The investigation, however, is not being confined to the Nathan case, but inquiry is being made into the alleged importation of girls to Washington, Idaho and Oregon for low resorts.

Perhaps the most pathetic feature of the inquiry is the presence of the aged mother of the Morrison girl. She was rought from Victoria to testify before the federal investigating body. sistant District Attorney Walter Evans, who has followed the case and others of the kind from the start, is conduct ing the investigation, >

Dress Goods, small and medium

Where are those times when you "could have bought" a homesite within the two-mile circle in Portland for a few hundred dollars? Where are last year's roses?

Just a few short years hence and, according to the best authorities-according to your own authority, if you take heed of what is going on here-the cheapest lot in

# aurelhurst

Will be worth at least \$100 a front foot.

At that time, unless you take advantage of your opportunity now, what will it profit you to say "I could have bought a lot in Laurelhurst in 1910 for one thousand dollars?"

You can do that today, upon the most moderate terms. Why don't you act?

You cannot turn back the wheels of progress and buy Portland real estate at the values of five years ago. Get your money down today, for the wheel of value is not stationary in Portland, but is revolving faster with every passing day. The reasons for this are all about you. Don't you bump into more and more people every time you walk upon the streets? Don't you daily read of increasing bank clearings, increased building permits, added industries, expanding business? What does it all signify? Everything in Oregon and everything in Portland are working ceaselessly to increase the value of Laurelhurst lots.

Logic: Own a lot in Laurelhurst and have all the forces of progress in the Pacific Northwest working day and night for YOU. Go, see Laurelhurst. Go tomorrow.

# Transportation

Rose City and Montavilla cars go direct to Laurethurst and cross it; Mount Tabor and Sunnyside cars to 39th st., within four blocks. And we have an tuto at your service, gratis, every hour of every day. P. S. Phone us, and we'll send you our Portland map.
