

COMPLETE SURVEY
PROPOSED LOCKS
AT OREGON CITY

U. S. Engineers Finish Field
Work at Willamette Falls
and Estimates Will Now Be
Made.

Field work of the survey of the Willamette falls for the proposed locks at Oregon City was completed yesterday and maps and estimates will now be made which will be the basis of a report to congress as to whether it will be cheaper to construct new locks or to buy the old ones which are now in operation there.

The survey party in local charge of T. G. Baasinger has been out for several weeks and has made a survey covering 4 1/2 miles from the foot of Clackamas rapids to the mouth of the Tualatin river. Work on the maps and reports will now be rushed, but it is not expected that they can be completed in less than two months, at which time the probable cost of the proposed locks will be known.

The state has agreed to furnish \$300,000 toward the building of new locks at Oregon City upon condition that the government would contribute at least the same amount. This was appropriated at the last session of congress and the work of making a survey to determine the cost of new locks was gotten under way. The owners of the present locks have offered to sell them for \$1,200,000, but the engineers who examined the other side of the river were of the opinion that it offered a better location for locks and that they could be constructed at a smaller cost than buying the old ones would entail.

SUPPLIES SHORT IN ALASKA

Lumber Man Reports Business Good
in Interior of Frozen North.

A big shortage of supplies all through Alaska next year is predicted by E. W. Dodge, local manager of the E. J. Dodge Lumber company, who returned recently from a two and a half months' trip into the interior of the northern territory. He said that business conditions have been good there during the

New Tuberculosis Remedy
Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Eckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness, and in permanently curing a large number of Consumptives.

Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient?—Eckman's Alternative has cured and is curing many a case of Consumption. Let those speak who know. Here is a specimen—99 Savannah St., Rochester, N. Y. Gentlemen: On June 3, 1907, I was operated upon for Tubercular Peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation, my physician gave me up as hopeless. I was then urged by a priest to use Eckman's Alternative, which I did. My weight at the time 135 lbs. I began to improve and steadily gained in health and strength. I now weigh 135 lbs., and am absolutely cured. Believing I owe it to myself and others, I make this statement.

(Signed) ARVIDAVID; EDNA FINZER. Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by Owl Drug Co., and other leading druggists. A booklet of cured cases and write to the Eckman's Laboratory, Philadelphia, Pa., for additional evidence.

Greatest Nerve and Blood Tonic

No. 2 M. I. S. T. No. 2

What We Guarantee M. I. S. T. No. 2 Will Cure

RHEUMATISM, no matter how long standing. Any case of inflammation of the Bladder or Enlarged Prostate Gland, no matter if the patient has been for years forced to use a catheter. BLOOD POISON IN ANY STAGE. ANY CASE OF DIABETES. It is no estimate. Its effects are permanent and lasting. Will cure any case of Stricture without local treatment. Will remove entirely from the system Catarrh and Cancerous Glands. In addition to the above, M. I. S. T. No. 2 has cured many cases of Paralysis, Locomotor

Ataxia, Spinal Trouble and apparently incurable diseases of the nerves. M. I. S. T. has been on the market for over 20 years, and has cured thousands of sufferers. It is prescribed by leading physicians all over the country. It is pleasant to take and absolutely safe. It never increases or diminishes the action of the heart. If you are suffering from any chronic disease you are urged to write to us, no matter how many doctors or kinds of medicines you have tried without relief. We GUARANTEE TO CURE YOU.

That you may judge of the value of the Great Specific for your self, we will send you one sealed ampoule of M. I. S. T. only asking that when cured yourself you recommend it to others. Write confidentially to our medical department, giving symptoms. \$1 per box, or six boxes for \$5.

LAUNCH BUILT FOR UNITED STATES ENGINEERS

Power boat Salem.

In the accompanying cut is shown the new launch Salem, built recently by O. P. Graham for the United States engineers, for use on the upper Willamette. She was launched from the ways at the foot of Mill street on the afternoon of October 19, and after re-

lating some supplies and extra fittings at the government moorings, she was sent up to Salem. The launch is 35 feet long, 9 feet beam and has a depth of 18 inches, her motive power being furnished by a 24-horsepower gasoline engine. She was especially designed for work on the upper river, where she would be likely to encounter many shoals, and she will be able to run where there is very little water. The Salem will be used as a handy boat for the engineers to make their inspection trips in and as a tender for the dredgers on the upper river.

Francisco. She will leave down for St. Helens tonight to load lumber for the Bay City.

With the lumber laden schooner King Cyrus in tow, the Port of Portland tug Walrus left down this morning for St. Helens for the sea. The King Cyrus had 900,000 feet aboard for San Pedro.

It is expected that the German ship Omega, which reached Astoria yesterday 25 days out of San Diego, will arrive up here about Wednesday. She is under charter to the Pacific Export Lumber company and will take out about 2,000,000 feet of fir for Hamburg, where it will be used in decking steamers. She will load first at the Portland mill and then will move to the North Pacific mill to finish.

Having cleared the Lewis river, from the mouth to the forks, dipper dredge No. 1 will move to Clatskanie tomorrow, where she will work for the remainder of the season.

