Are Your Present Quarters) **Congenial**

If you're not satisfied with the room you occupy, it's pretty hard to feel satisfied about anything else. A man's living accommodations must be right, or he'll be inclined to wear a continual "grouch."

Under the heading of "Furnished Rooms" the Journal furnishes a directory to vacancies in the city's most refined and reasonable private living quarters. If you do not find just what you are looking for, let your "want" be known through the Journal's classified columns.
