of that season so again our milliner pinned his faith to felt hats, this fall's style.

—IF YOU REFLECT FOR A MOMENT on the great popularity of Long Coats and Ulsters in mannish effects, of Tailored Suits and Raincoats, you must admit that these garments called for felt hats. It is so in Paris today—Miss Parisienne motors, drives and attends the flying machine exhibition gowned in a tailored suit, with a mannish ulster, and always A FELT HAT.

—We'll admit that for the first few weeks felt hats looked a little dubious. It was then that this great French importer, with an immense stock on hand, weakened and began to unload. Our buyer, his confidence never shaken, made an offer for FIFTEEN HUNDRED HATS, which he secured at a price enabling us to sell them at \$2.95 each.

—You'll find every desirable shape in this assortment in black and tailored suit colors.

—There are many qualities in felts, but we assure you that the qualities used in the manufacture of these hats is the very finest grade of pure fur felt. They are finished with the scratch nap or with the short nap finish. They are modeled in small and medium and large shapes, in medium and broad brimmed, and small and wide brimmed hats. Some with narrow flat crowns, others in the extreme high-crown turban effects.

—If you miss this sale you miss a great opportunity of buying the finest quality felt hat at a very small price.