When she arrives up tomorrow, the British steamer Campbell, which arrived at Astoria this morning from San Francisco, will probably go first to the Eastern & Western mill to be lined, after which she will shift to the Oceanic dock to load wheat. She is under charter to Balfour, Guthrie & Co.

With a full list of passengers and about 600 tons of freight, the steamer Breakwater, Captain Macgregor, will sail this afternoon for Coos Bay. The steamers Sue H. Elmore and Golden Gate will also sail tonight for Tillamook with passengers and freight.

It is expected that the Oriental liner Hercules will finish her lumber cargo at Tongue Point this afternoon and be ready to leave down for the sea tomorrow morning. In addition to 1,000,000 feet of lumber, she has a large cargo of flour for Asiatic ports.

To complete her lumber cargo for China, the Japanese tramp Tamao Maru No. 6 passed down through the bridges from the Inman-Poulson mills this morning to St. Johns, where she will take on 1,000,000 feet.

The Norwegian steamer Bjorn Bjornsten, which is under charter to Kerr, Gifford & Co. for a cargo of wheat to the United Kingdom, is expected to arrive here about the last of the month, as it is almost certain that she will load here.

When she sailed last night for the Golden Gate, the American-Hawaiian steamer Empress, Captain George, had among her cargo of general merchandise 1360 boxes of prunes for Havre, France, and 2325 cases of salmon for Hamburg.

With passengers and freight the

steamer Eureka, Captain Thomson, will sail tonight for Eureka.

With 4500 tons of freight from Philadelphia, the American steamer Astec, after a passage of 68 days, will come to the North Bank dock to discharge. The greater part of her cargo is consigned to the Pacific Hardware company.

Bids were opened yesterday afternoon at 2 o'clock in the office of the light-house inspector for this district for repairs to the tender Heather. Until two o'clock bids have been figured up it will not be known what firm has made the lowest bid, as the tenders of the Willamette Iron & Steel Works and of the Albina Engine & Machine Works ran very close together. There were five bids in all.

NOTE SPEEDY AND EFFECTIVE.

This indicates the action of Foley Kidney Pills as S. C. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains in the sides with annoying urinary irregularities and a sense of incompleteness in the act. The steady use of Foley Kidney Pills rid me entirely of all my troubles. They have my highest recommendation."

THIS PRESCRIPTION
KNOCKS RHEUMATISM

The only logical treatment for rheumatism is through the blood. A prescription, which has recently proved wonderfully effective in hospital work is the following: Any druggist has the ingredients or will quickly get them for you. Any one can mix them.

"One ounce compound syrup of Salicyllia, one ounce Tonic compound, half pint first class white wine (or sherry wine if it is preferred). These to be mixed by shaking well in a bottle, and used in tablespoon doses before each meal and at bedtime. This cured many people here last winter.

AILING MEN

When I have accepted your case for treatment you may look forward to a complete and permanent cure and with first treatment the curing will begin. This is pretty definite talk upon what is commonly regarded as an uncertain and speculative matter. But I am in a position to speak definitely and positively. With me the cure of men's ailments is not uncertain or speculative at all.

I have treated so many cases that I know what I can do and what I cannot do, and I never promise or attempt to cure, unless I accept no case in which I have doubts as to my ability to cure, and results are always equal to the claims I make. Following are some of the ailments I cure, and reasons why my cures are certain.

CONTRACTED AILMENTS

In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted ailments tend to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands treatment at the earliest possible moment. My treatment is thorough. The remedies employed have a more positive action than has ever before been attained, and so perfect, is my method of application that even chronic cases yield completely.

I also cure to stay cured Obstructions, Varicose Veins, Specific Blood Poison and the ailments of men.

YOU CAN PAY WHEN CURED
CONSULTATION FREE

I state nothing in my announcements but straight, square truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you like. My office, comprising 12 rooms, are the largest, most elegant and best equipped in the West.

MEDICAL AND SURGICAL OFFICE IS WHERE MEN GET CURED

Moderate charges, fair dealing, skillful service, and speedy cures have won for us the confidence and patronage of afflicted men.

Certainty of Cure

When we treat a patient there is no guess work about it. Neither is there any question as to what the result will be. For many years we have devoted all our efforts to a single task, with the determination that if possible we would place the treatment of men's ailments upon an absolutely scientific basis.

This we have accomplished. We have positively cured a large number of cases that were deemed absolutely incurable by any methods other than those we employ. We do not care who has treated you or how long or by what means he has treated you; the probability is that we can cure you, and we will be able to speak definitely in the matter when we know the details of your case.

AFFLICTED MEN, before treating elsewhere, honestly investigate our proven methods. You will then understand how easily we cure VARICOSE VEINS, OBSTRUCTIONS, SPECIFIC BLOOD POISON, NERVO-VITAL DEBILITY, PROSTATIC, BLADDER and KIDNEY troubles, and all contracted ailments.

If you are sitting, come directly to our office, and we will give you private counsel and a careful personal examination free of charge. Then, if you decide to take treatment, terms and payments will be arranged to your own satisfaction. No charge for medicine. Hours, daily, 9 to 5; evenings, 7 to 8; Sundays, 10 to 1 only.
