

ROYAL FAMILY IS FORMALLY TOLD TO QUIT COUNTRY

Reported That King Manuel Attempted to Kill Himself—Royalists May Be Executed—Many Monks Fall.

(United Press Leased Wire.)
Lisbon, Oct. 3.—The republic of Portugal today formally proclaimed an order of banishment against King Manuel, Queen Mother Amelia, Dowager Queen Maria Pia and the Duke of Oporto. It was learned today that the Duke of Oporto was captured while fighting and that he was escorted to the seacoast and placed aboard the royal yacht Amelia. The order of banishment against him and the fallen king is most strict.

It was reported today that Dom Manuel had attempted to commit suicide at Gibraltar following the news of banishment, and that he was prevented from carrying out his purpose by his mother. This report could not be confirmed; nevertheless it created considerable excitement.

The newspaper Seculo asserts that Manuel became despondent at Madeira. Gibraltar reports no mention of any wound or attempt at suicide, and it is believed that all reports of injury to the young king are erroneous.

President Braga insisted today that reports from the provinces were encouraging to the republicans.

"The people are still very excited," said he, "and until normal conditions are restored we will take every precaution against endangering our new-found liberties."

Royalists May Be Executed.

It is reported that leading royalists and clericals who were most active in opposing the republic will be executed. This rumor cannot be confirmed, but those who are in close touch with affairs say it is most unlikely, judging from the moderation that so far has marked the action of the revolutionary leaders. It is feared in some quarters that the new government may go too far in punishing its enemies.

It is certain, however, that undesirable Catholics will be expelled and that monasteries and convents will be closed and their contents seized. All monastic and conventual lands and valuables will be sequestered by the republic. In this way lands will be practically condemned by the government and purchased for a nominal sum.

Many priests, accused of sedition, are under arrest and await trial.

It was officially announced today that officers of the army and navy who had assisted in establishing the republic would be promoted. This will apply also to enlisted men who distinguished themselves in action.

Details of the capture of Quelpos monastery are reaching here today. The monastery was besieged for two hours with field artillery, the monks fighting desperately with small firearms and sustaining heavy losses under the withering fire of the guards.

Monks Fall in Fight.

It is reported that the monks began the fighting by firing on revolutionists who were marching to meet a small body of royalists. The republican forces turned aside and a rifle fight ensued in which the churchmen were victorious. The republicans fell back until their cavalry and artillery arrived, when a bombardment began. The unequal fight was continued for some time. The monks surrendered.

Following the capitulation, the republican gunners bombarded the buildings, which caught fire in many places and were practically destroyed.

Reports say that 12 monks were killed and 50 seriously wounded. The republican losses were slight.

The surviving monks were allowed to

leave and take their dead and injured with them. Later advices state that several hundred monks took part in the conflict. Two regiments of republicans were engaged.

Serious fighting accompanied the expulsion of monks from other monasteries and it is reported that there was heavy loss of life.

MARION COUNTY POOR FARM IS CONDEMNED

(Salem Bureau of The Journal.)
Salem, Or., Oct. 3.—After a visit to both state and county institutions yesterday, the Marion county grand jury submitted a report condemning in no uncertain terms the county poor farm. It was found that the nourishment and clothing is insufficient, that buildings are inadequate and unsanitary, and it was recommended that the buildings be torn down and replaced, and if the present site is not suitable that a new site be procured at once. The buildings were condemned both inside and out, the plumbing and sewerage connections were branded as unfit for use. It was recommended that the present septic tank be abandoned, that sewage be taken to the river through pipes. The grand jury concluded its report by setting forth that the per capita allowance of 45 cents be increased so that the inmates may be provided with more substantial and a greater quantity of food and clothing.

Mr. Moulton started from Roseburg and made the run to Drain, 40 miles, in three hours. From Drain to Elkton over the old stage road it took an hour and a quarter, and from Elkton to Scottsburg it

(Special Dispatch to The Journal.)
Roseburg, Or., Oct. 3.—After being horribly injured by being caught between the couplings of two box cars, at Sutherlin, Thursday night, Harry Jewett, a Southern Pacific brakeman, died in Mercy hospital here yesterday afternoon.

The train upon which he was working broke in two, and he stepped between the cars to adjust the couplings. As he shut off the air cock the brakes were released and the cars came together, jamming him between the projecting steel knuckles and he was literally dismembered. One of his hip bones was also crushed. He was 25 years of age and married. His parents live at Harrisburg, Linn county.

FOR OVER THREE DECADES

Foley's Honey and Tar has been a reliable household medicine and the "children's children" find it today the same safe and sure remedy for coughs and colds that their grandfathers did. *Malaria Stockwell, Hannibal, Missouri, writing under date of August 28, 1910, has this to say about this great medicine: "I have recently used for the first time Foley's Honey and Tar Cough medicine. To say that I am pleased with it does not half express my feeling. It is by far the best I ever used. I had contracted a bad cold and was nearly sick in bed, having a terrible headache as well as a cough and was threatened with pneumonia. I used but one bottle of your Foley's Honey and Tar and was completely cured. It beats all the remedies I ever used and I have used many different kinds." The United States Government specifically classifies Pabst Extract as an article of medicine—not an alcoholic beverage.

LEGAL TANGLE TO BE STRAIGHTENED

Foreclosure Suits for Sums Aggregating \$180,000 Started at Coos Bay.

(Special Dispatch to The Journal.)
Marshfield, Or., Oct. 3.—Foreclosure suits for sums aggregating \$180,000 and involving a large amount of valuable property have been started by F. B. Waite against L. D. Kinney. The latter is the chief defendant in the cases, but there are many other persons made defendants also, this being necessary because of the handling of the property by Kinney. Some of the property was sold under contract and against some of the property there are judgments and other claims. All persons so affected are made defendants. There are four separate cases, and in each the defendants number as high as 100 or more. The property affected, and against which the foreclosures stand, includes the additions known as Plat E and Plat F and most of Boulevard Park addition, a large part of Plat B and Plat C and some unplatted property besides. Waite sold his interest in the property to Kinney some time ago and took mortgages as security. Now the mortgages are being foreclosed. The property was handled by Kinney, and as much of it was transferred and some sold under contract on time it is in quite a legal tangle. The property is located in North Bend and between North Bend and Marshfield, and is some of the finest residence property on the bay. The foreclosures are started in the hopes of straightening out the real estate and untangling the complications.

University of Oregon, Eugene, Or., Oct. 3.—In the senior class elections, which were held last night, Verney Gilles of Woodburn was elected president. Gilles is a member of the Acadia fraternity and registers in the department of civil engineering. He is a variety football man of two seasons' experience, and a member of the track team. Miss Peggy McNair, of Tillamook, was elected vice-president, with George Otten of Portland, treasurer. The election of the executive committee members from the senior class resulted in the selection of W. E. Mott, Salem; Tom Burke, Baker City; Melvin Ogden, Portland, and Willetta Wright, Portland.

At a meeting of the junior class David McDaniels of Portland was elected president. The presidencies of the junior and senior classes are among the highest honors the undergraduates may give to their fellows, and no one who has not been a success, both in and out of the class room, can aspire to these offices.
