Fear of Death.

VOMAN PAYS FOR

RFACHERY

Miss Leonidova appeared at Moscow some six or seven years ago, and began to associate with the writers, artists and students of the ancient Russian capital. No one knew whence she came or to whom she belonged, but she just took her place in that gay and rather Bohemian circle, and was popular among her comrades by reason of her joyous nature and intelligence.

As a matter of fact, Miss Leonidova was the daughter of a high state official in a remote Russian province, and having lost both her parents at an early age, she was left alone in the world with a fortune entirely inadequate to satisfy her luxurious tastes. In Moscow she led a gay life, and soon became involved in financial difficulties, having

contracted debts which she was unable to pay. But her friends helped her out now and then and she muddled through her various difficulties, today in love with one young student and tomorrow with some talented young artist.

## Denounces Her Rival.

In one of these youthful love affairs she found that she was competing for the affections of a handsome young fellow with a girl who was known to belong to the Revolutionary party. The other girl, Alexa Spiridoff by name, emerged from this contest as victor, and drew to herself the bitter hostility of jealous Leonidova. The latter, in state functionaries. All the time she blind desire for revenge, went to palace and denounced Alexa Spiri-ide inciting her revolutionary comrades the jealous Leonidova. The latter, in her palace and denounced Alexa Spiridoff to them as a dangerous revolutionist.

Miss Spiridoff was exiled to Siberia and the police eagerly selzed upon the opportunity of utilizing Miss Leonidova as a spy for their own purposes. No suspicion had fallen upon her, as the

rocklessness that permits children to handle these powerful machines. It is not until adequate punishment is meas-ured out to careless automobile drivers that their disregard for public rights will be checked.

At the same time it is worth while to remember that not all the many accidents by any means occur when young drivers are in charge. Therevis the An-derson case, for example, reported re-cently, where a business man of mature years turned to look back while driv-ing his michine and at that moment

ran down and killed a child.

## Varicose Veins

Validuate V Chils There is no necessity for surgical operations in the treatment of Varicose Veins. This all-ment yields completely to my mild and pain-less method, and results are far better than were ever attained by the harsh and dangerous practice of cutting. But one week is required, and seldom is it even necessary to detain the patient from his busi-ness.

Obstructions

In the treatment of obstructions I have again triumphed over surgery. I employ an original method by which the obstructing tissue is commetely dissolved, and all in-flammation and irrita-tion throughout the sys-tem expelled. No pain, no cutting, no dilating, and a sure cure in every instance.
